OUR WORK

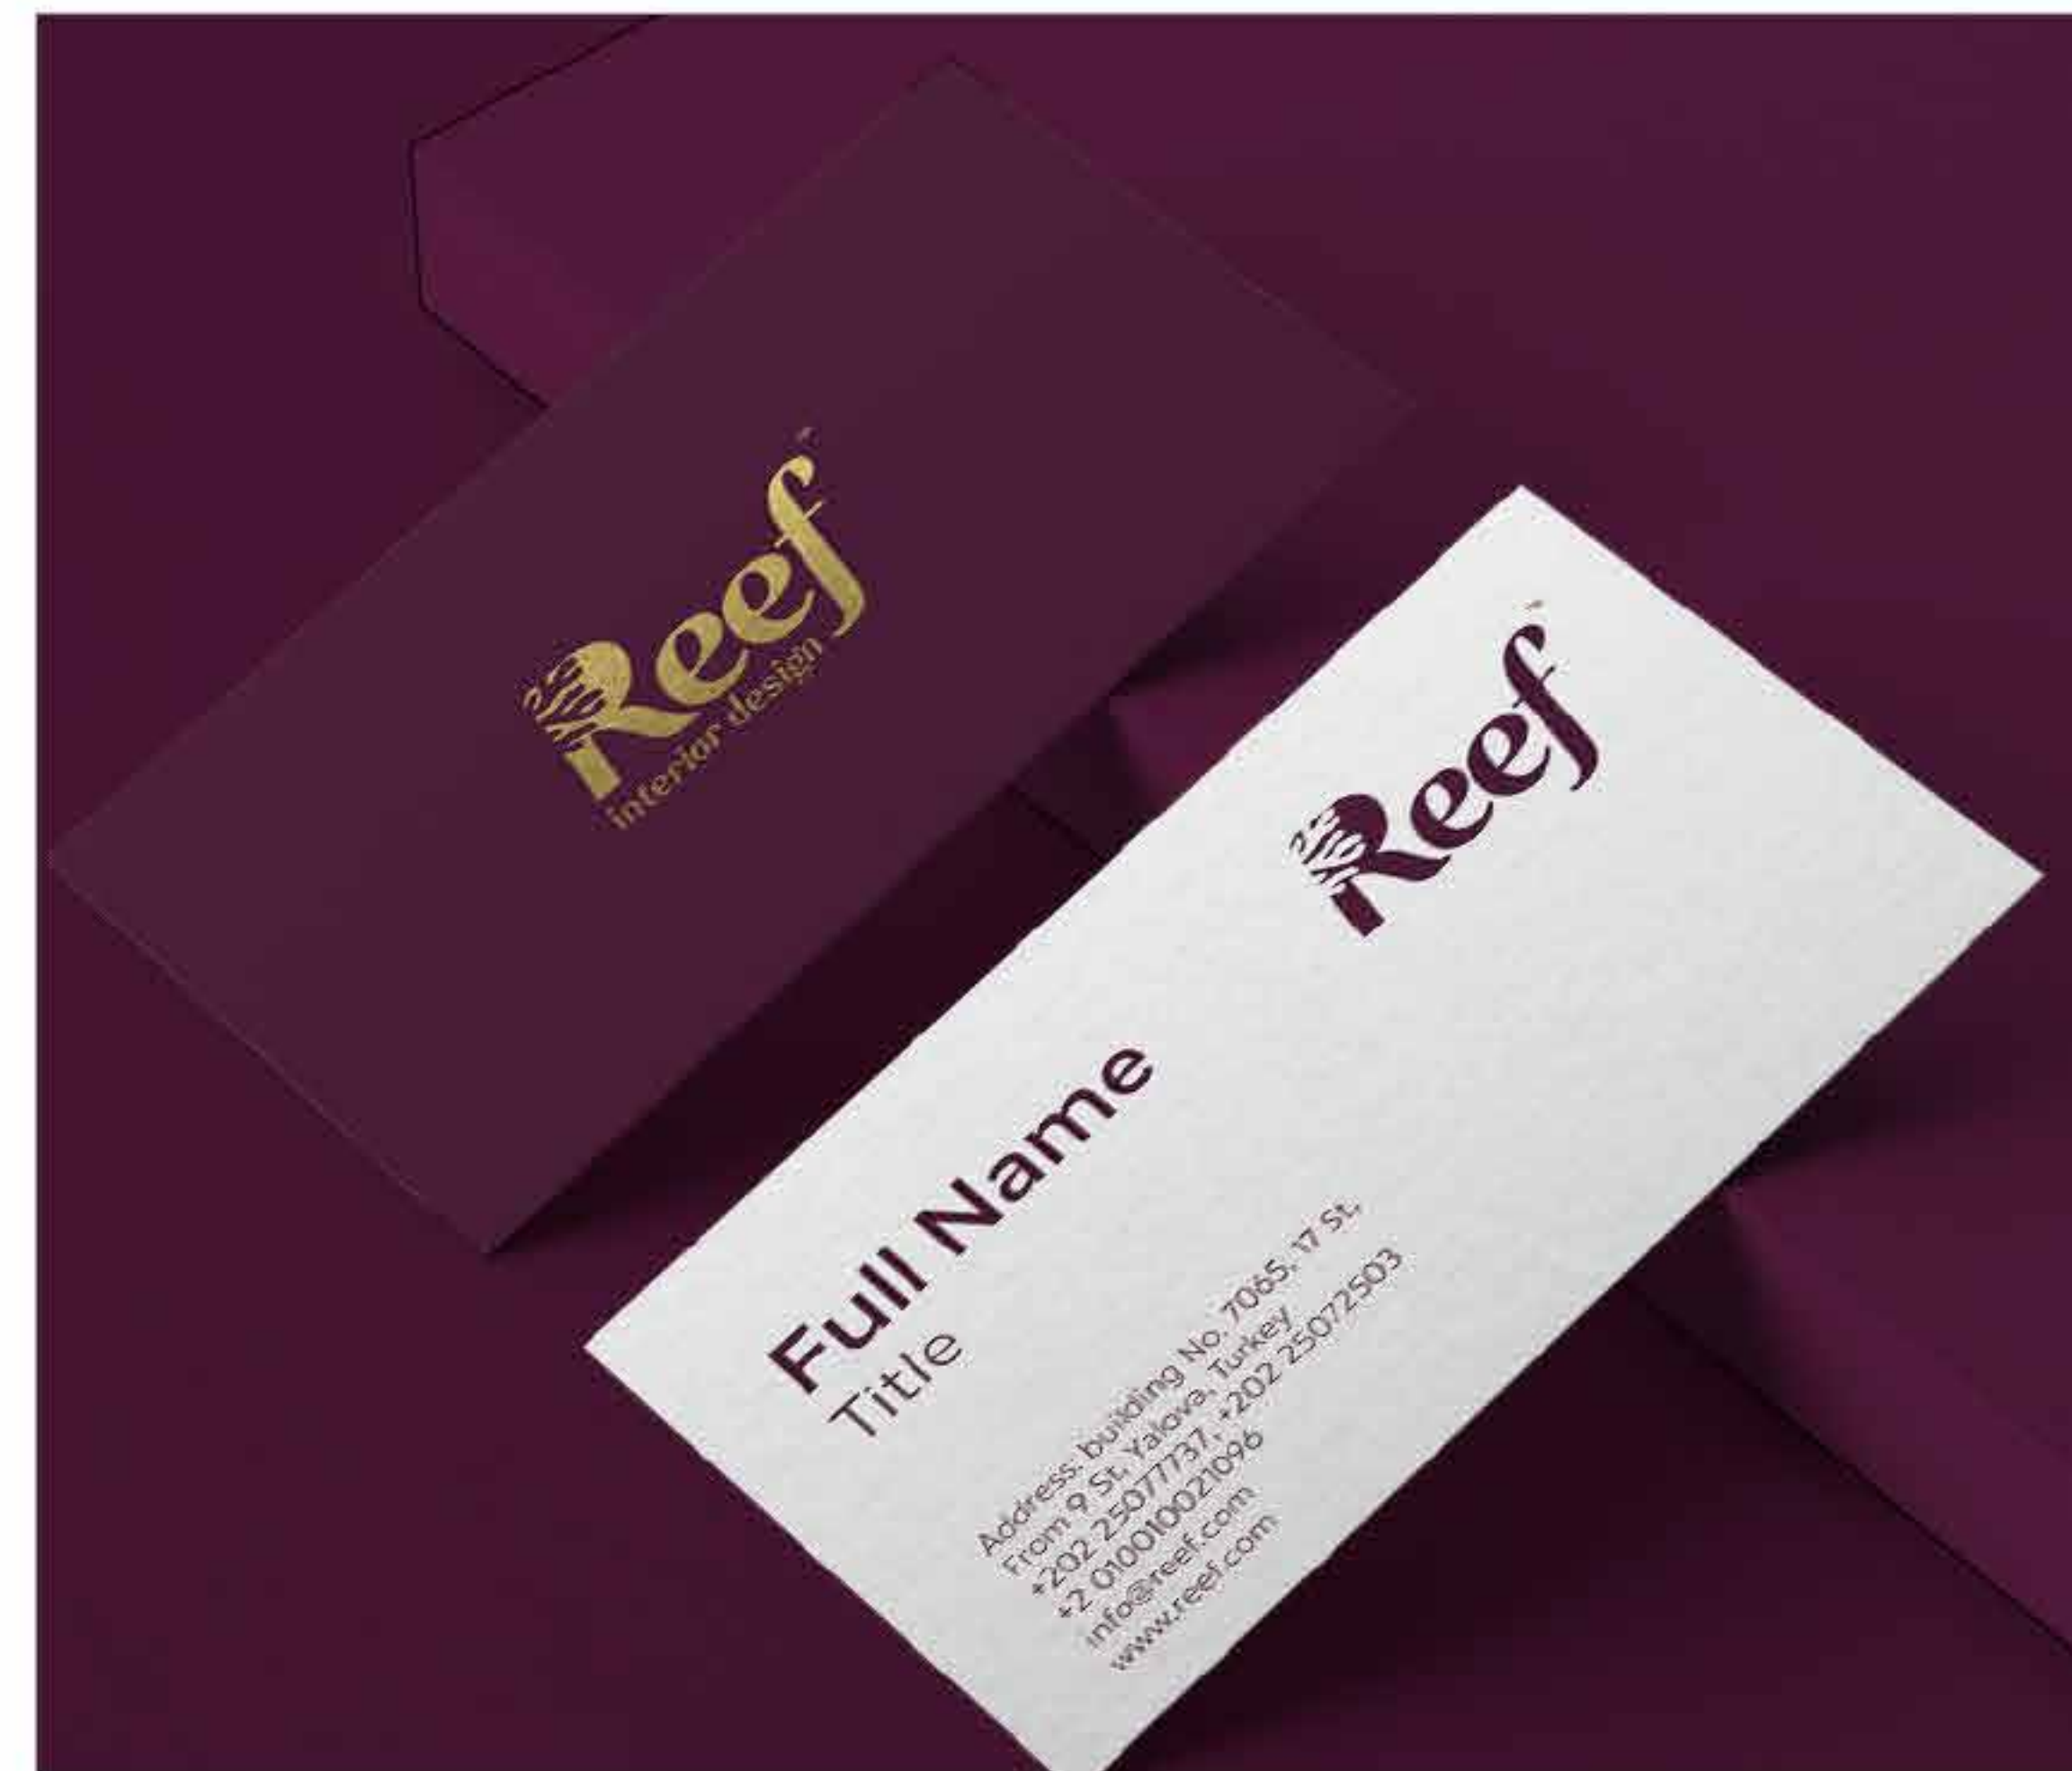

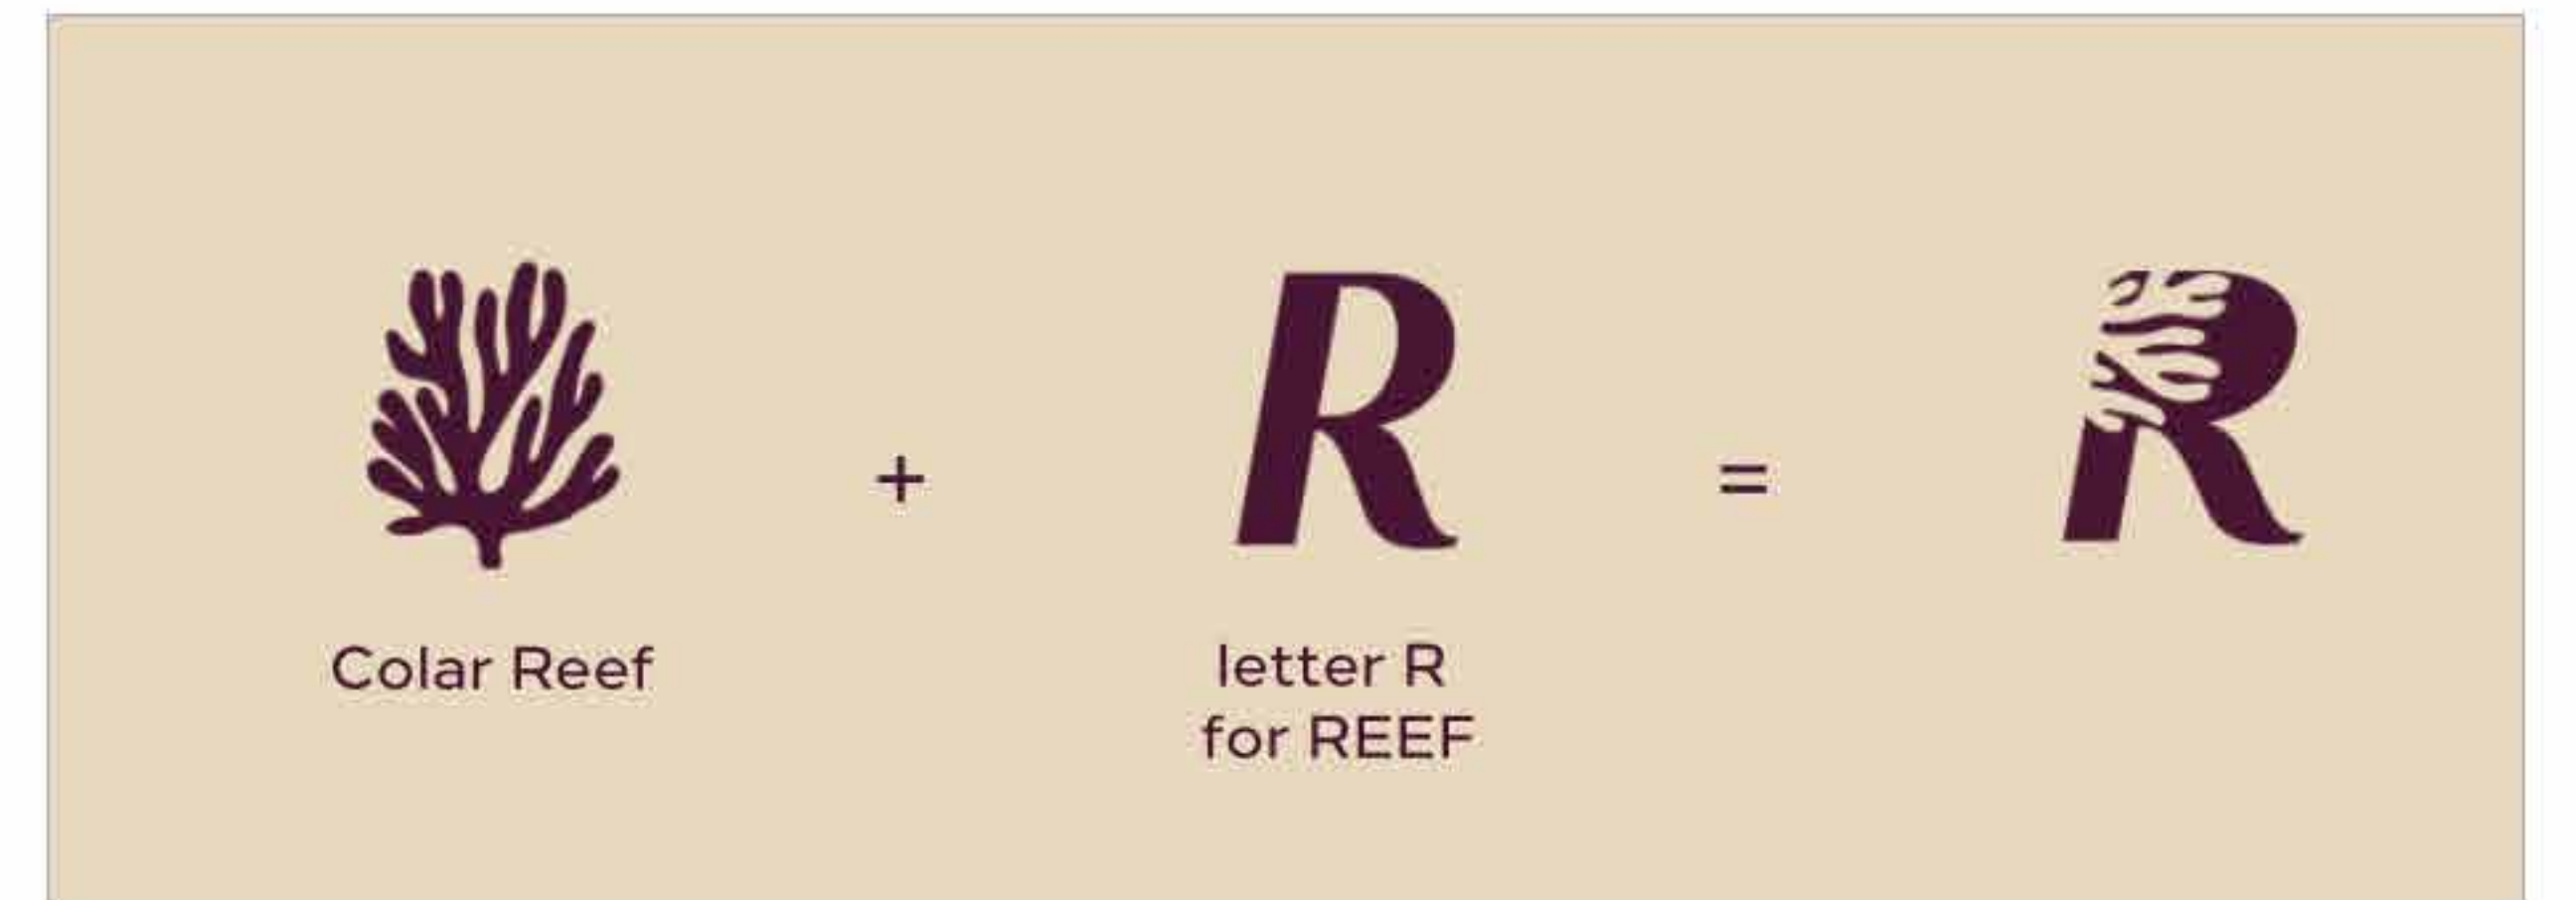

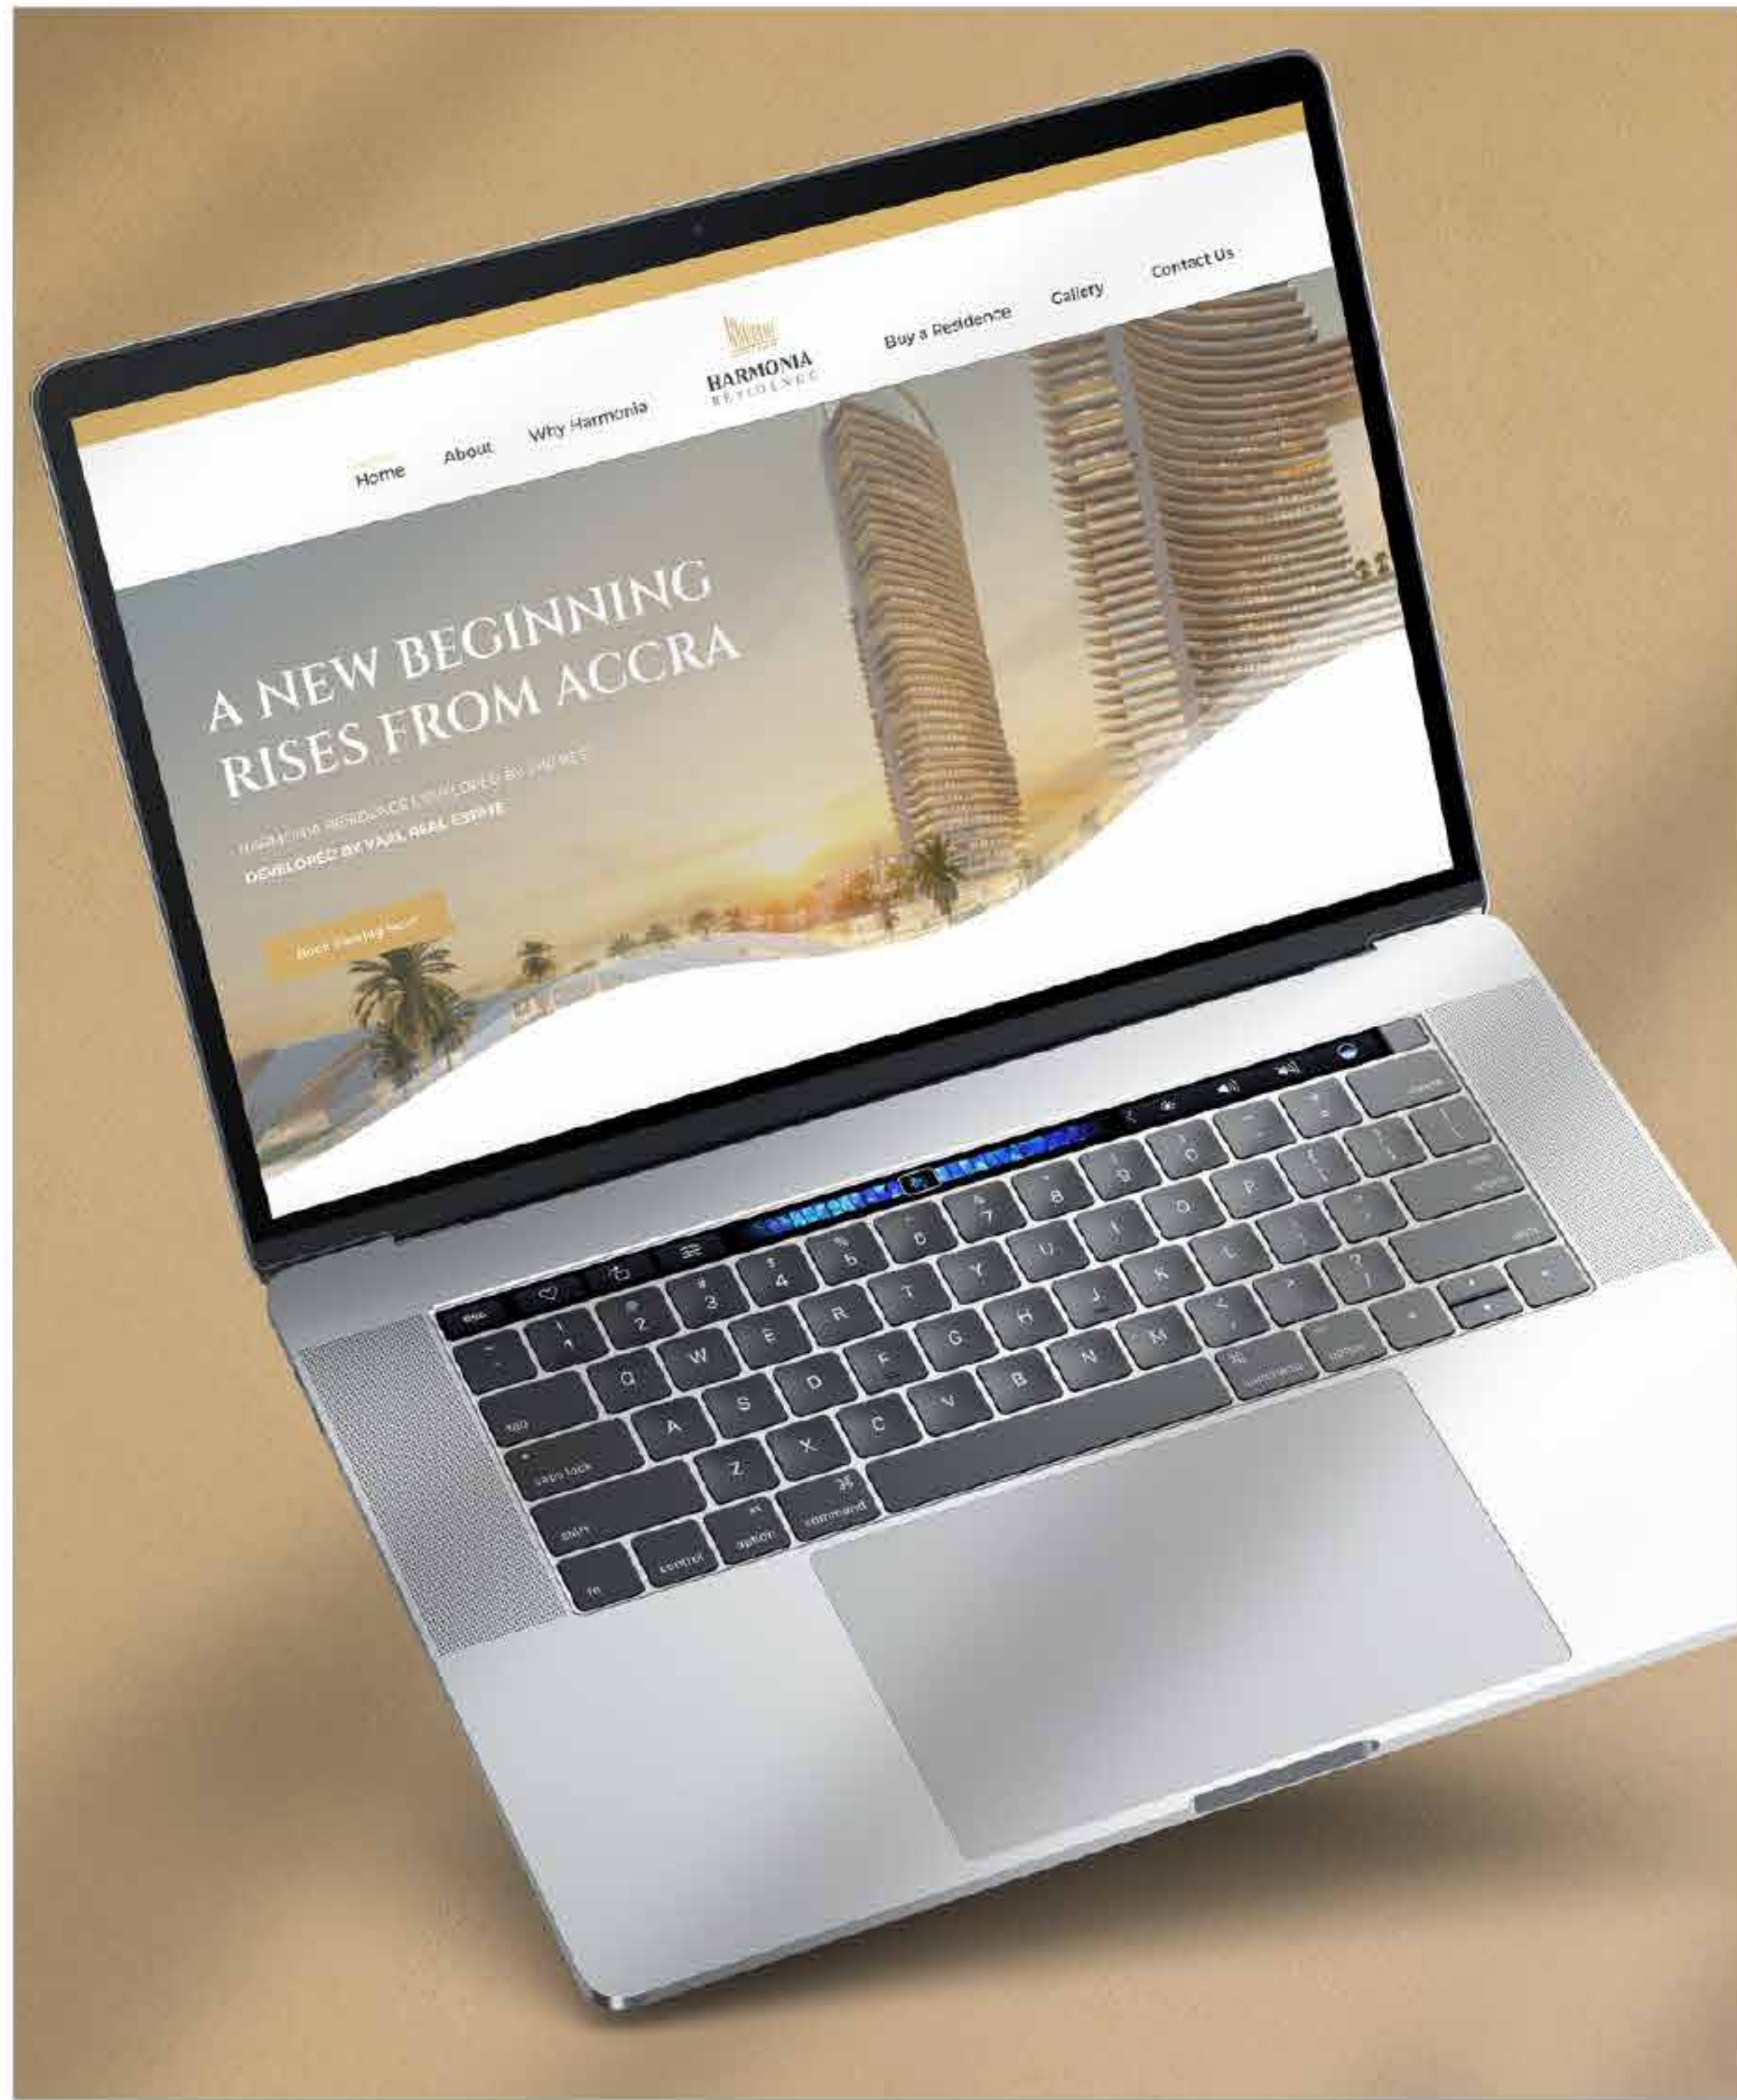

BRANDING

We don't design logos. We help you tell the world your brand's story through branding. Standing out in today's cluttered market is only achieved through consistent and professional branding that helps your brand cut through the noise

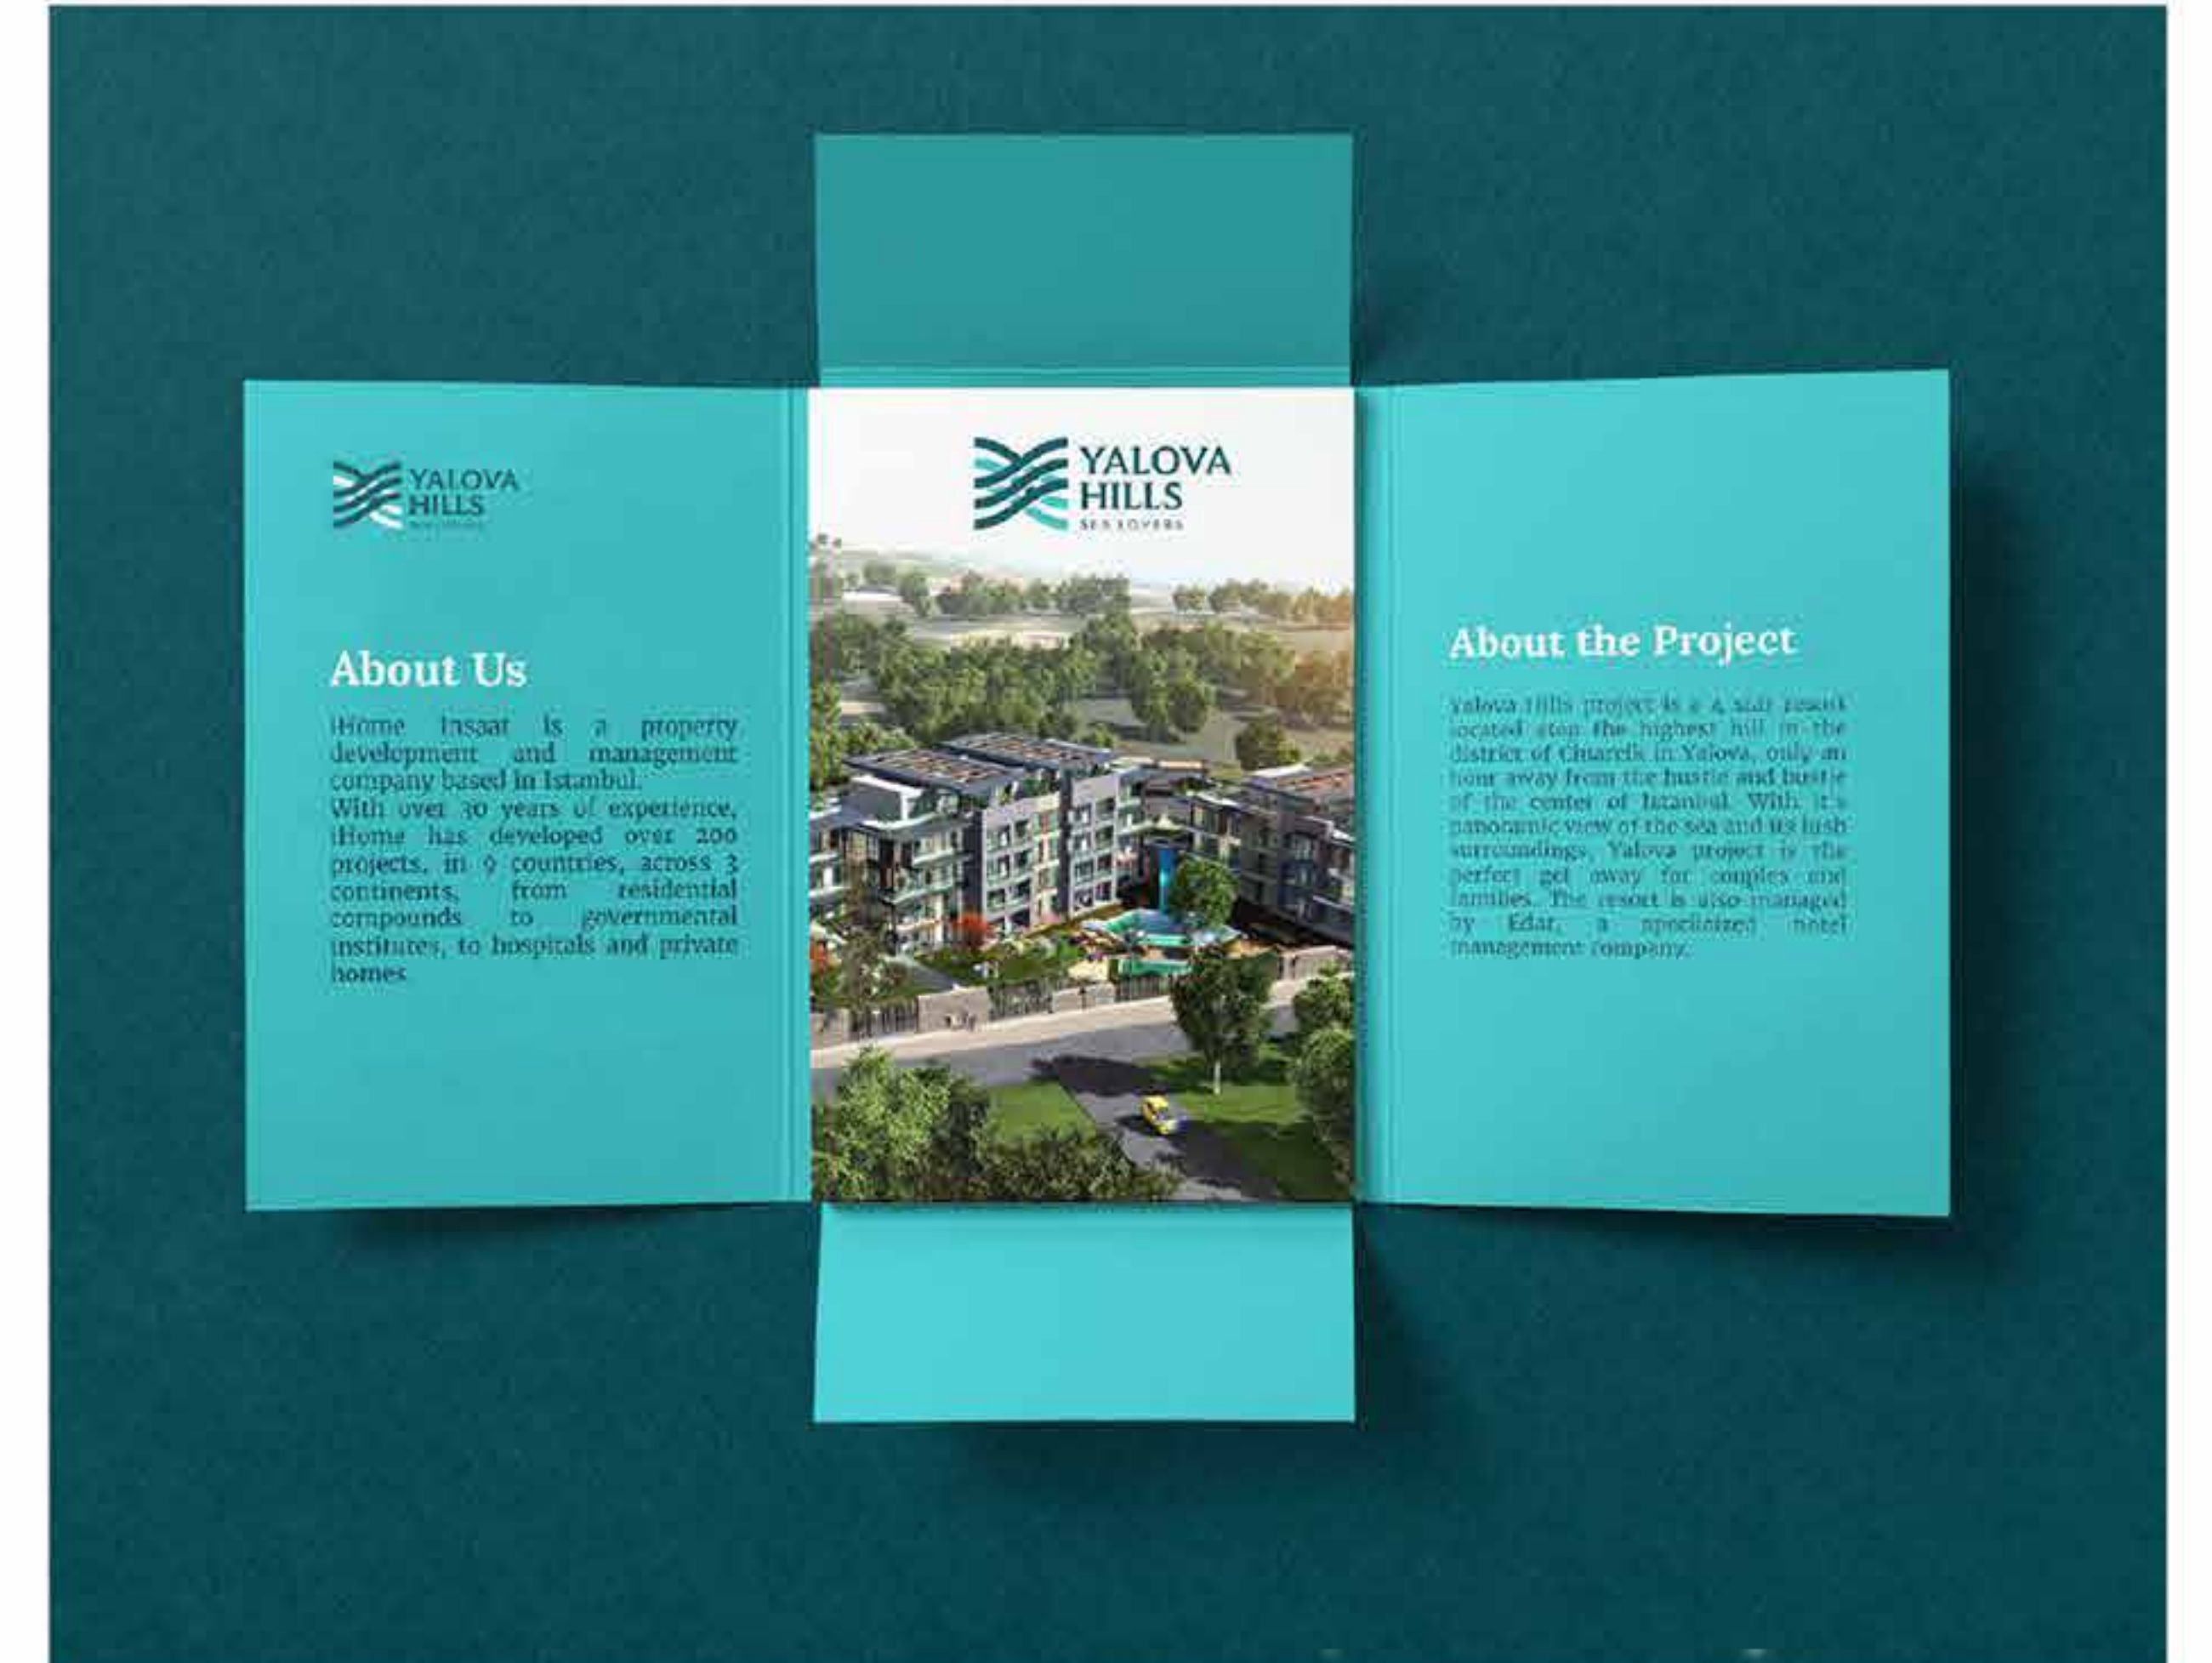

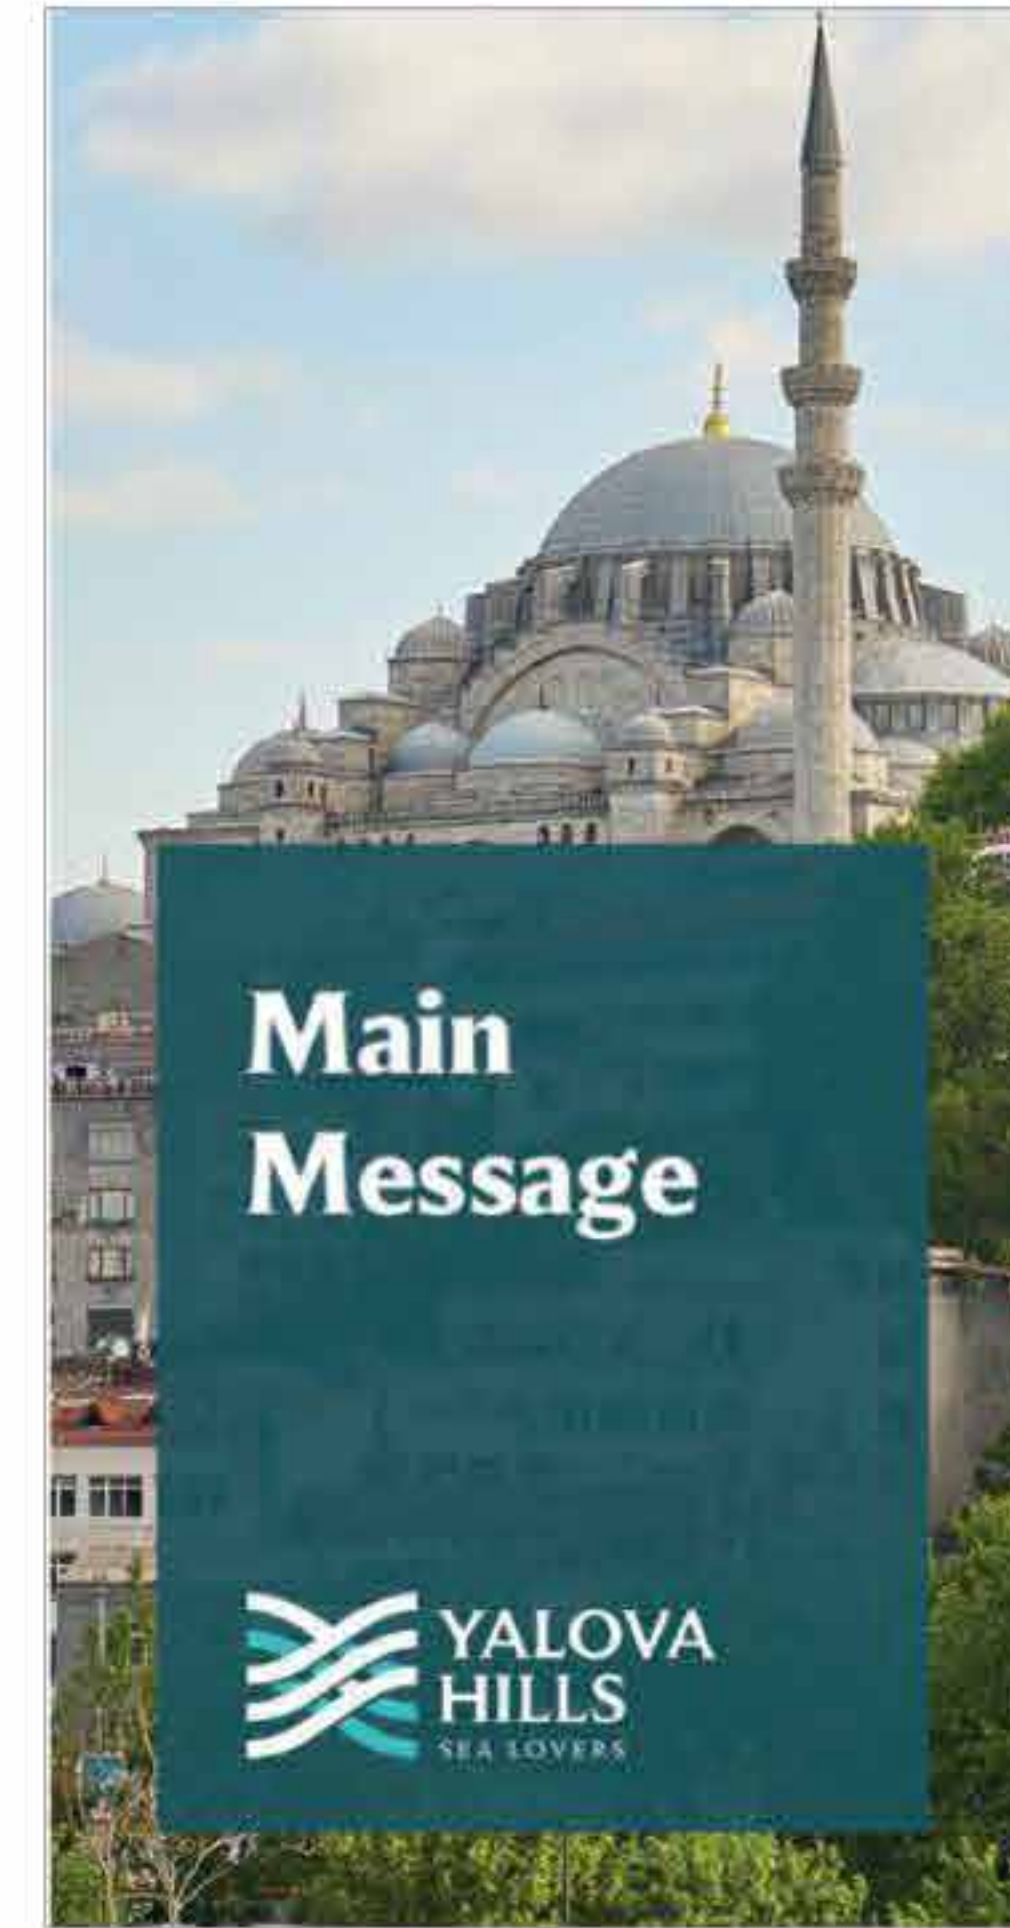

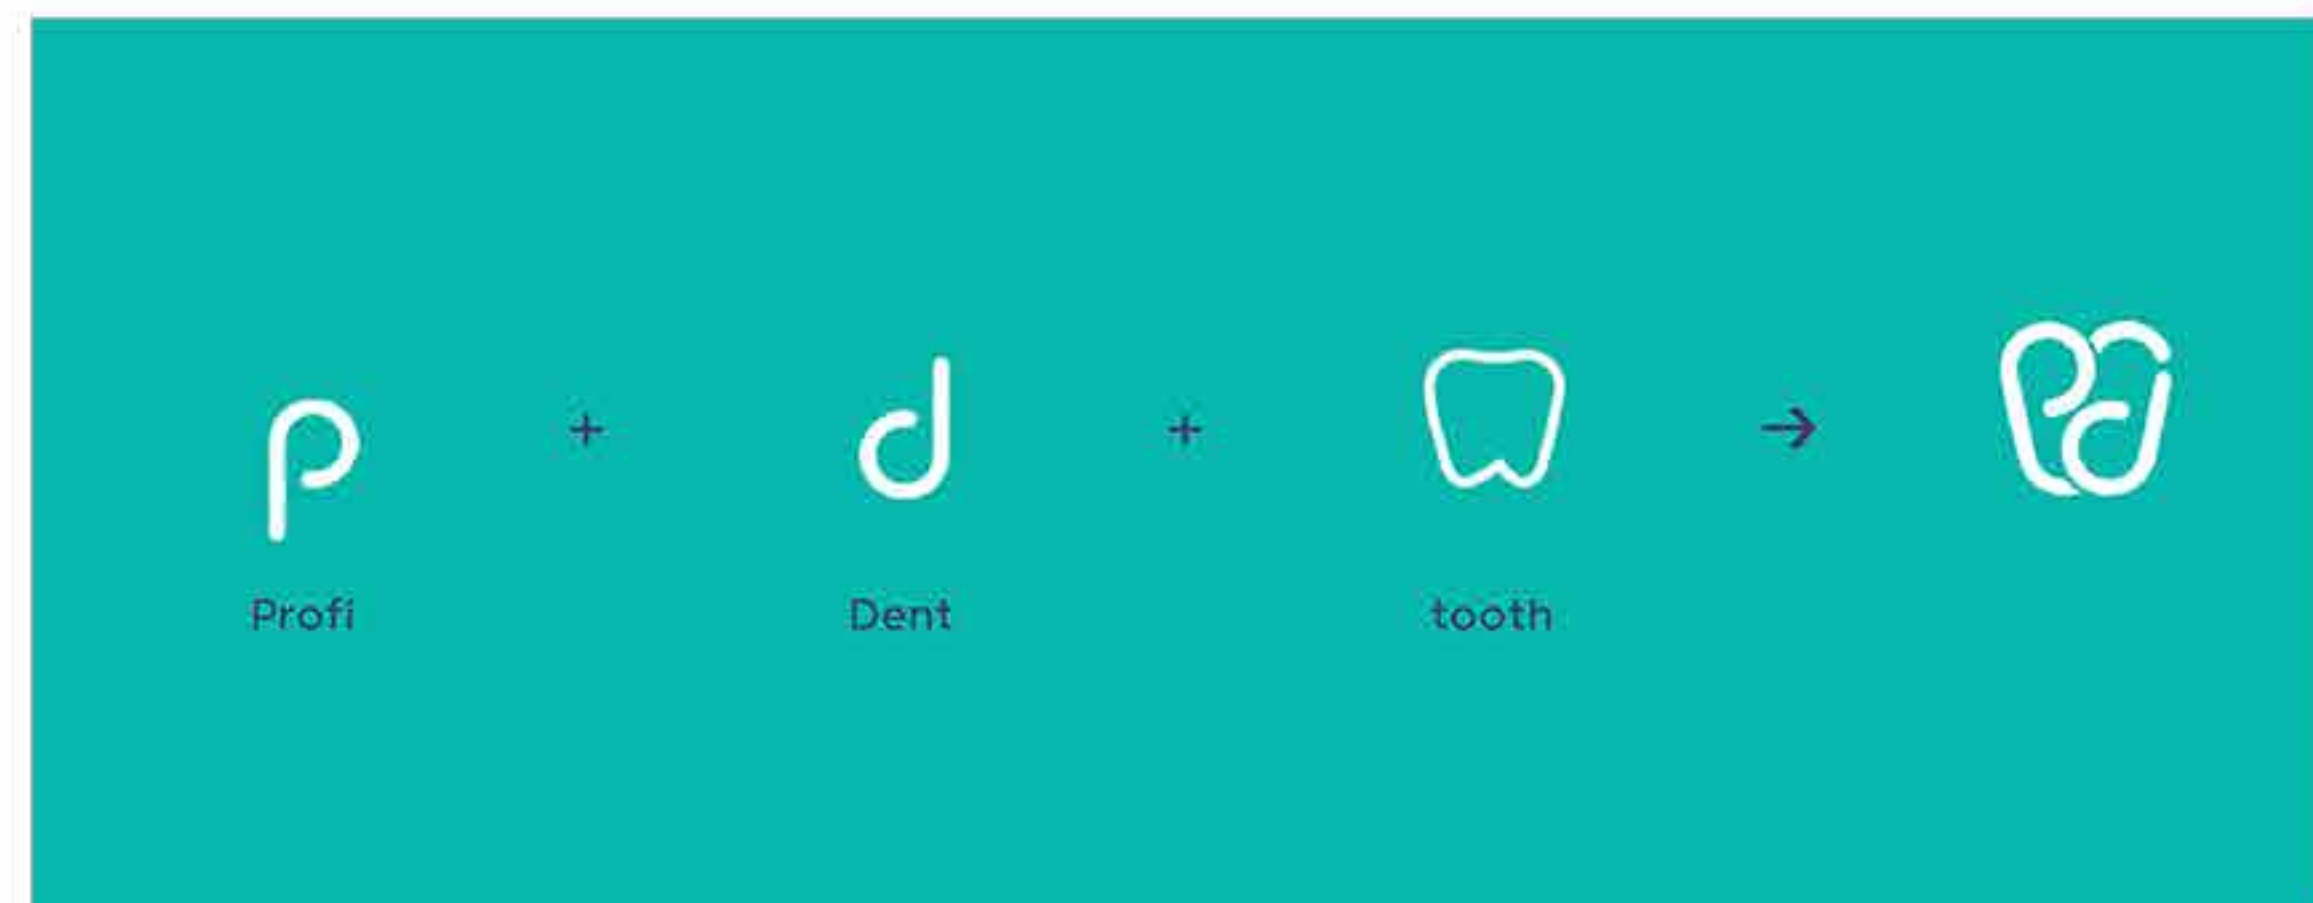

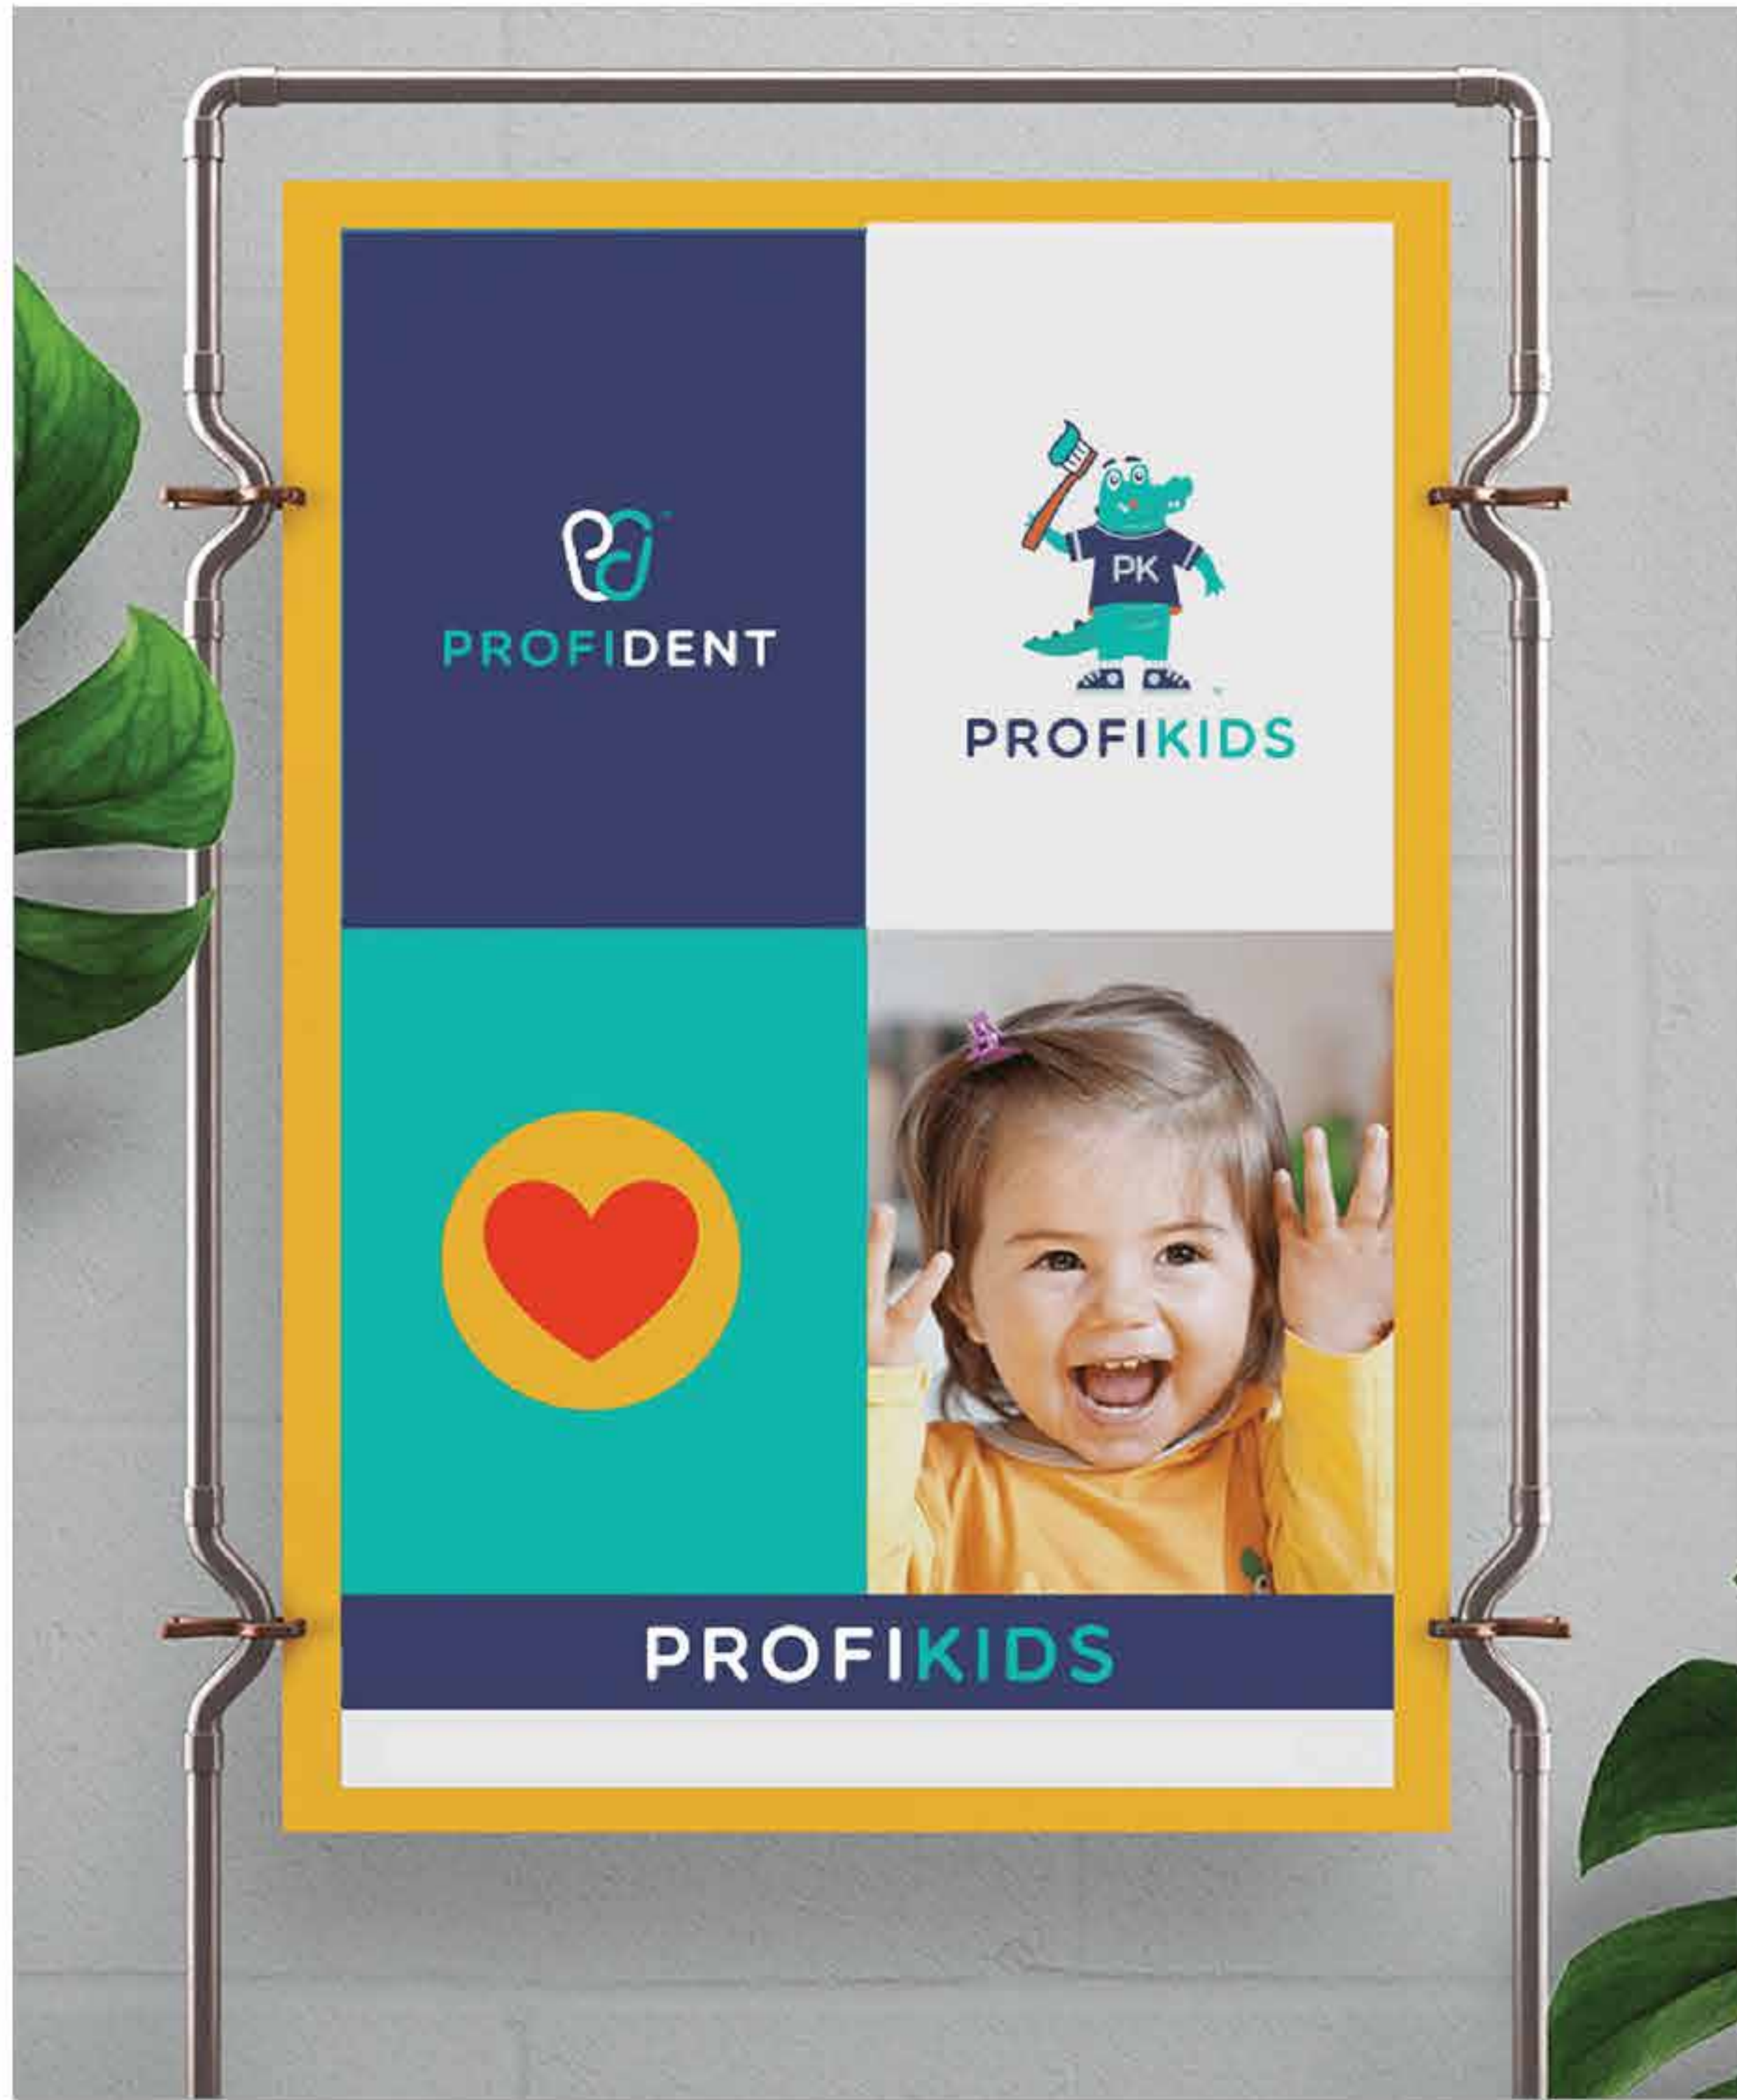

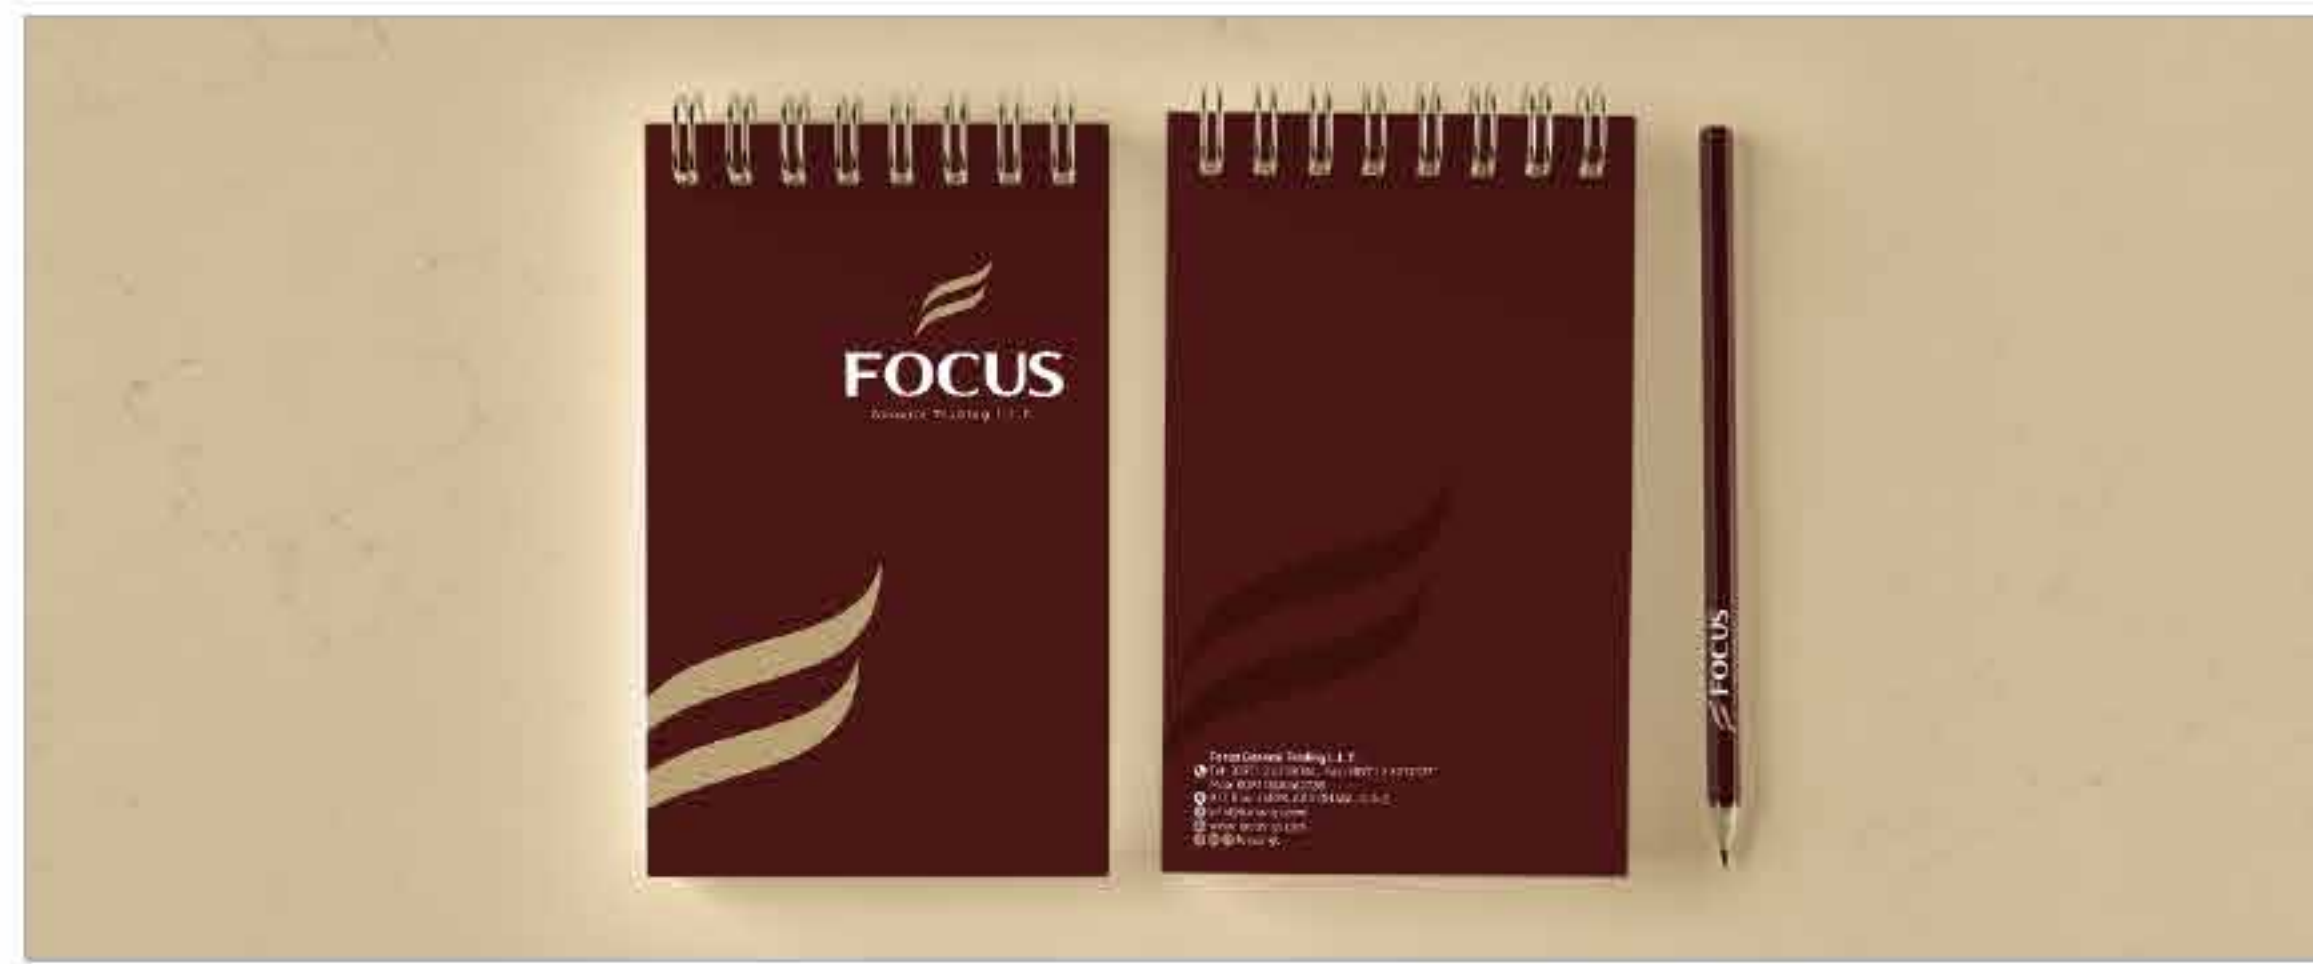

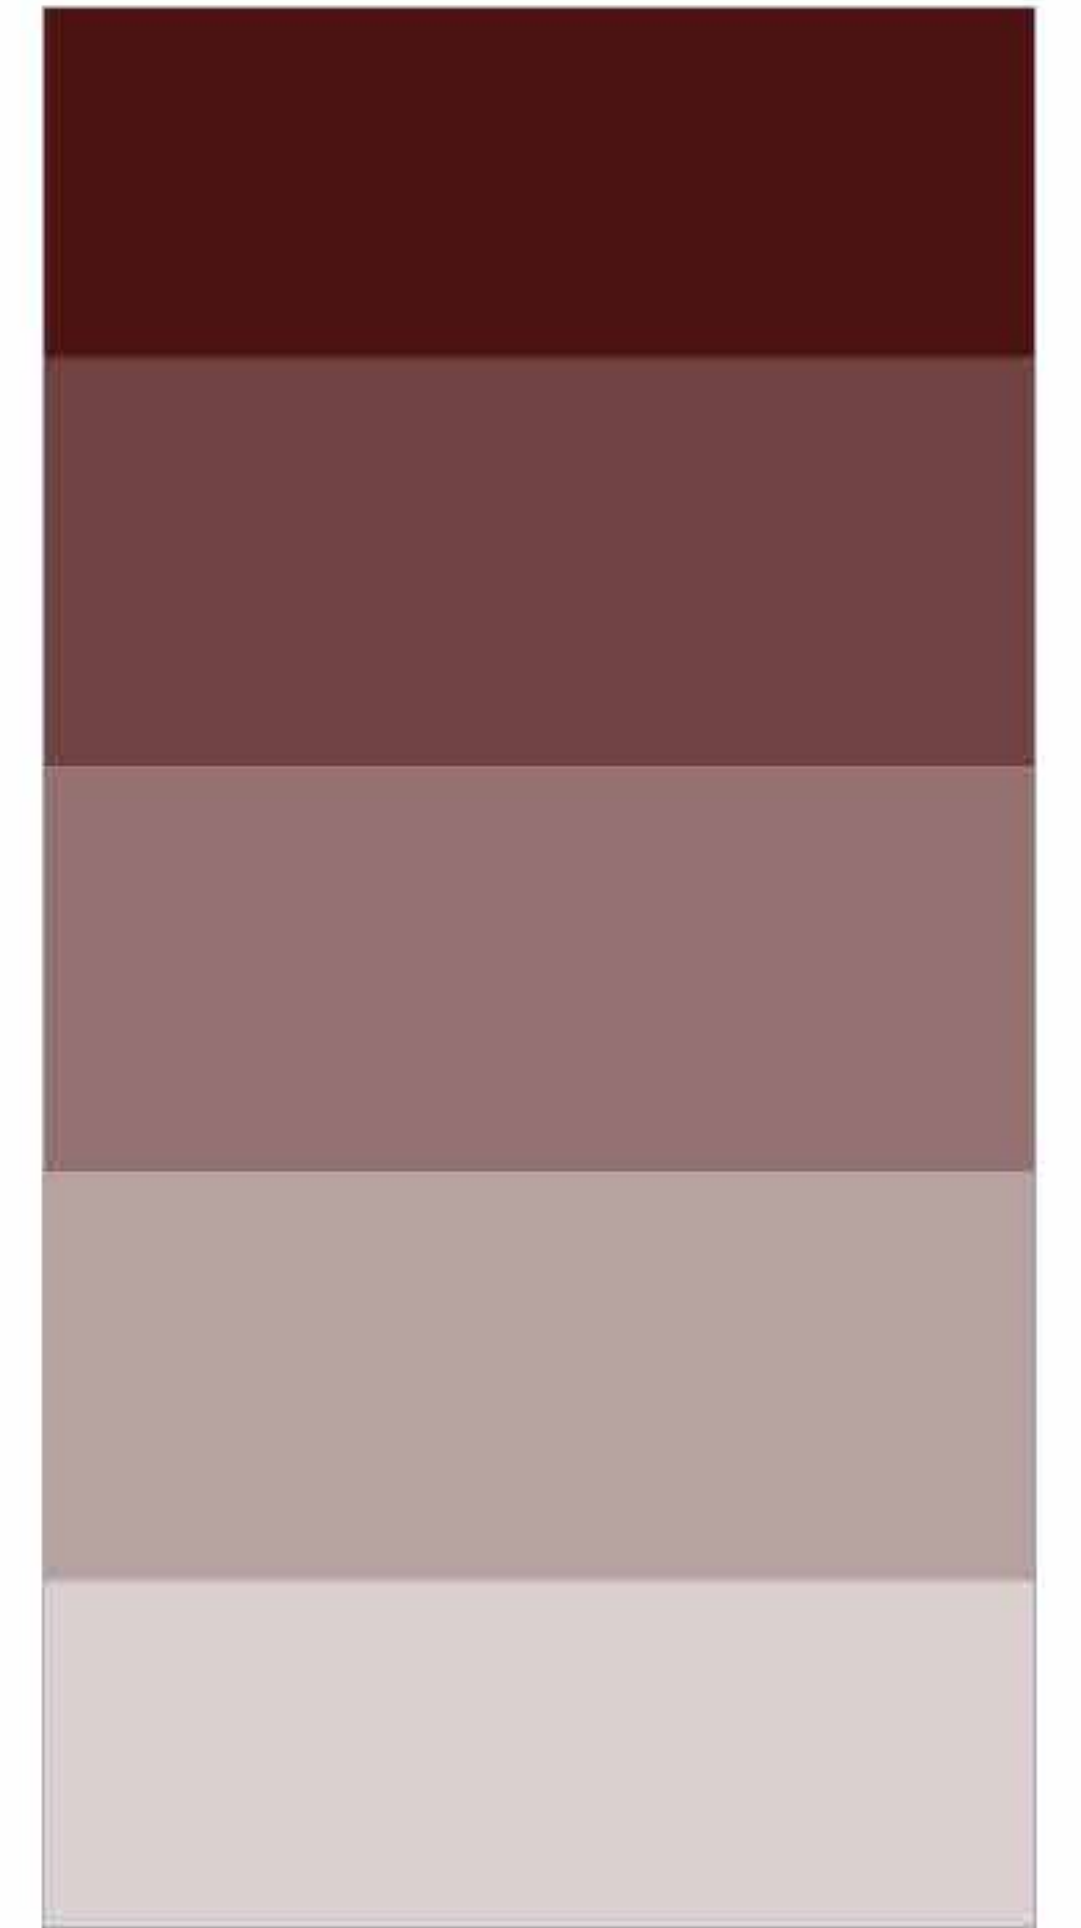

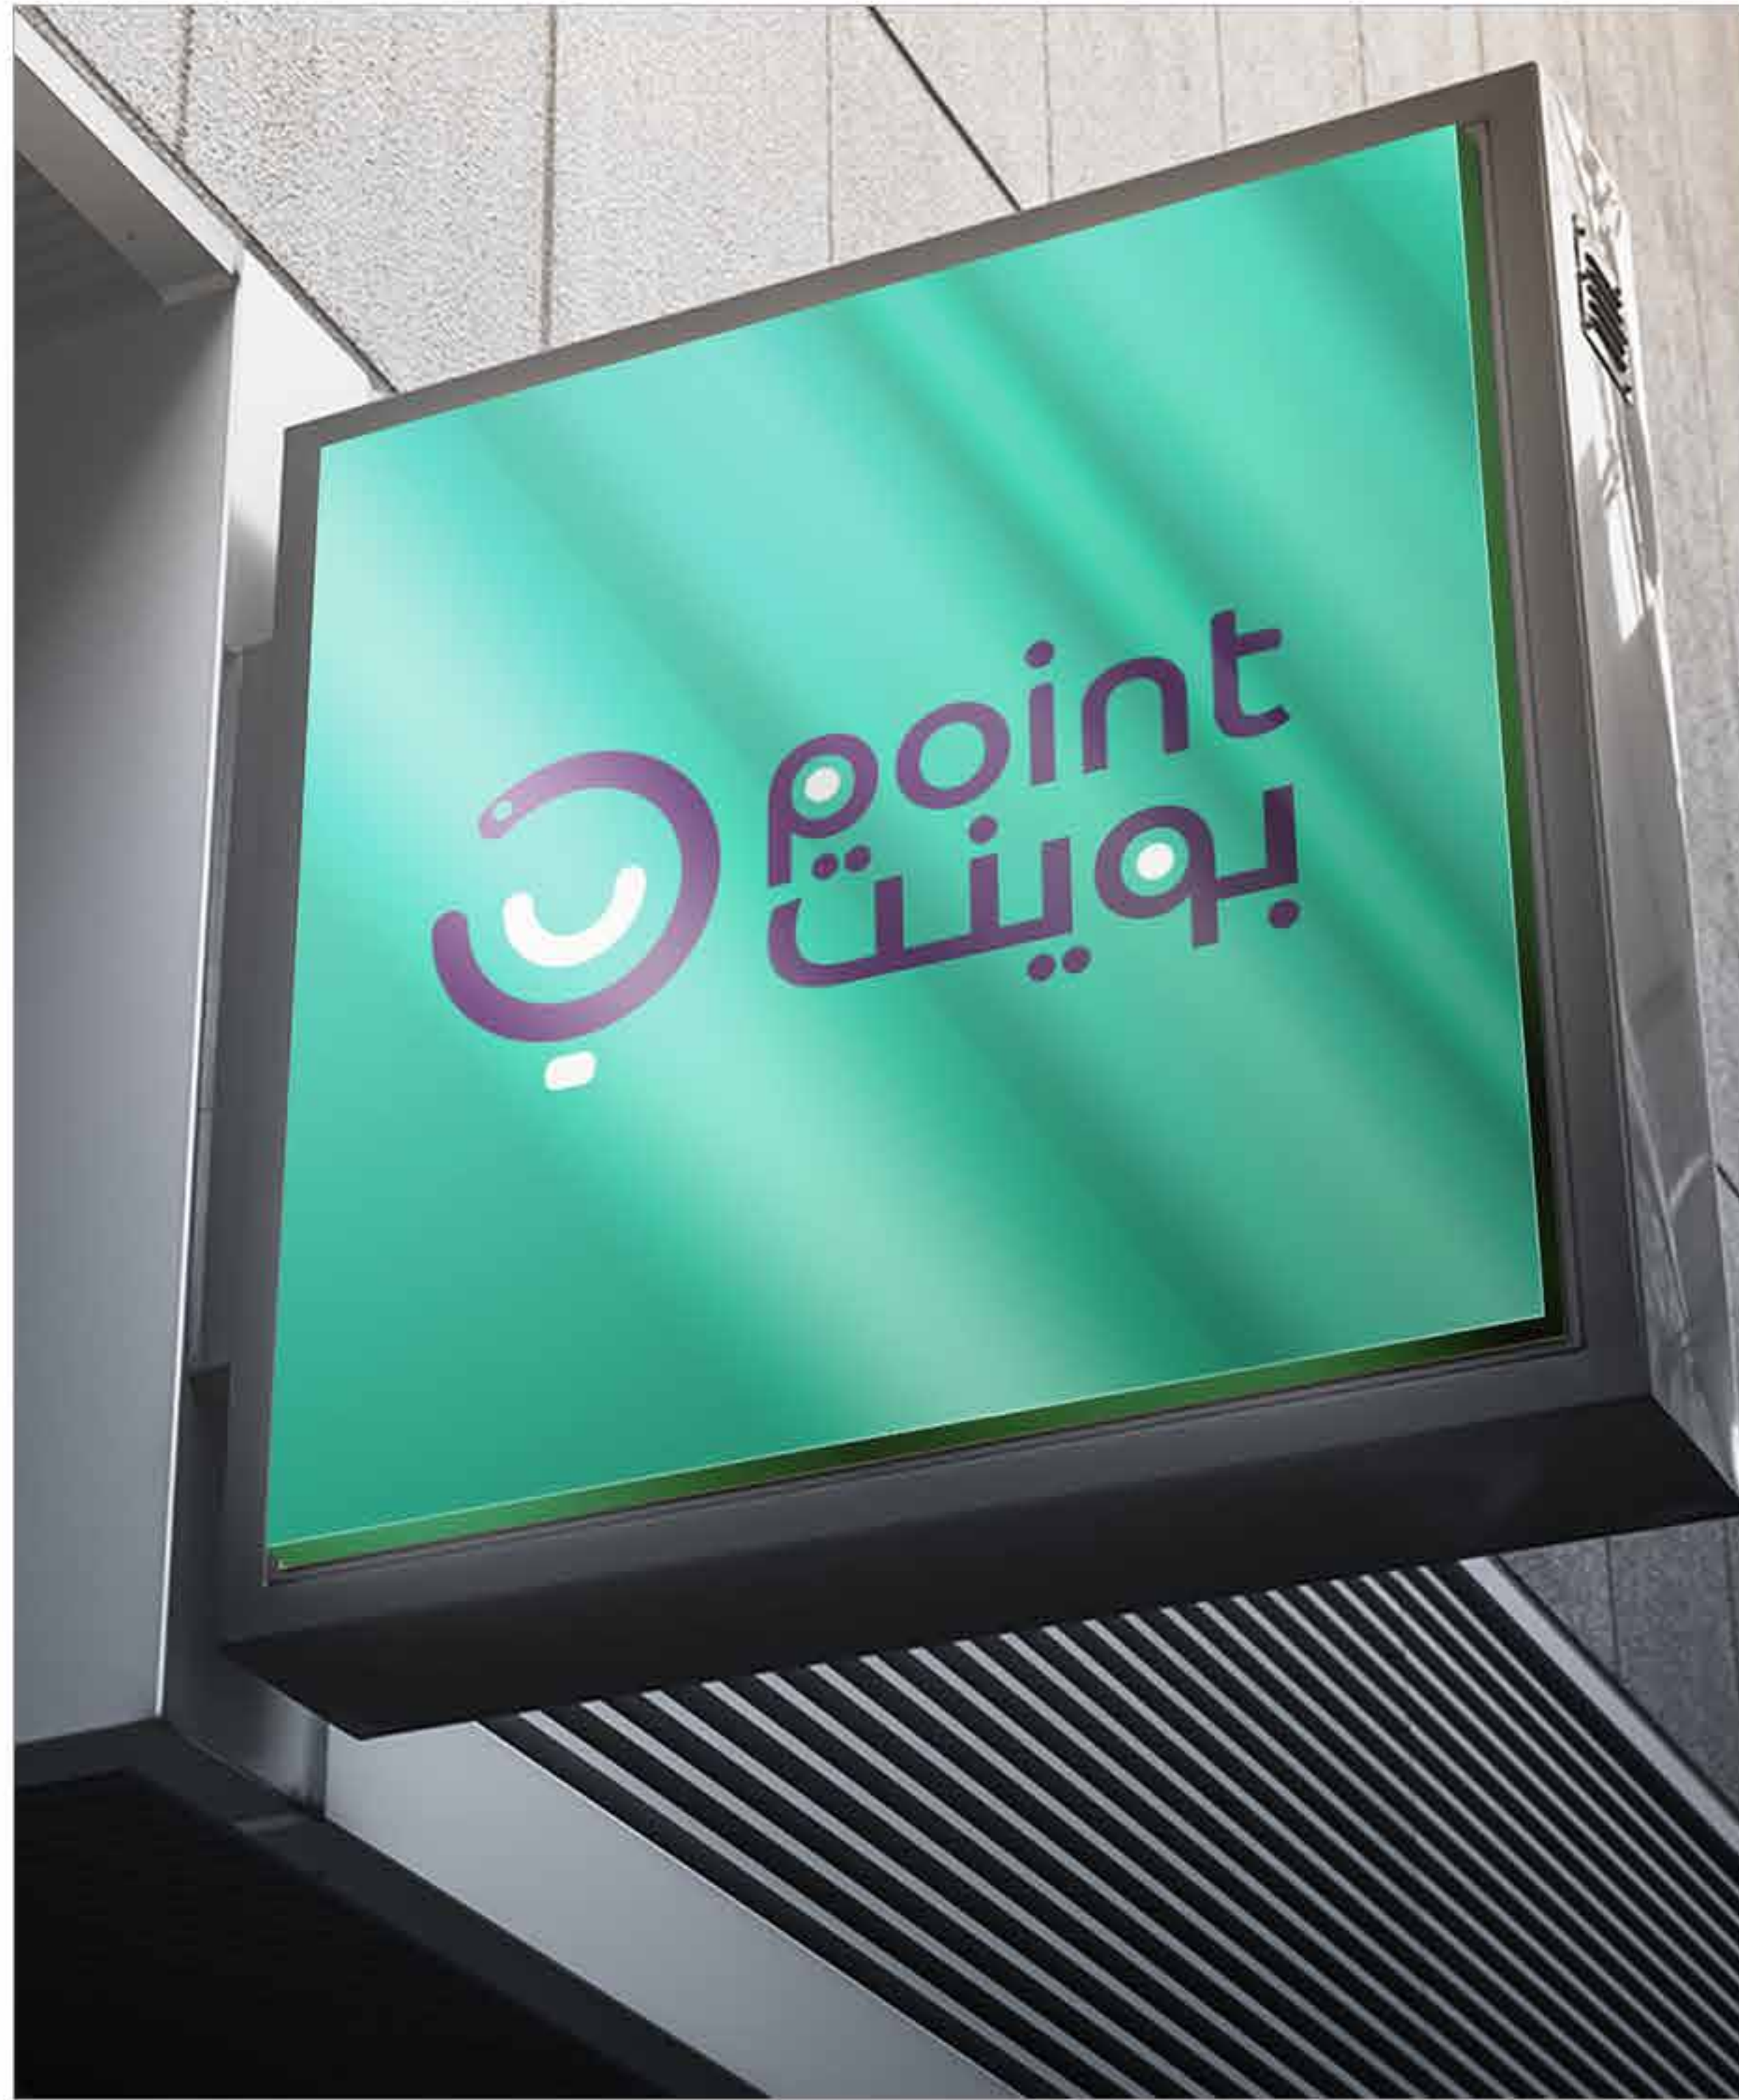

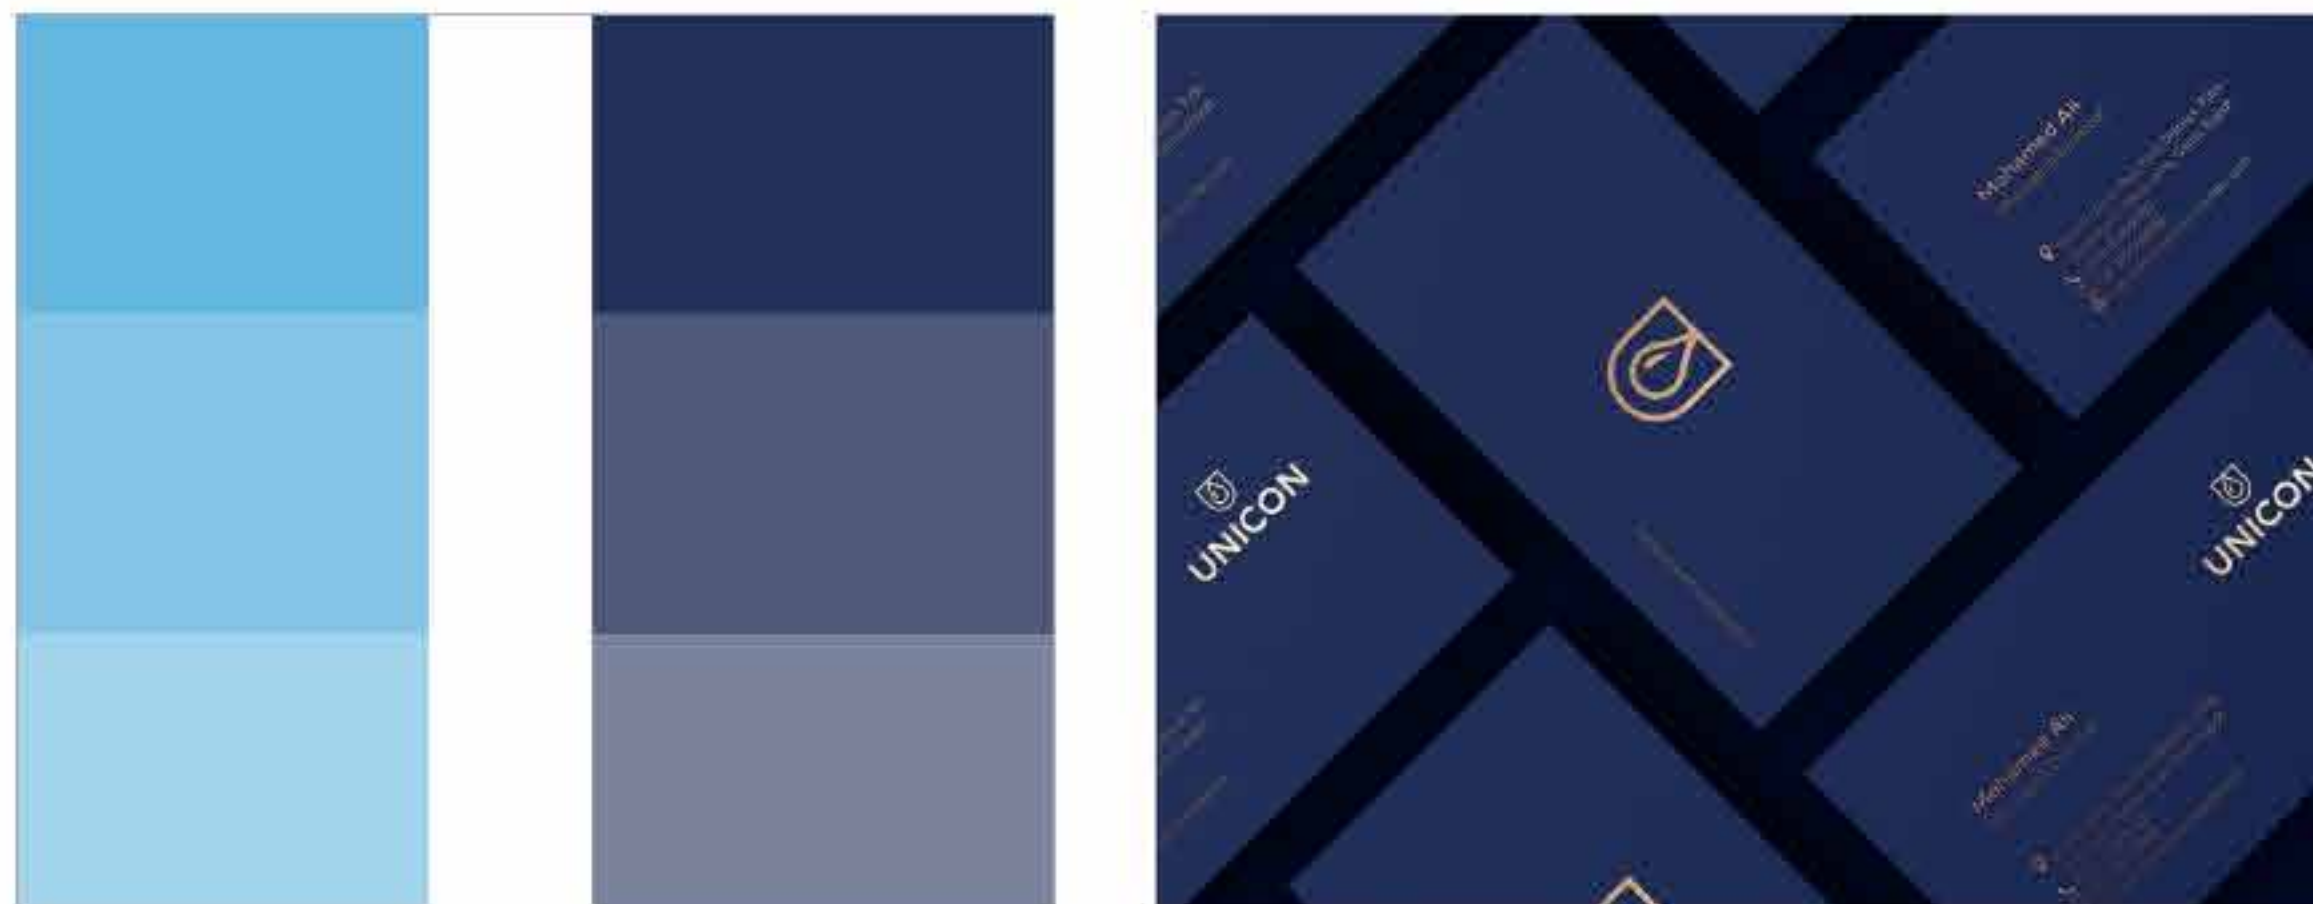

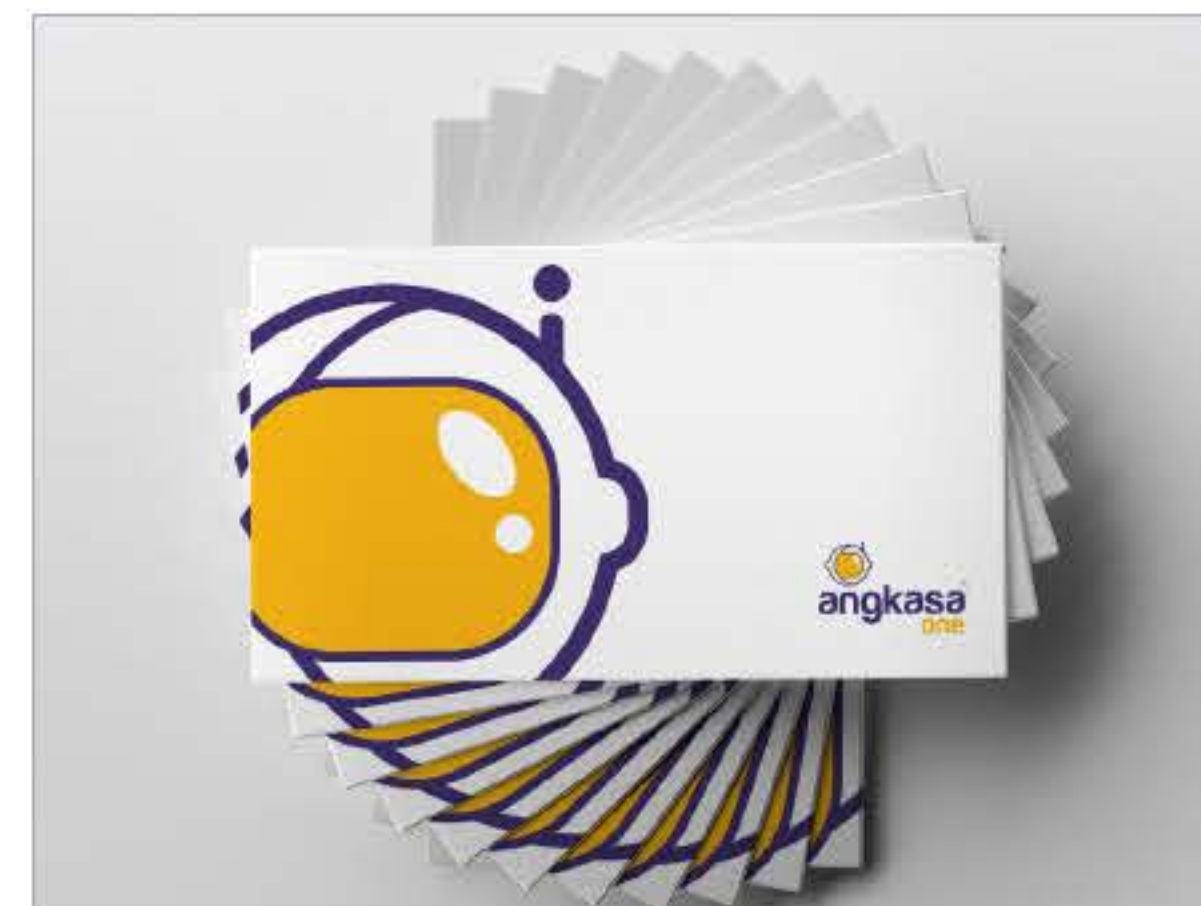

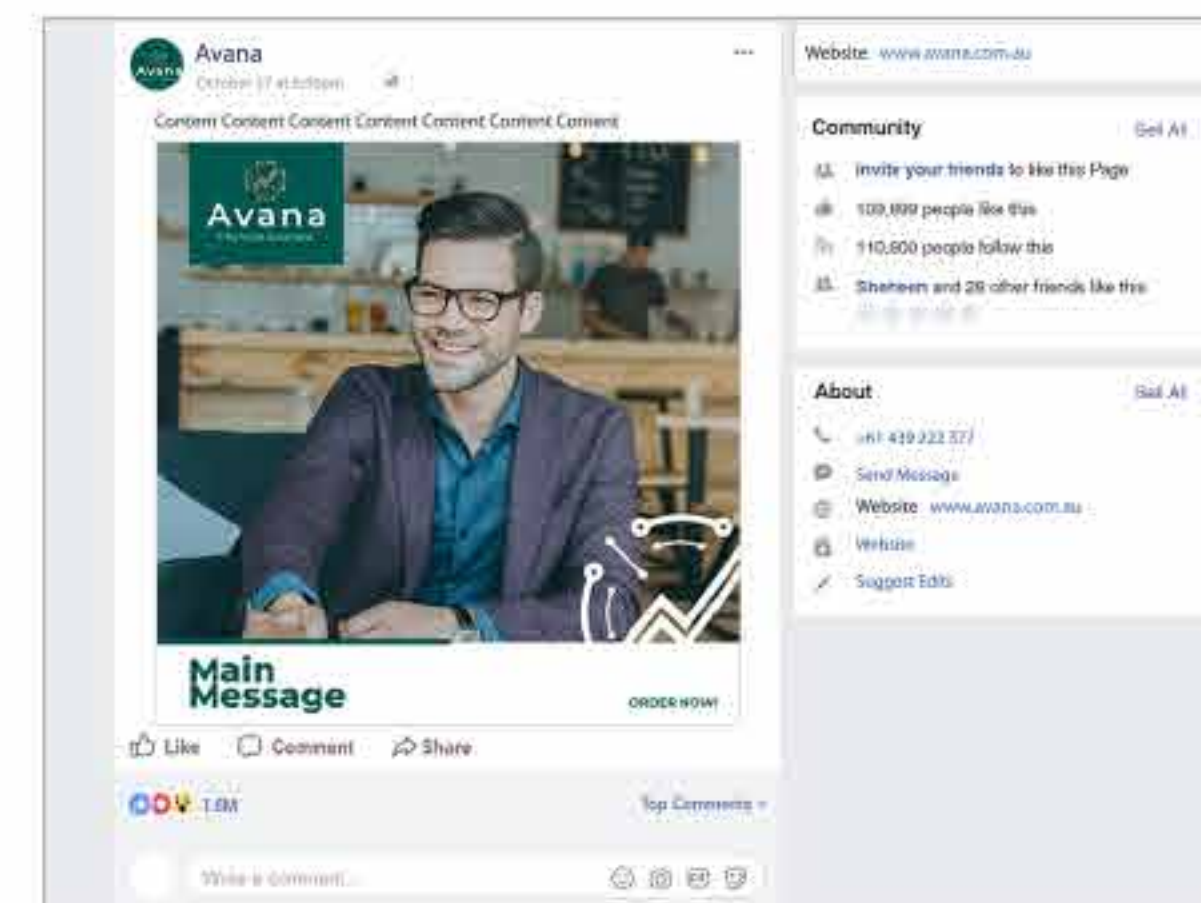

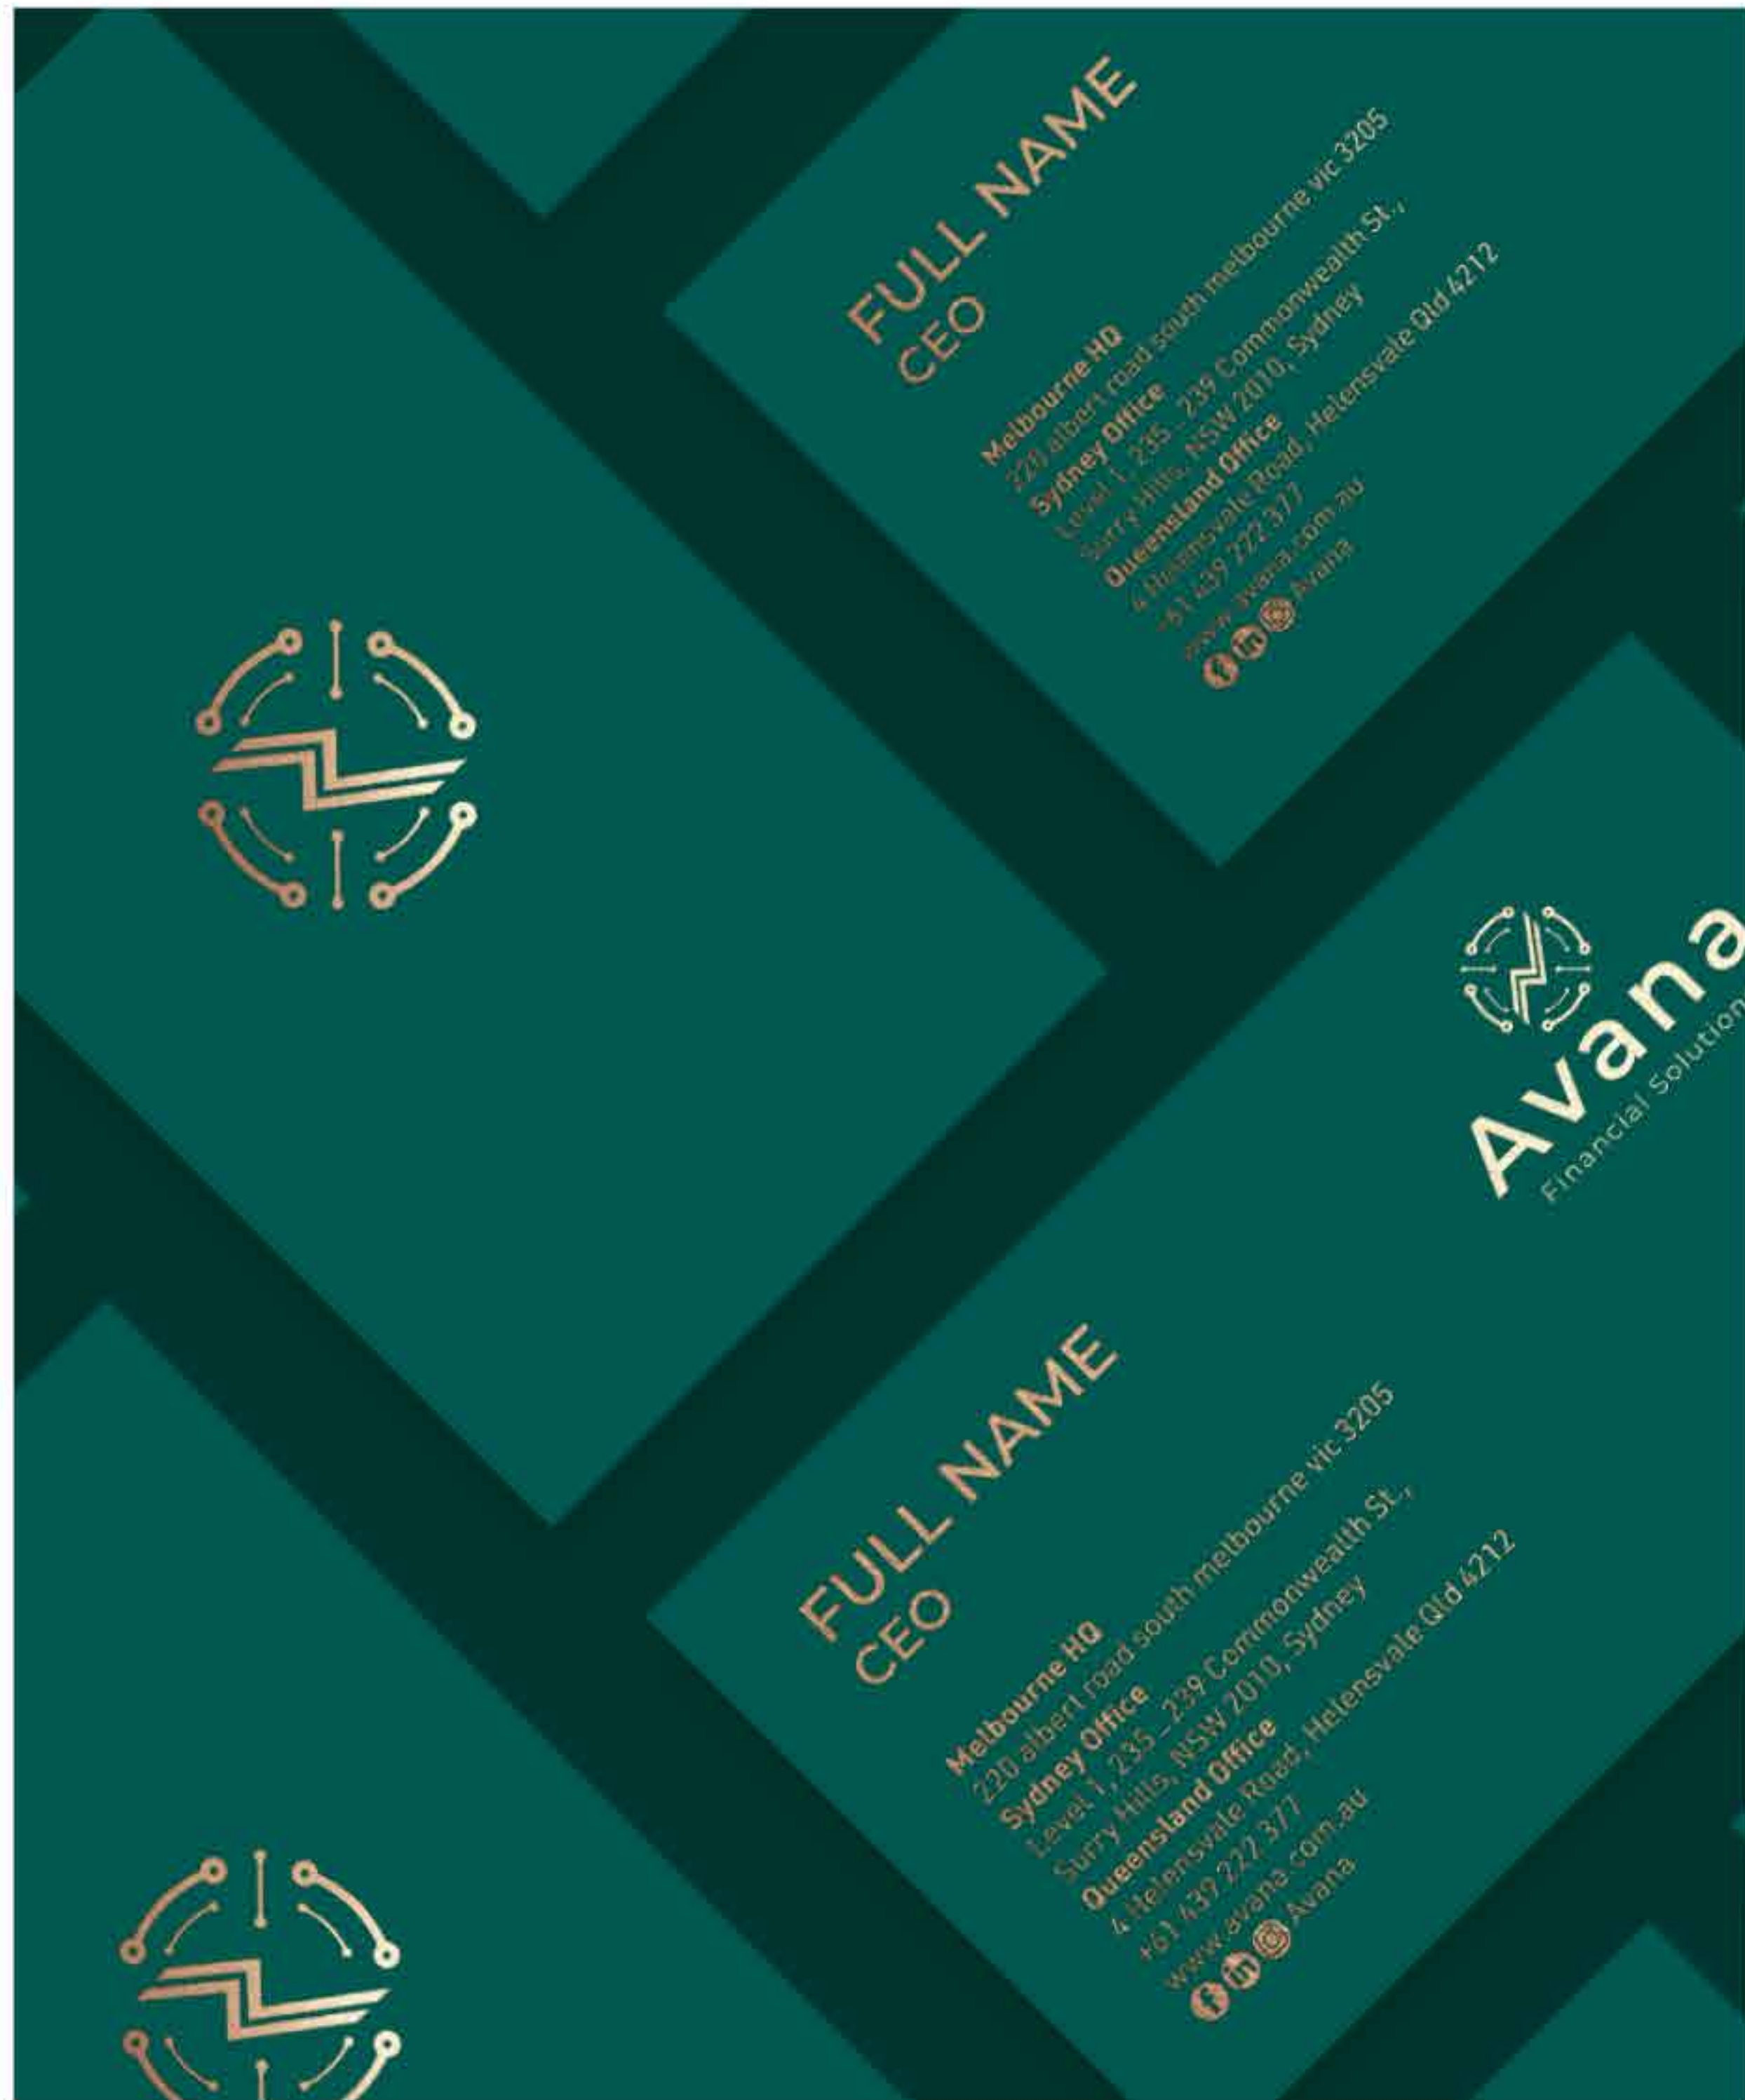

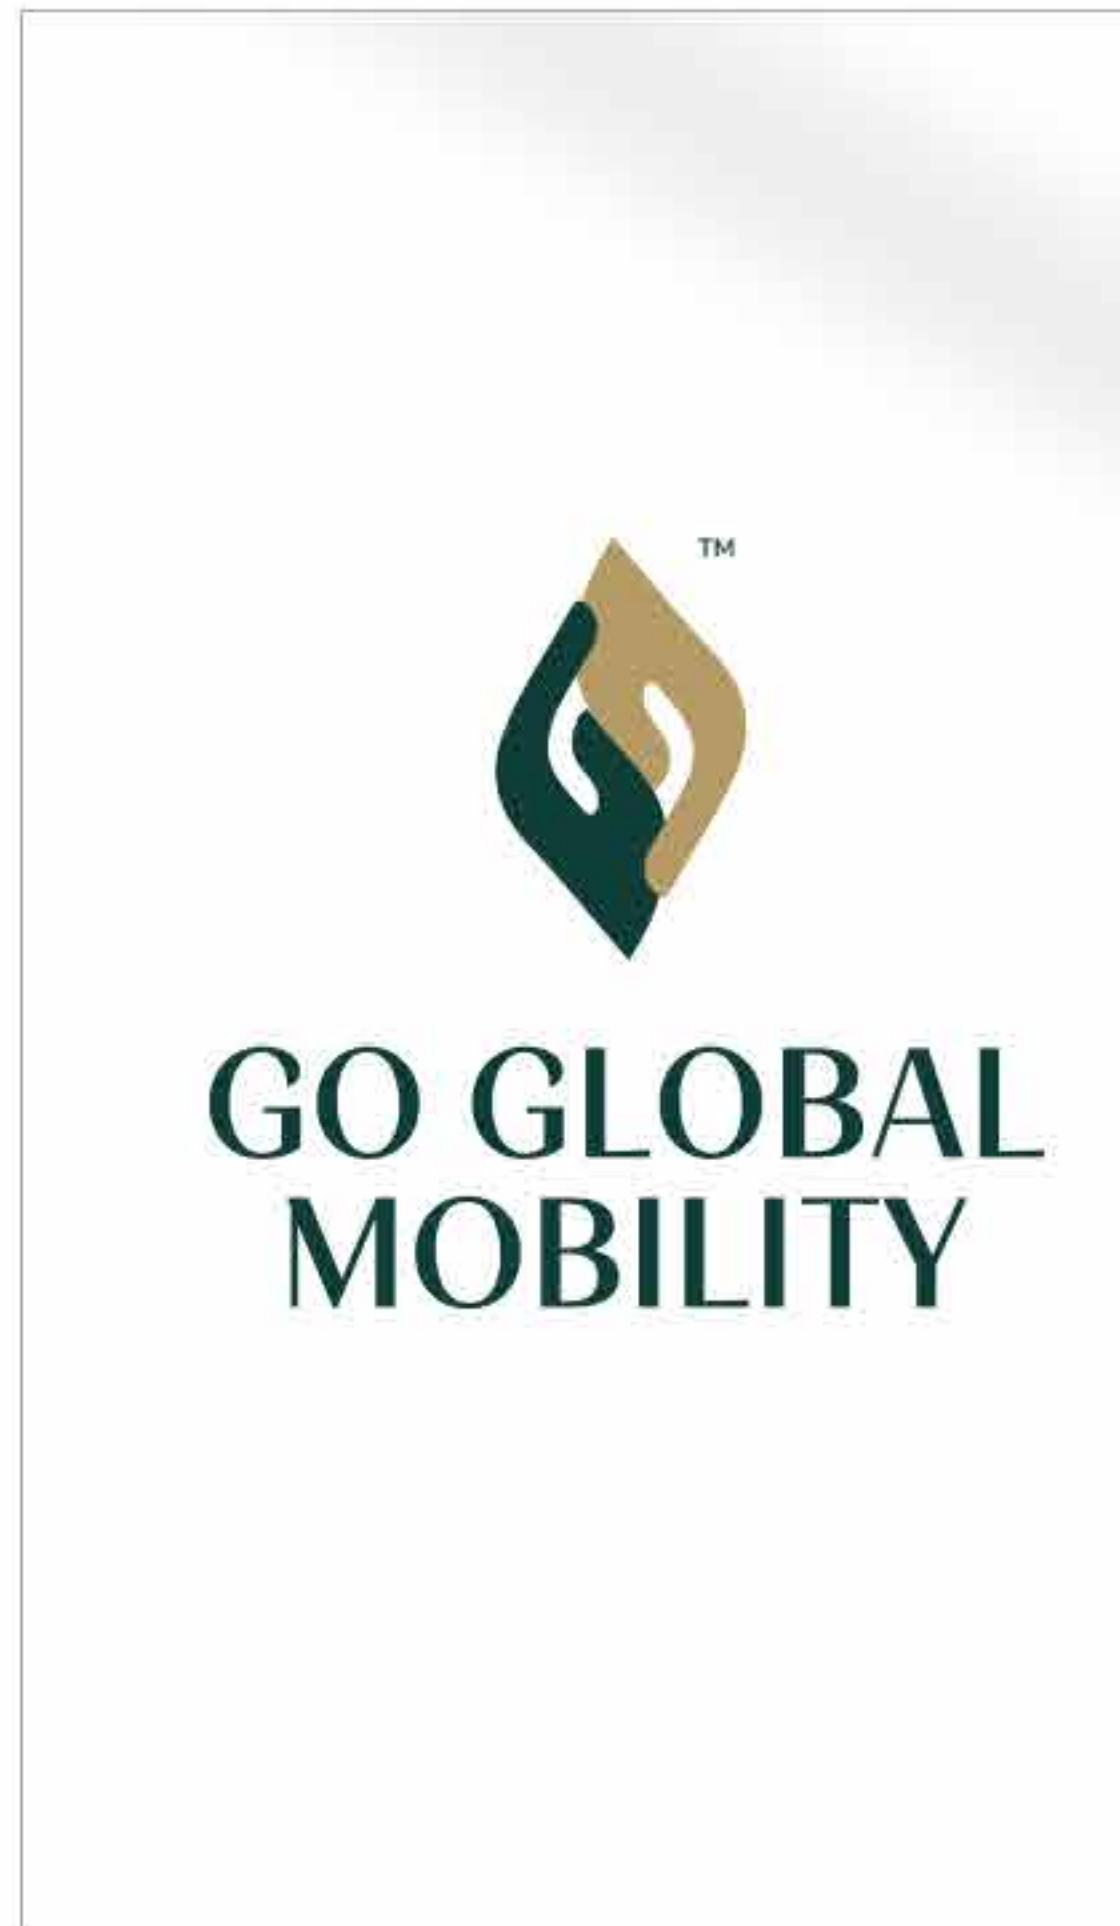

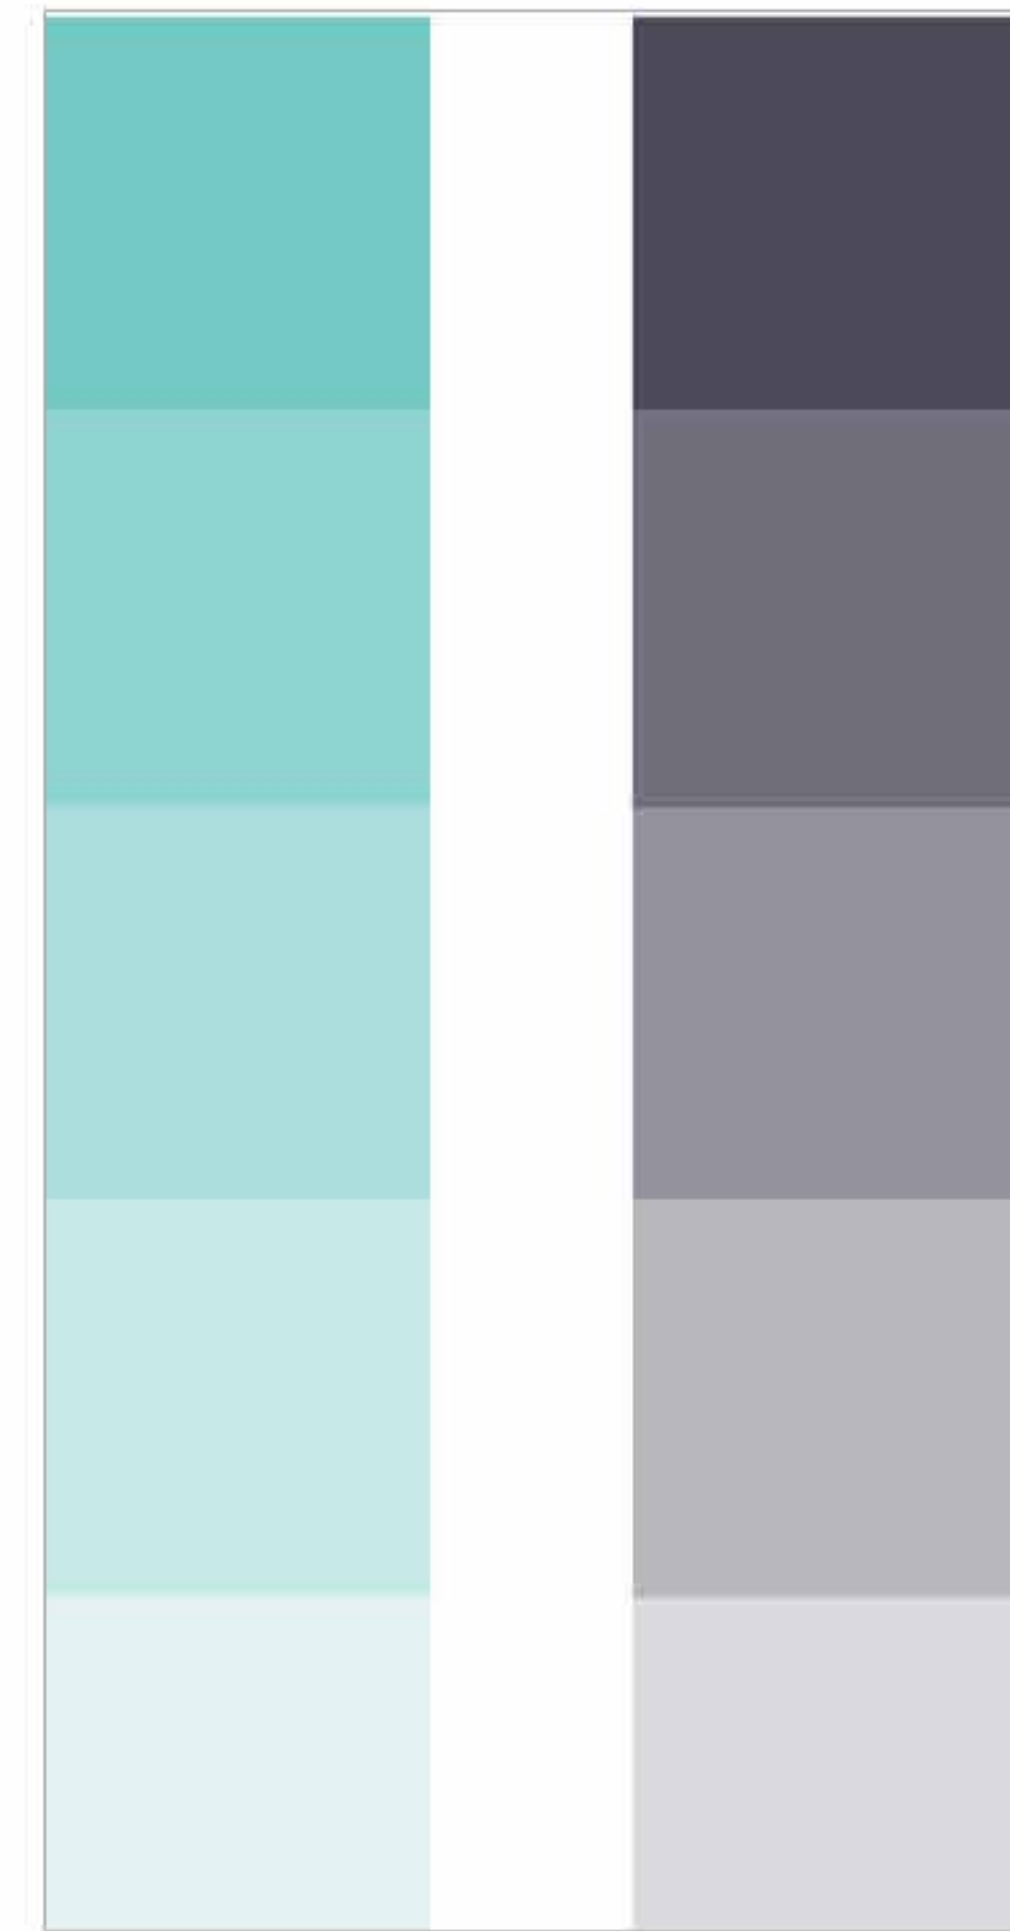

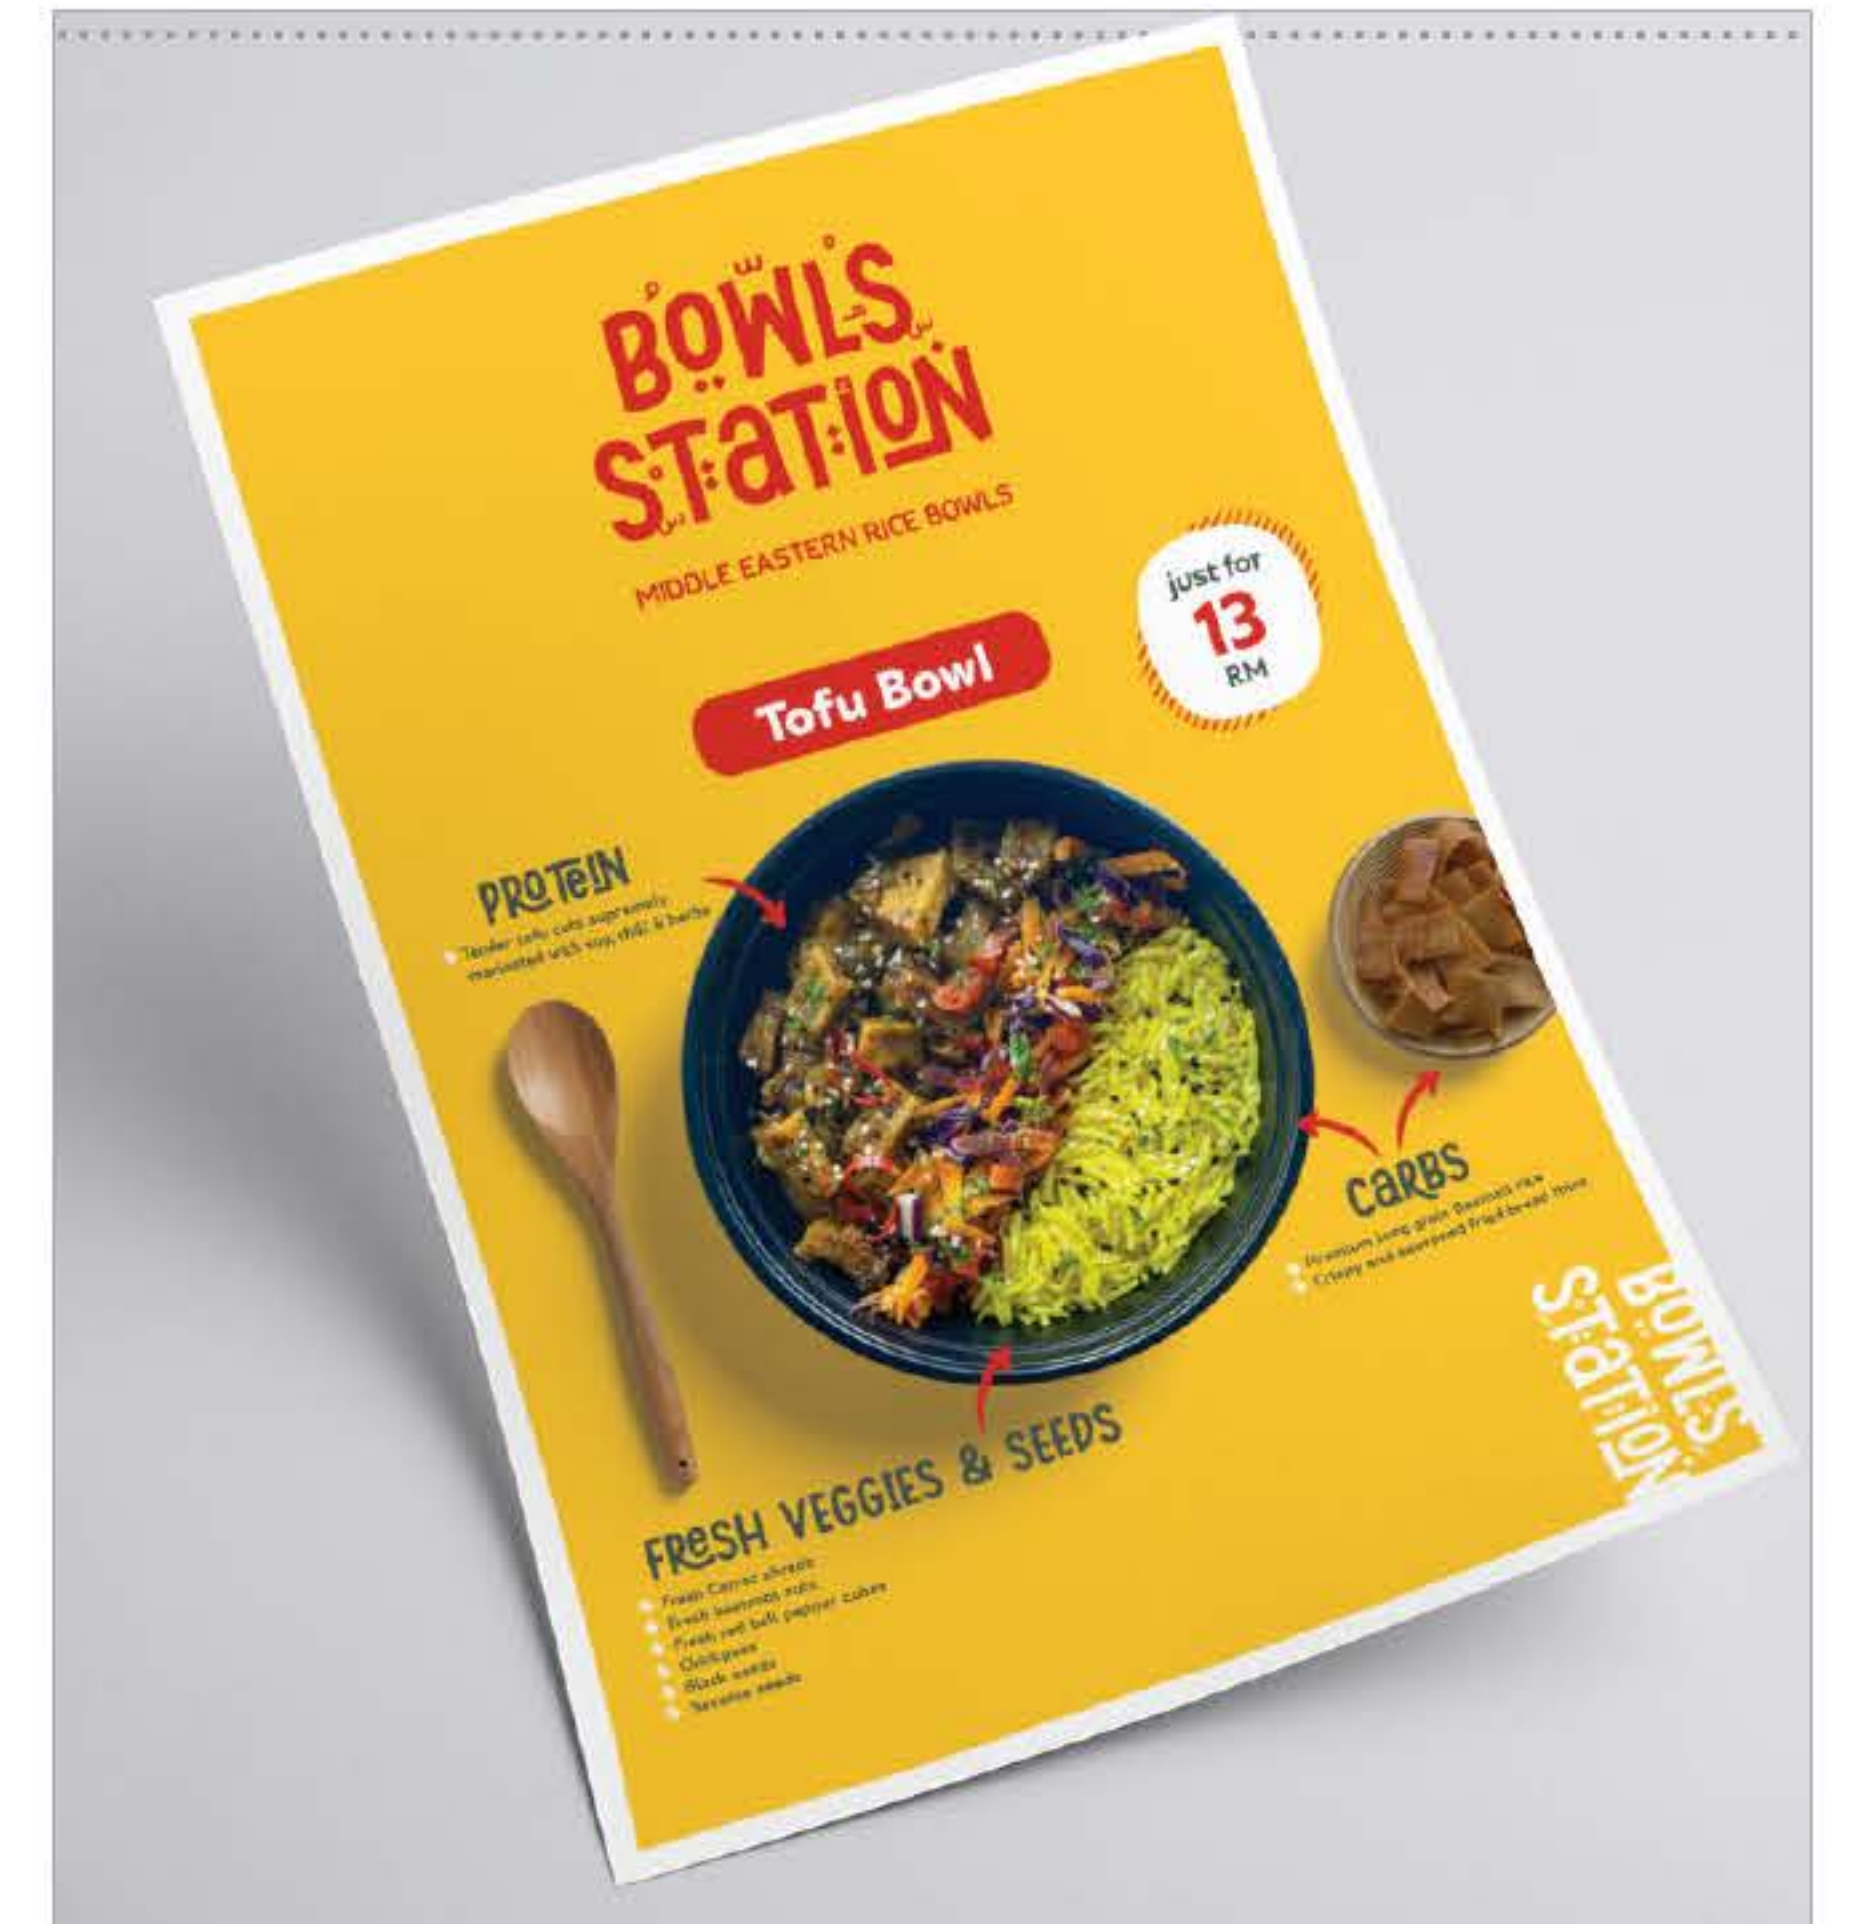

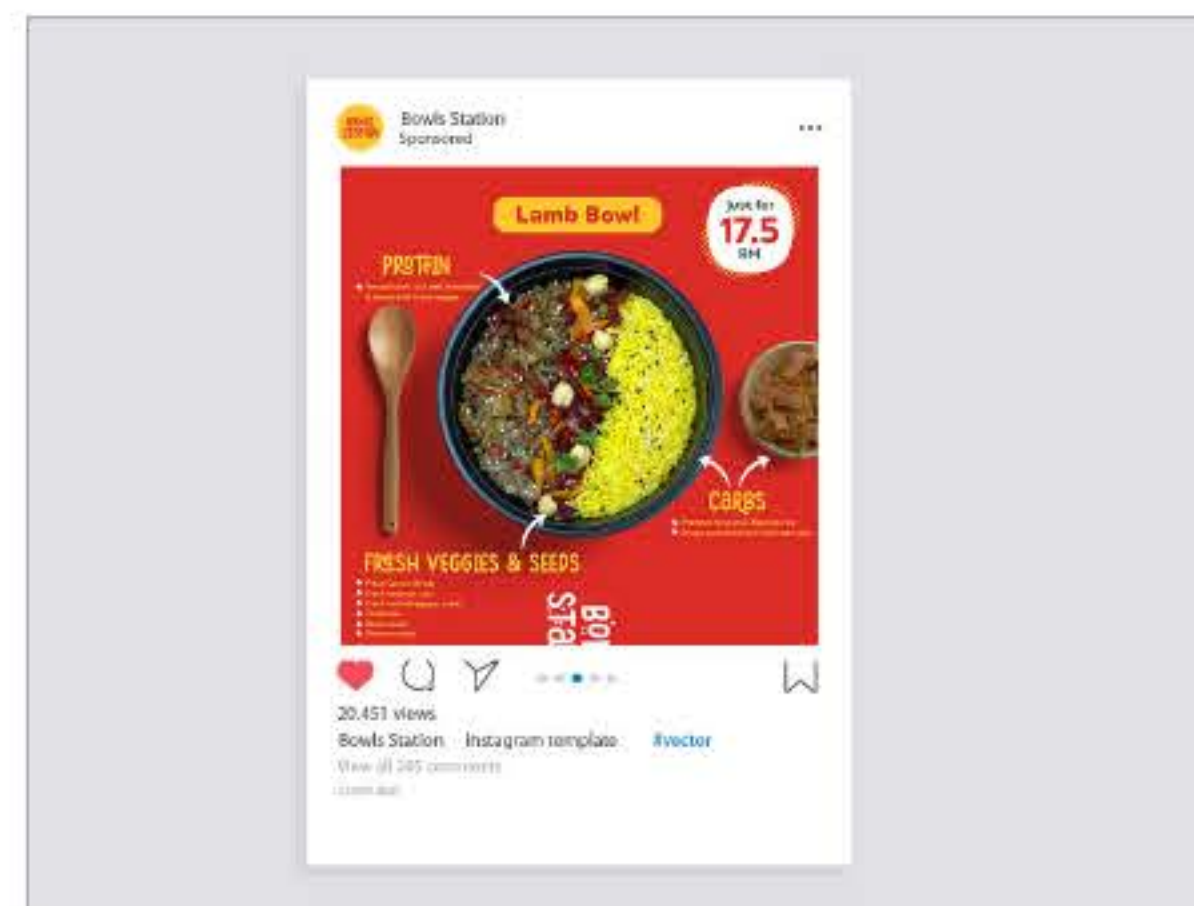

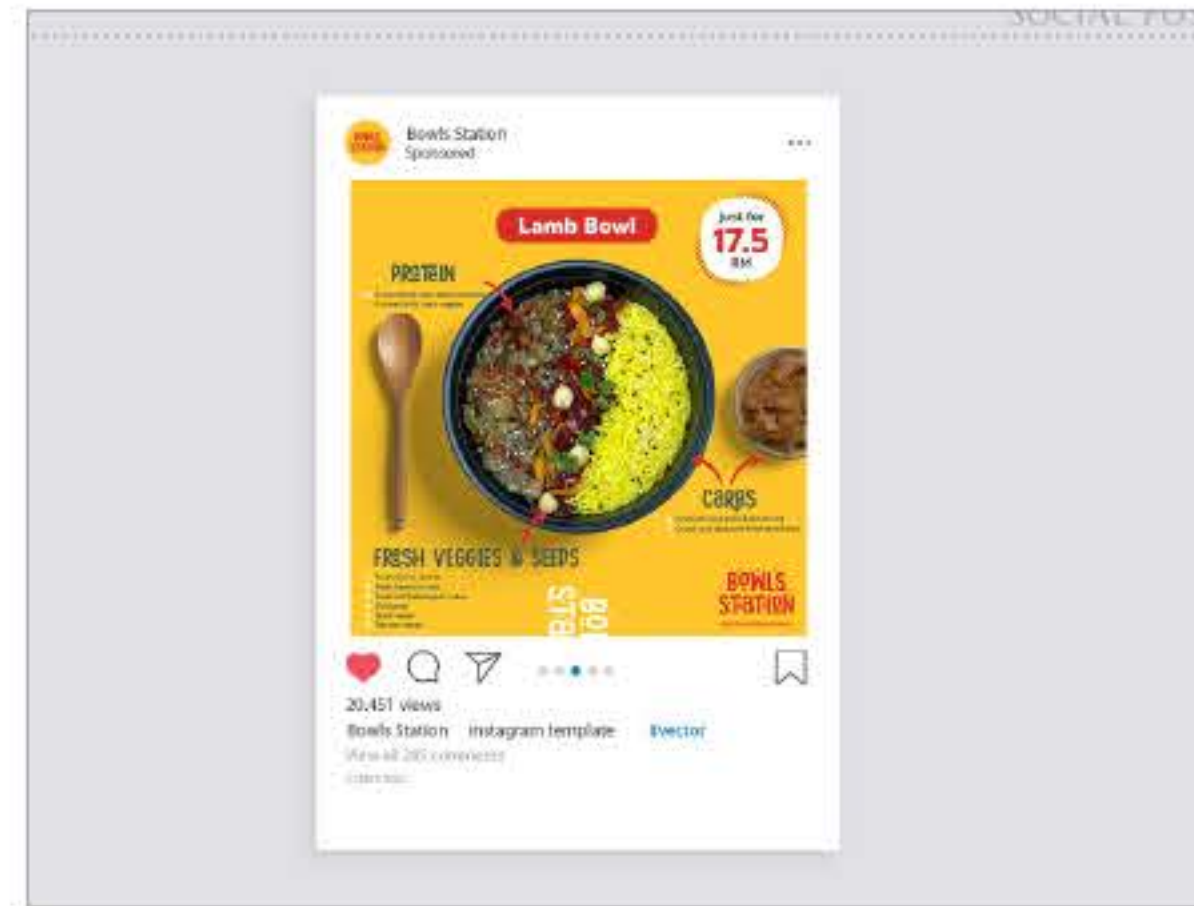

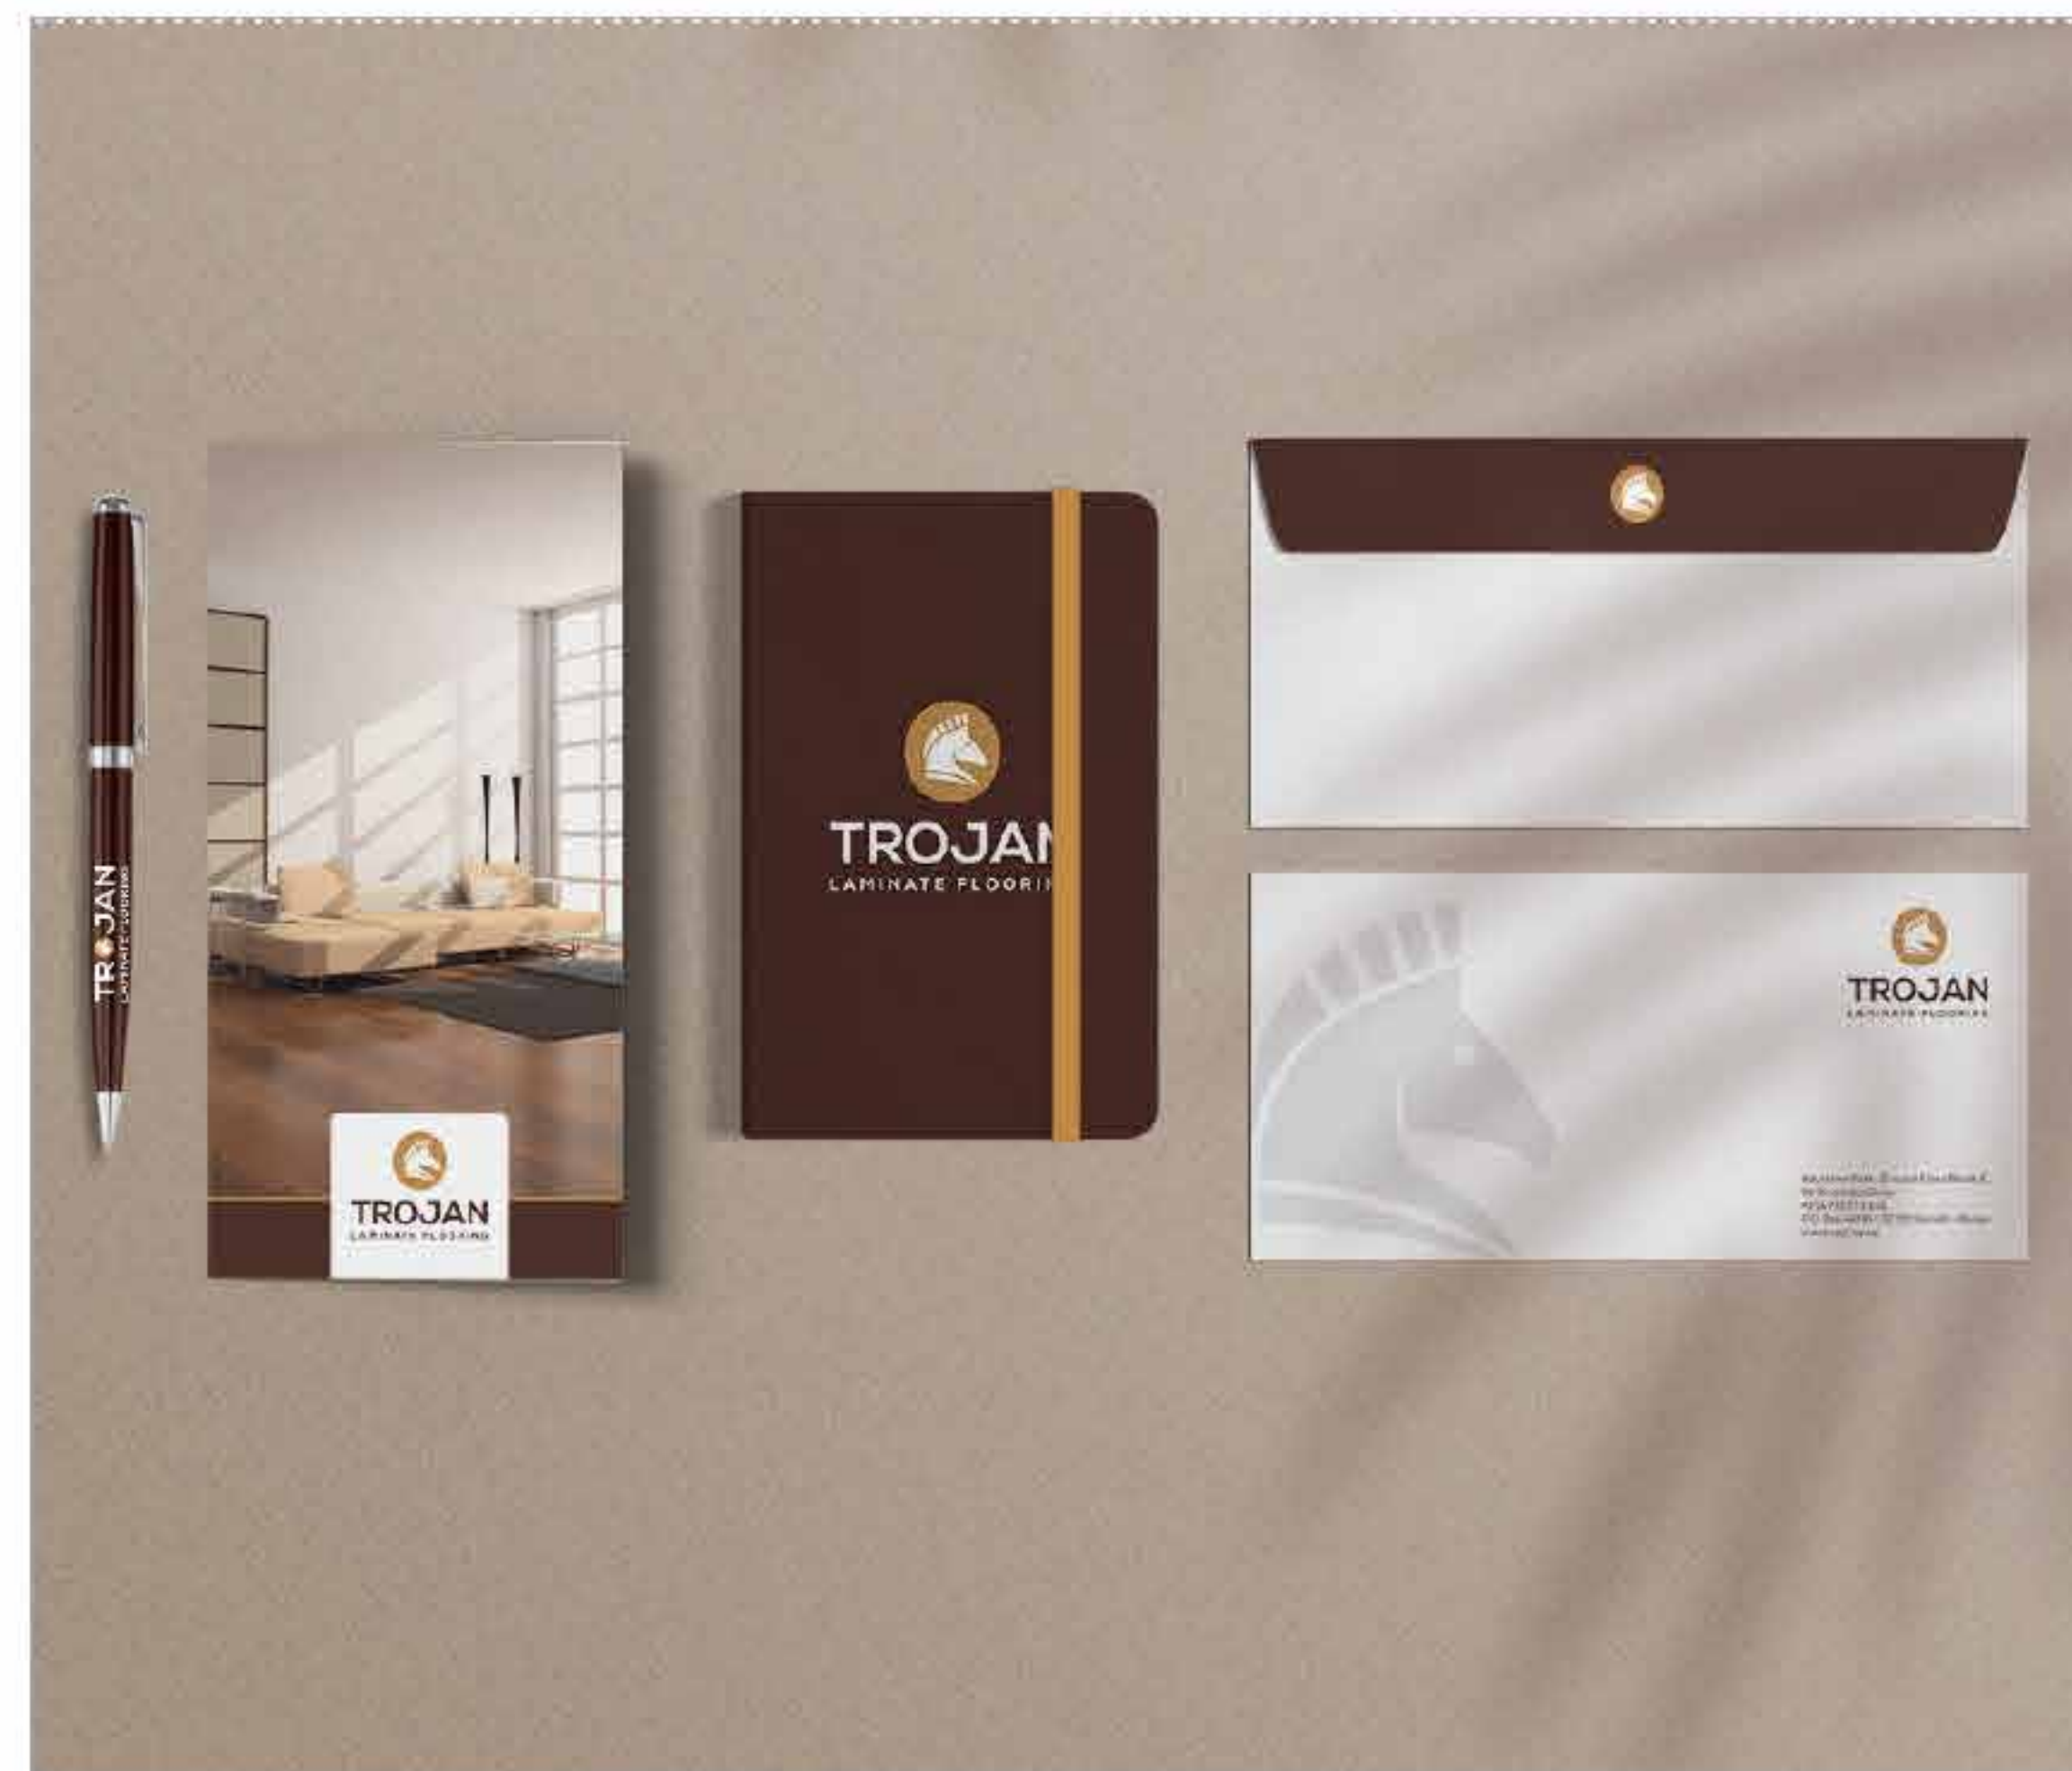

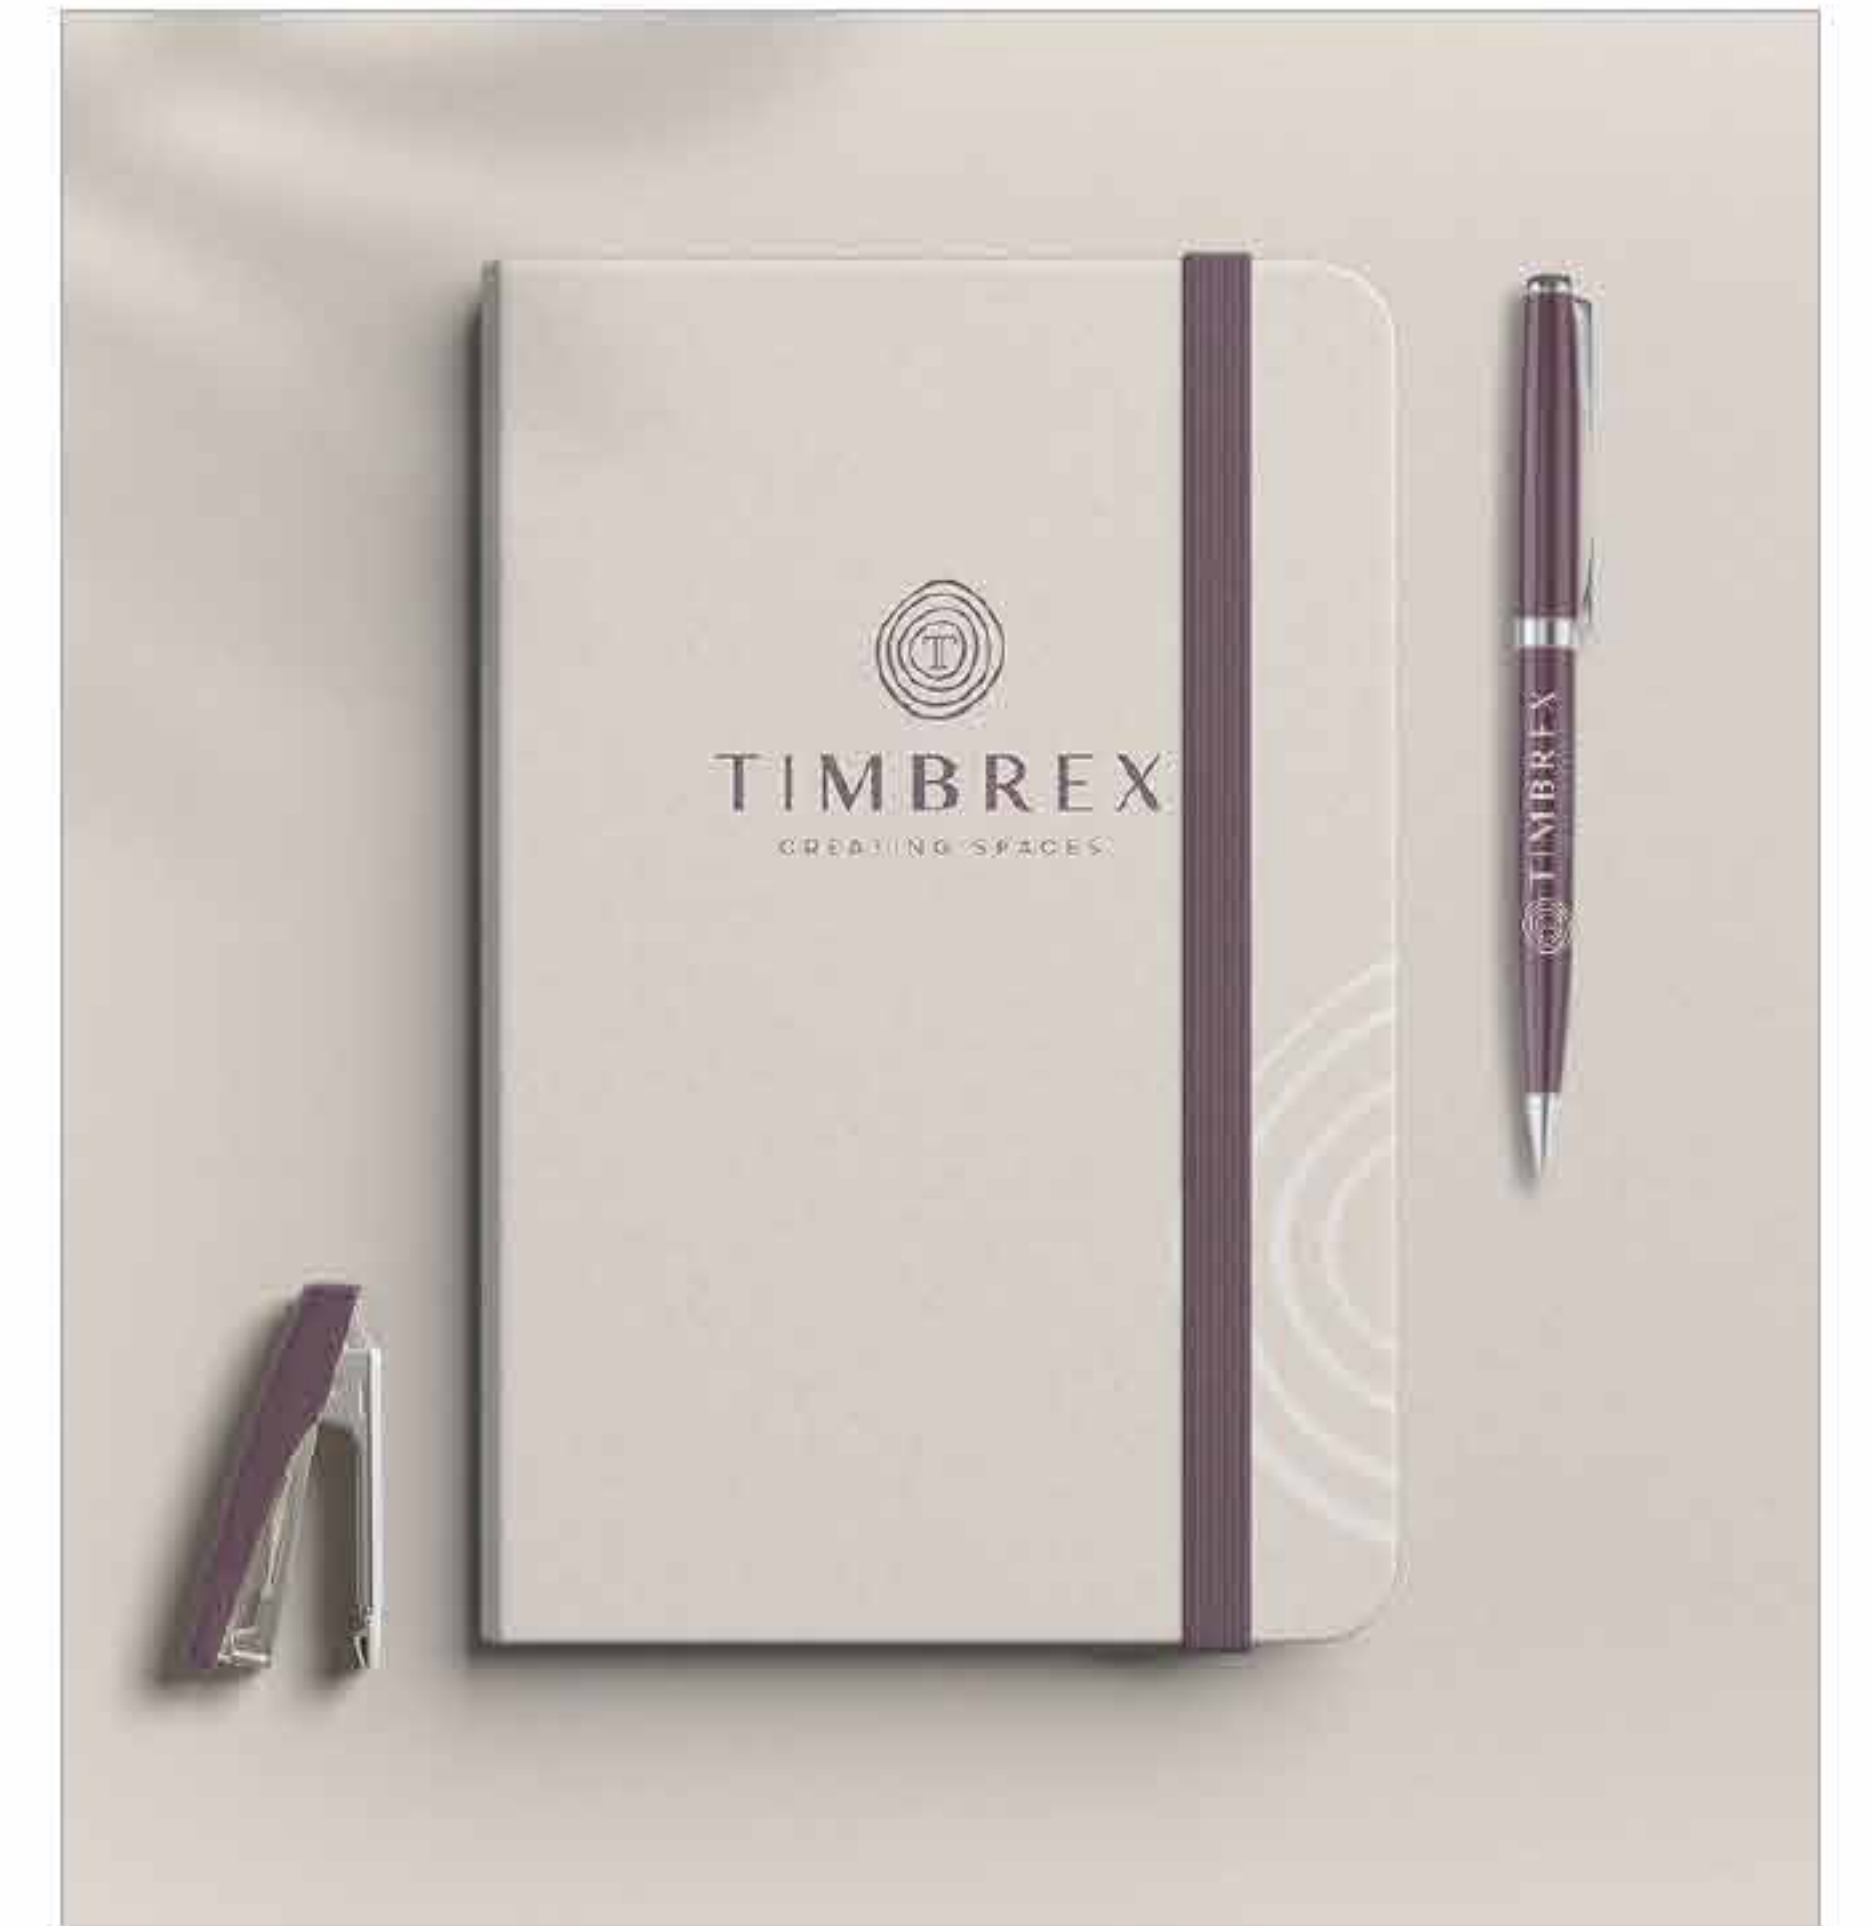

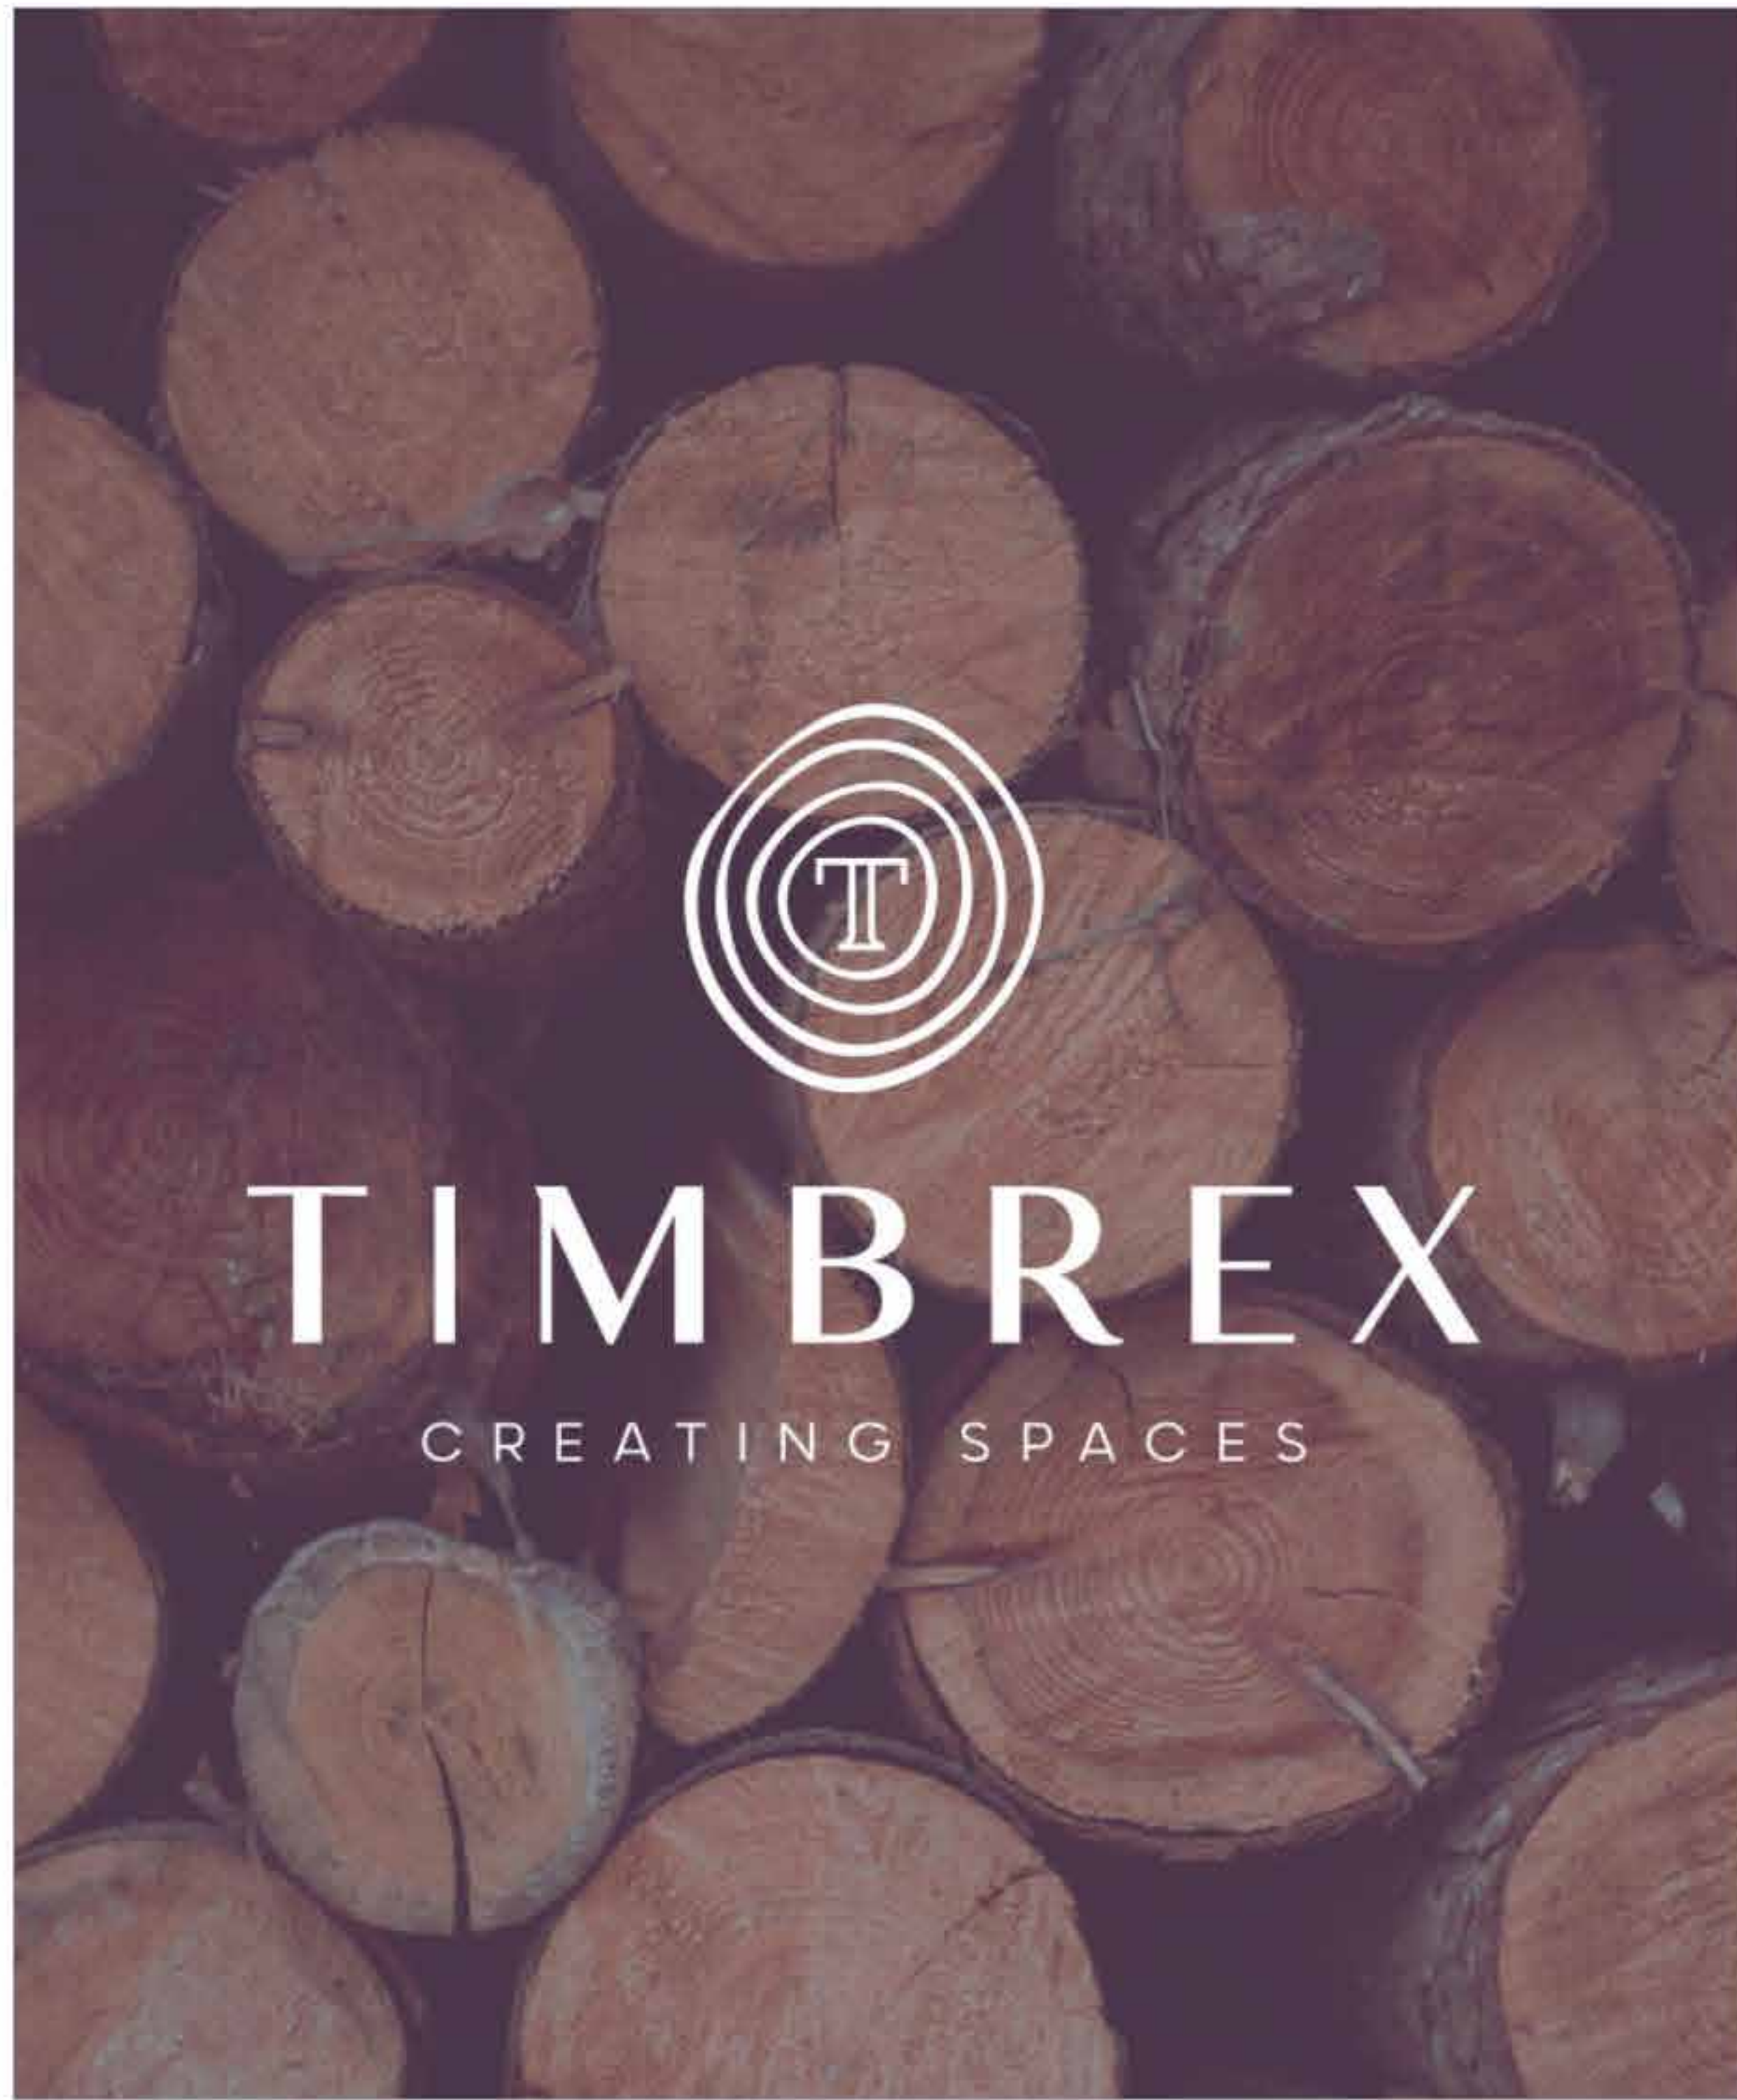

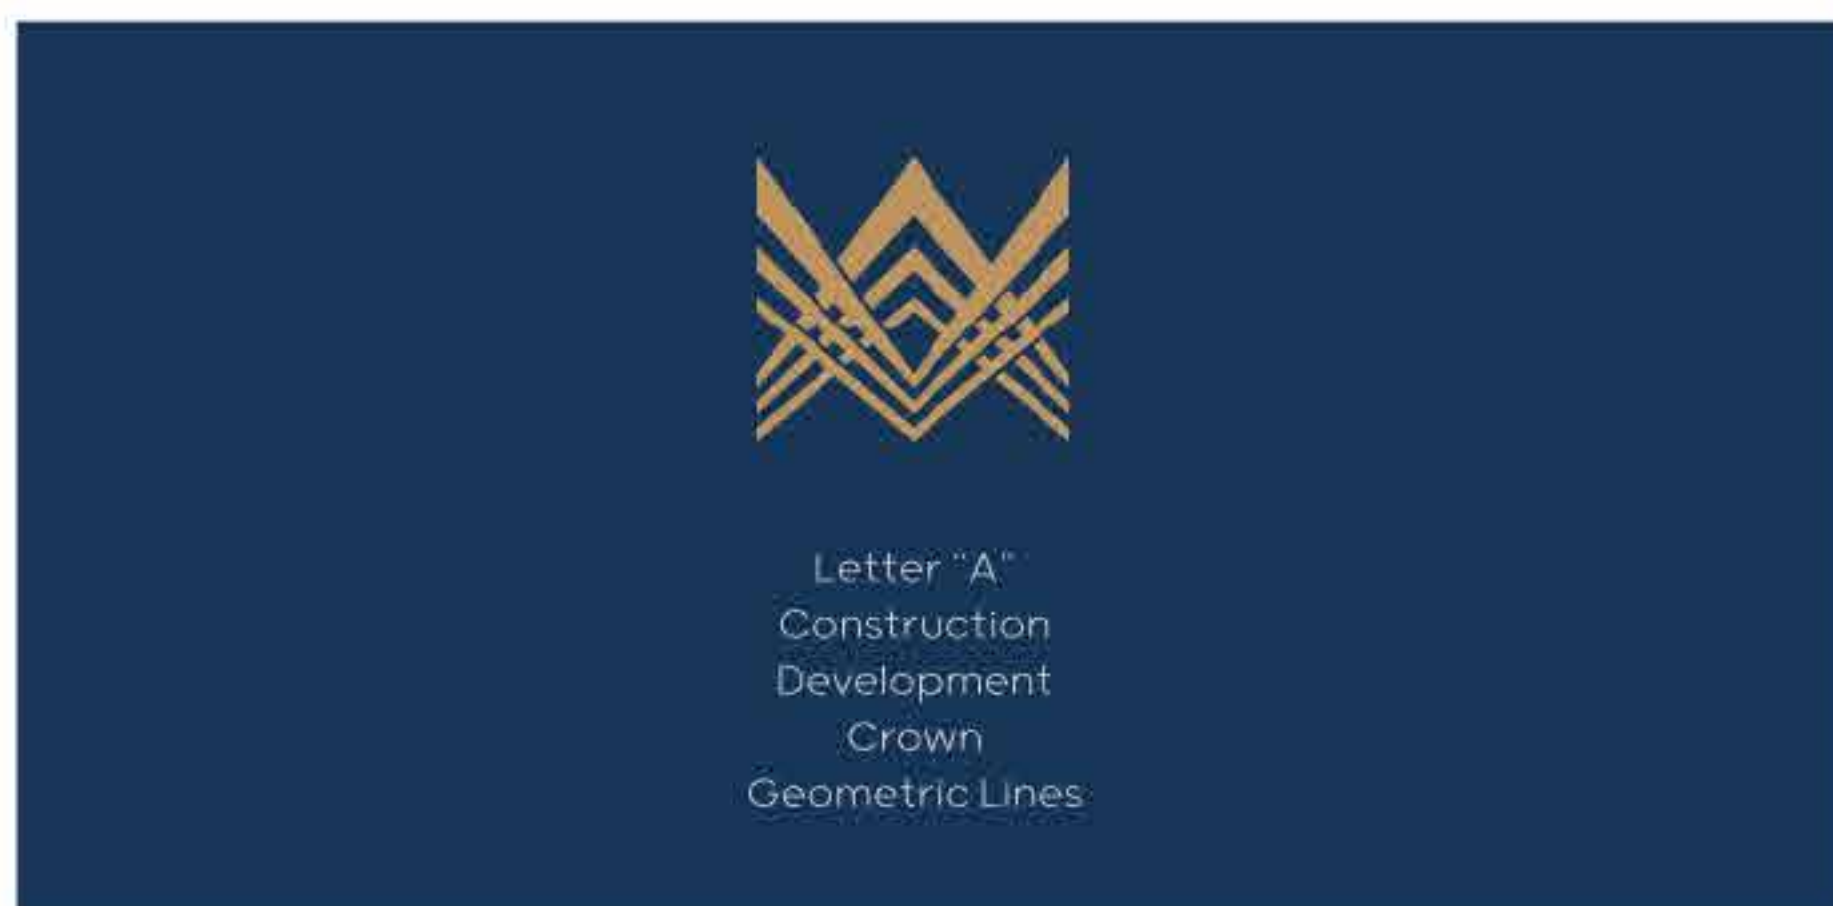

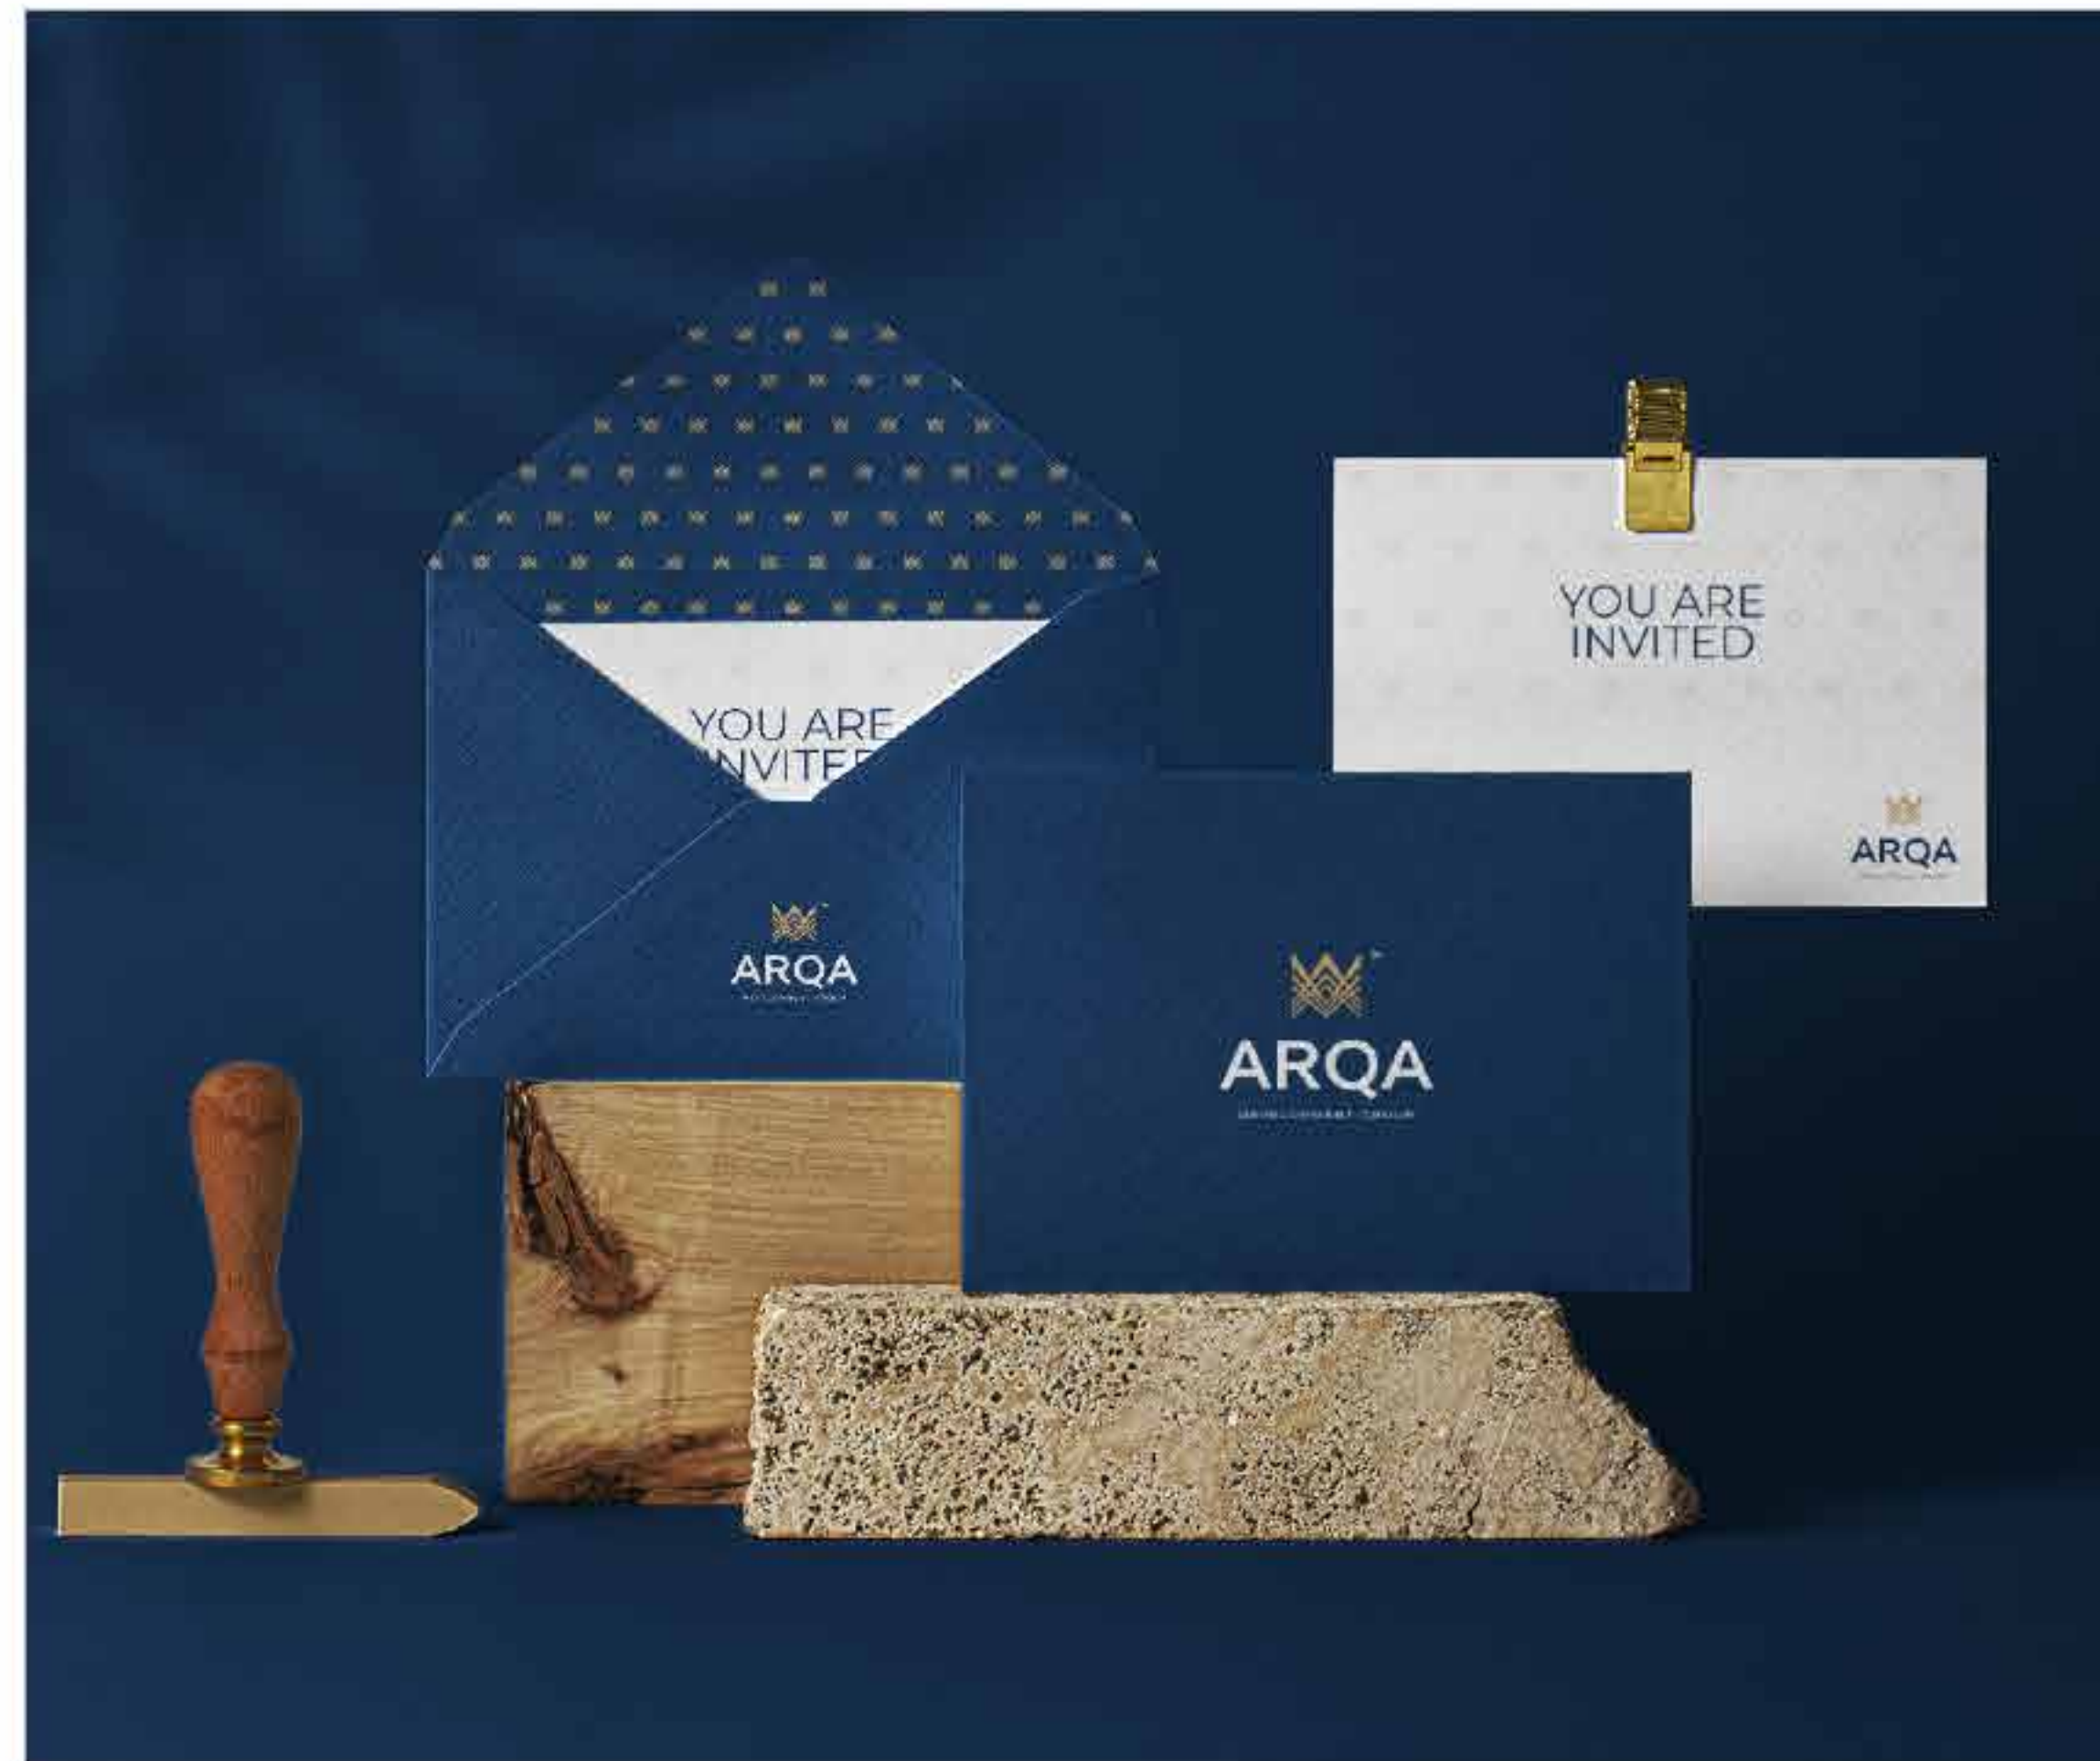

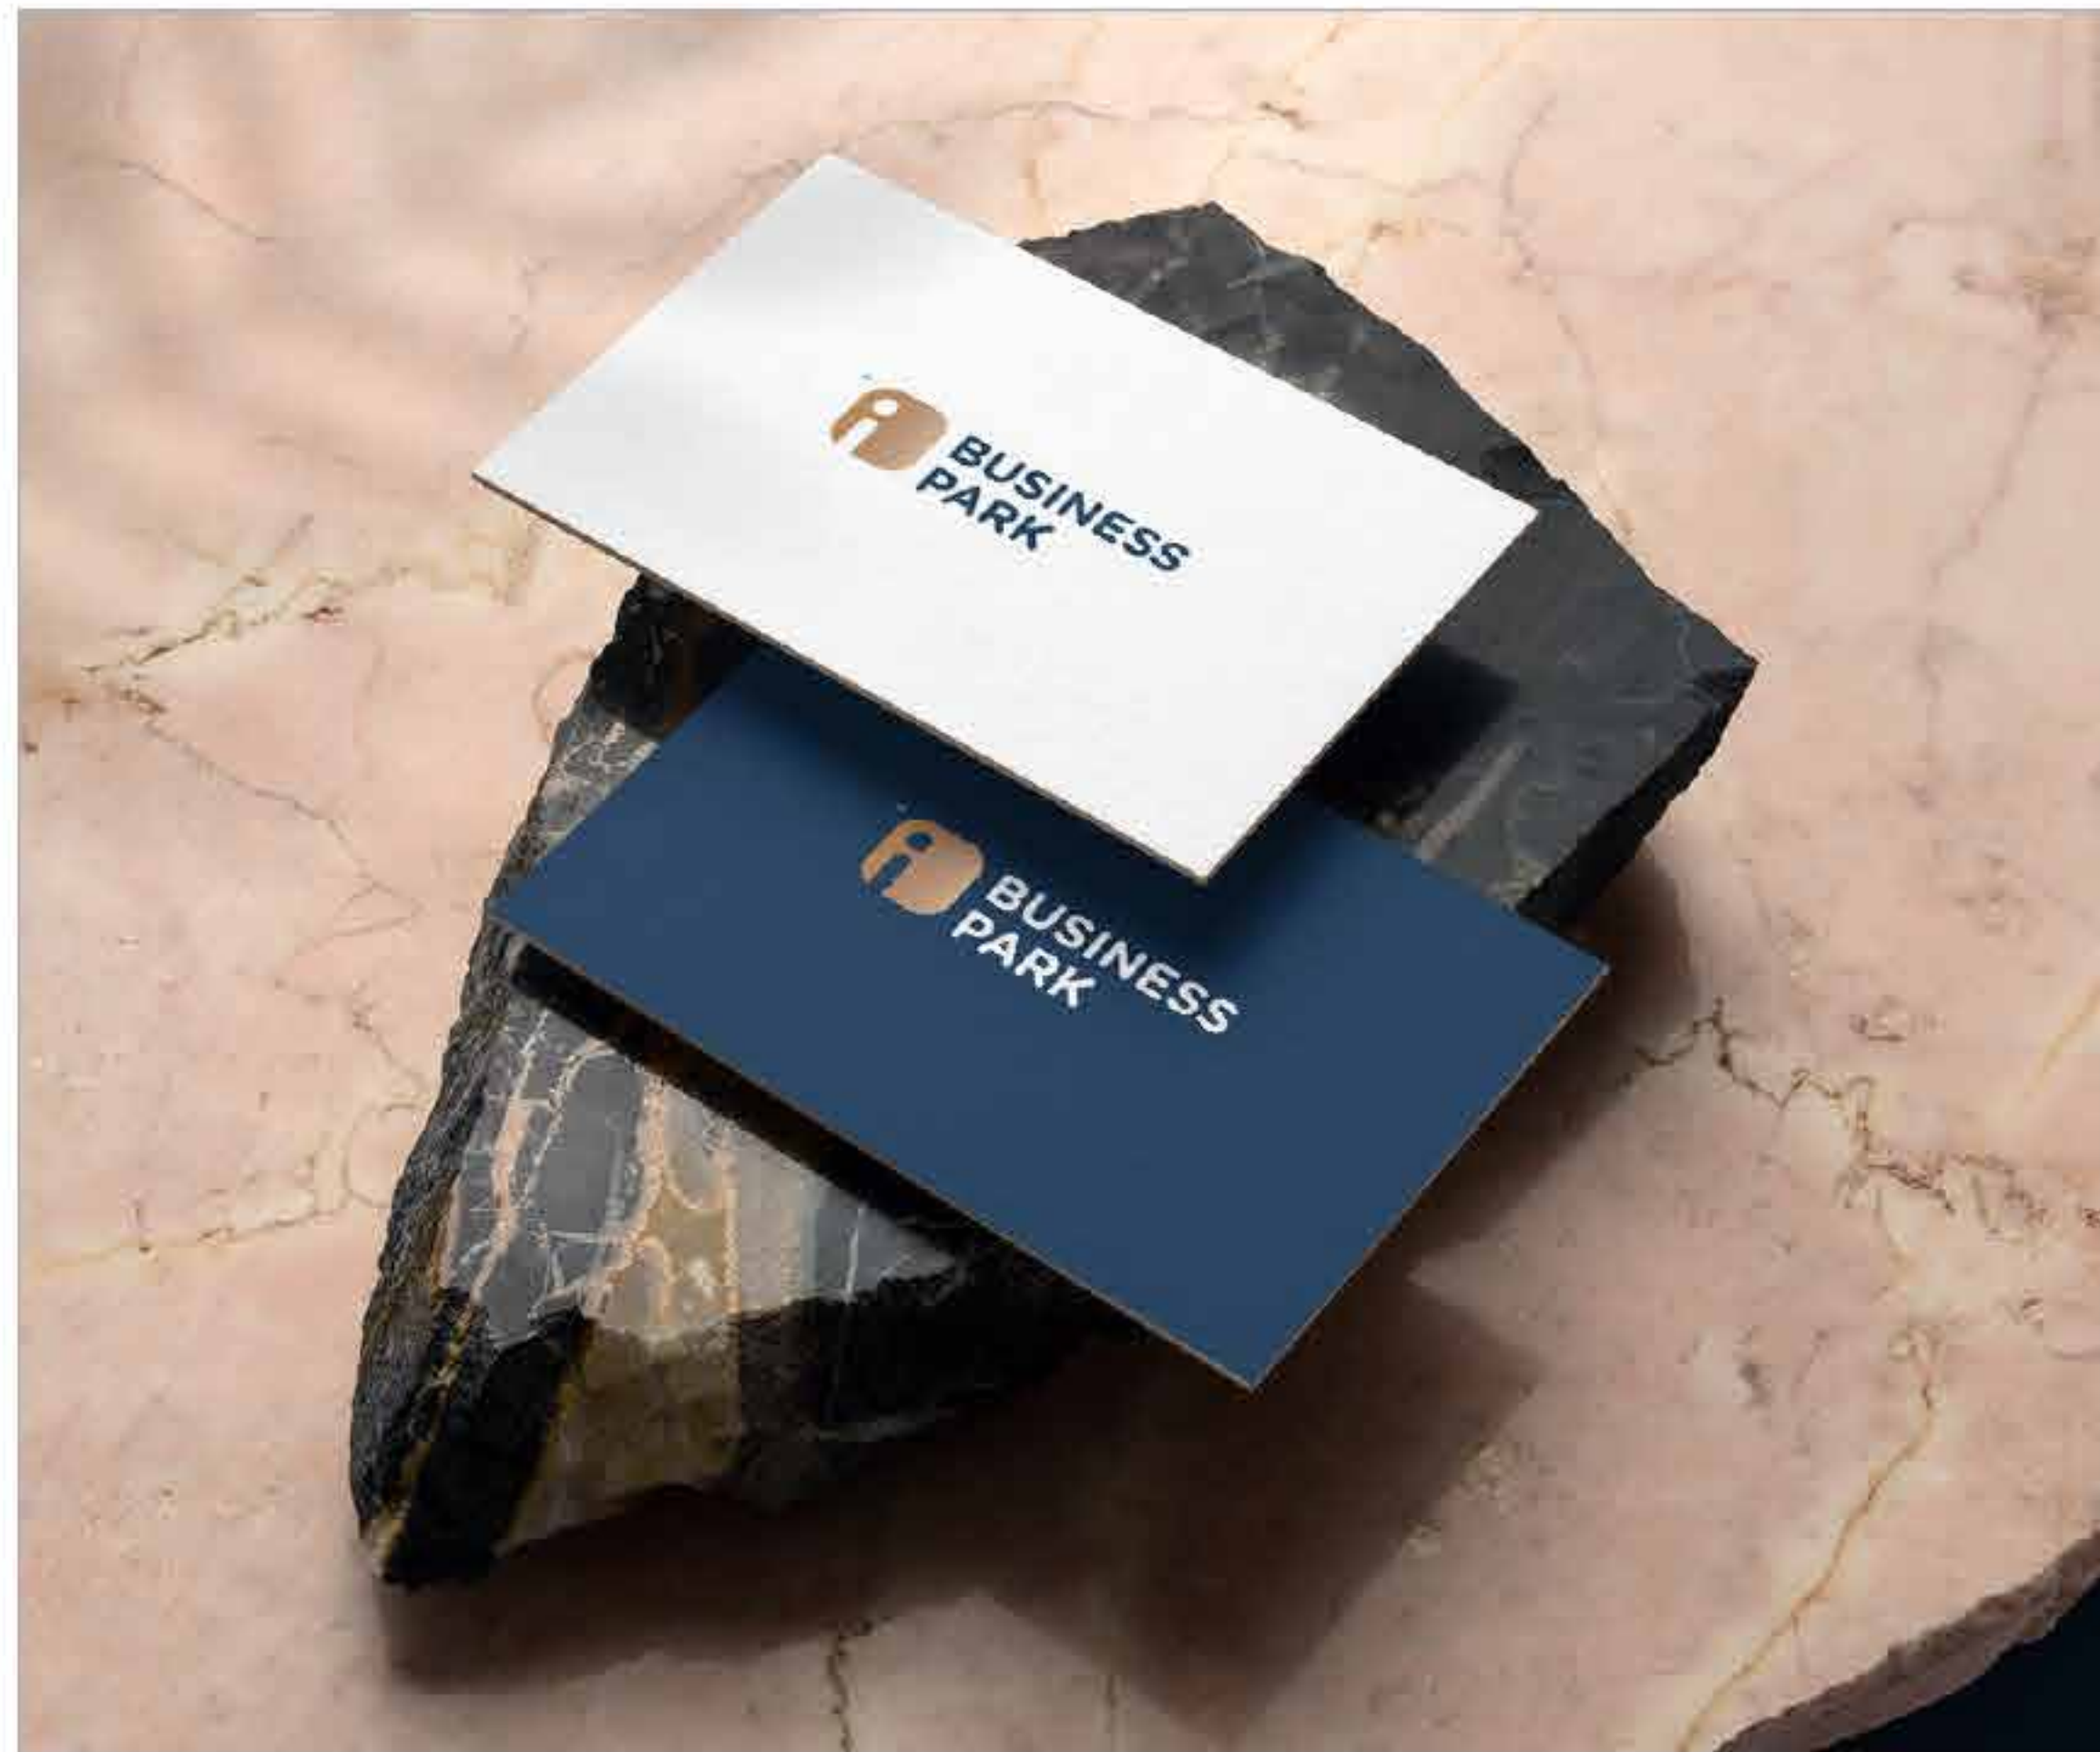

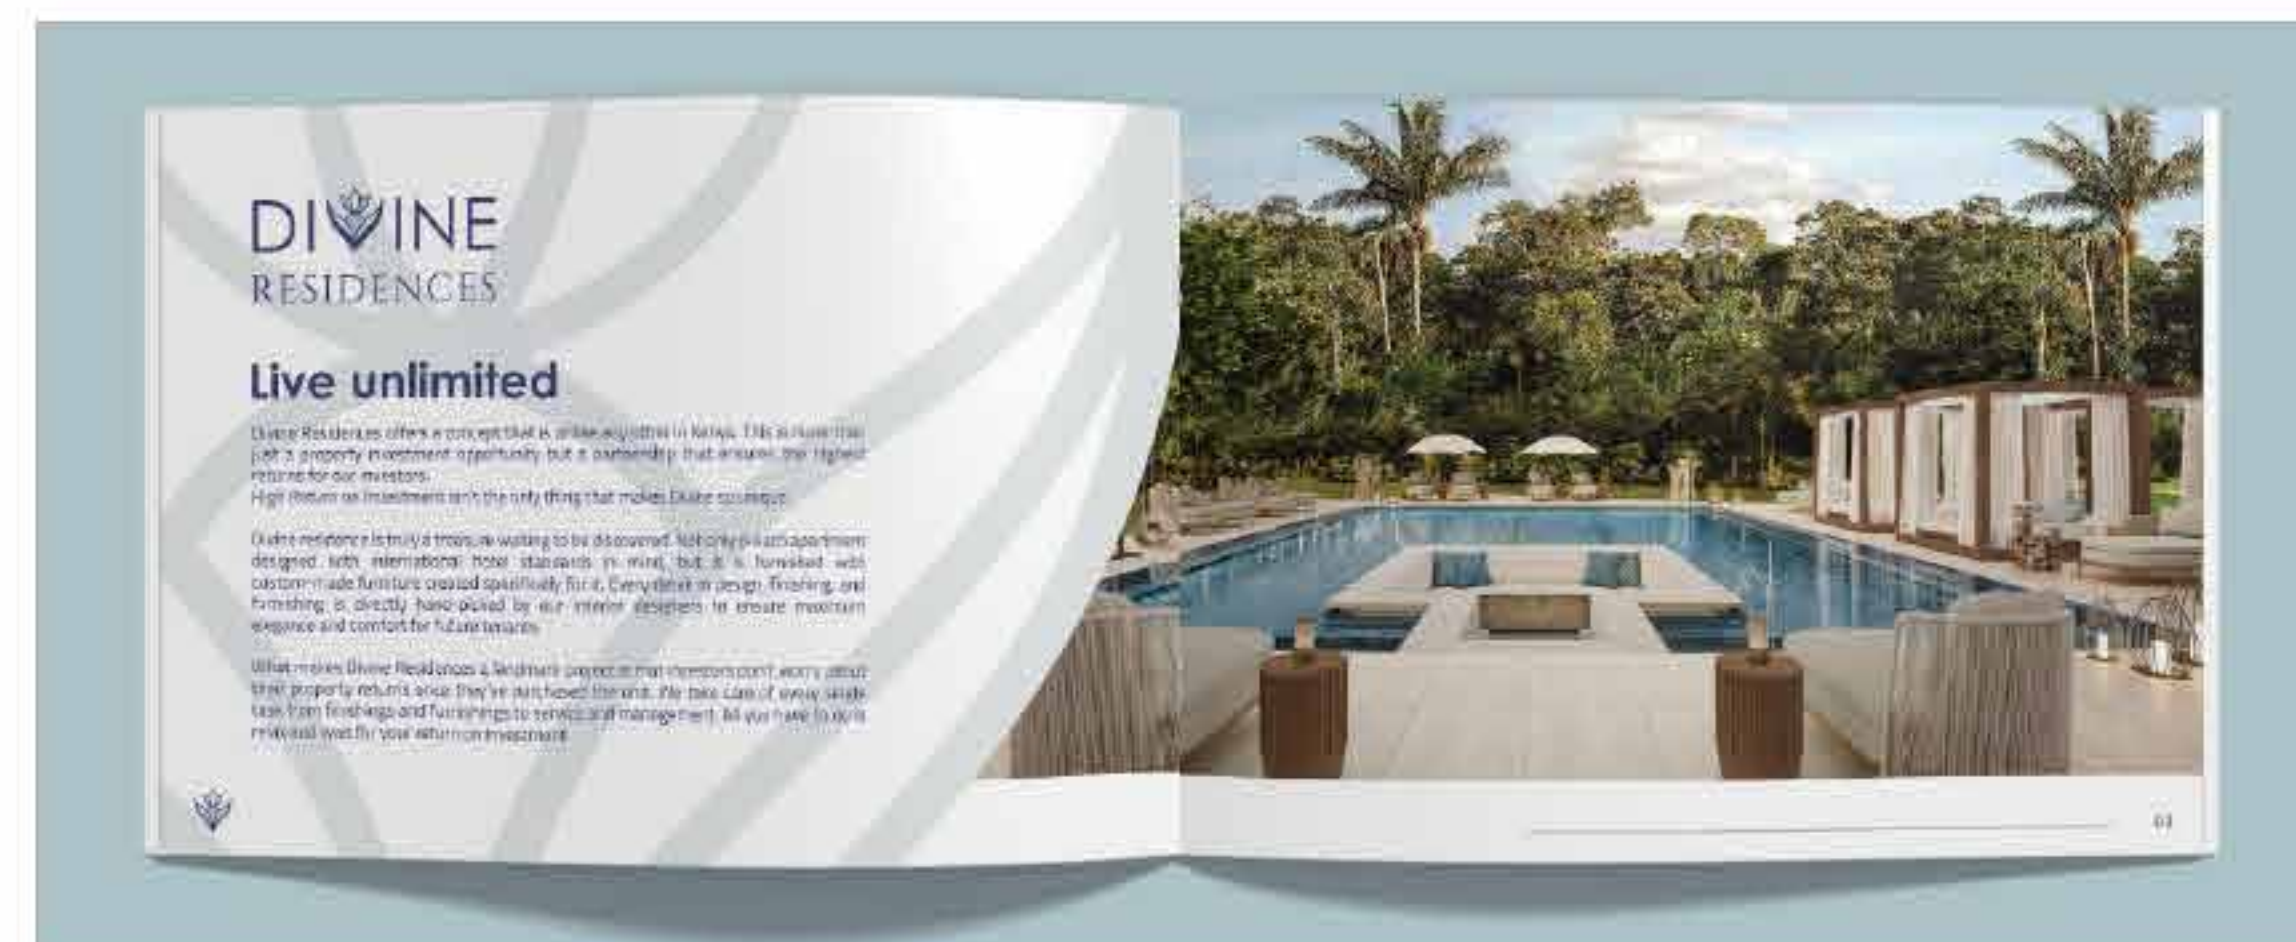

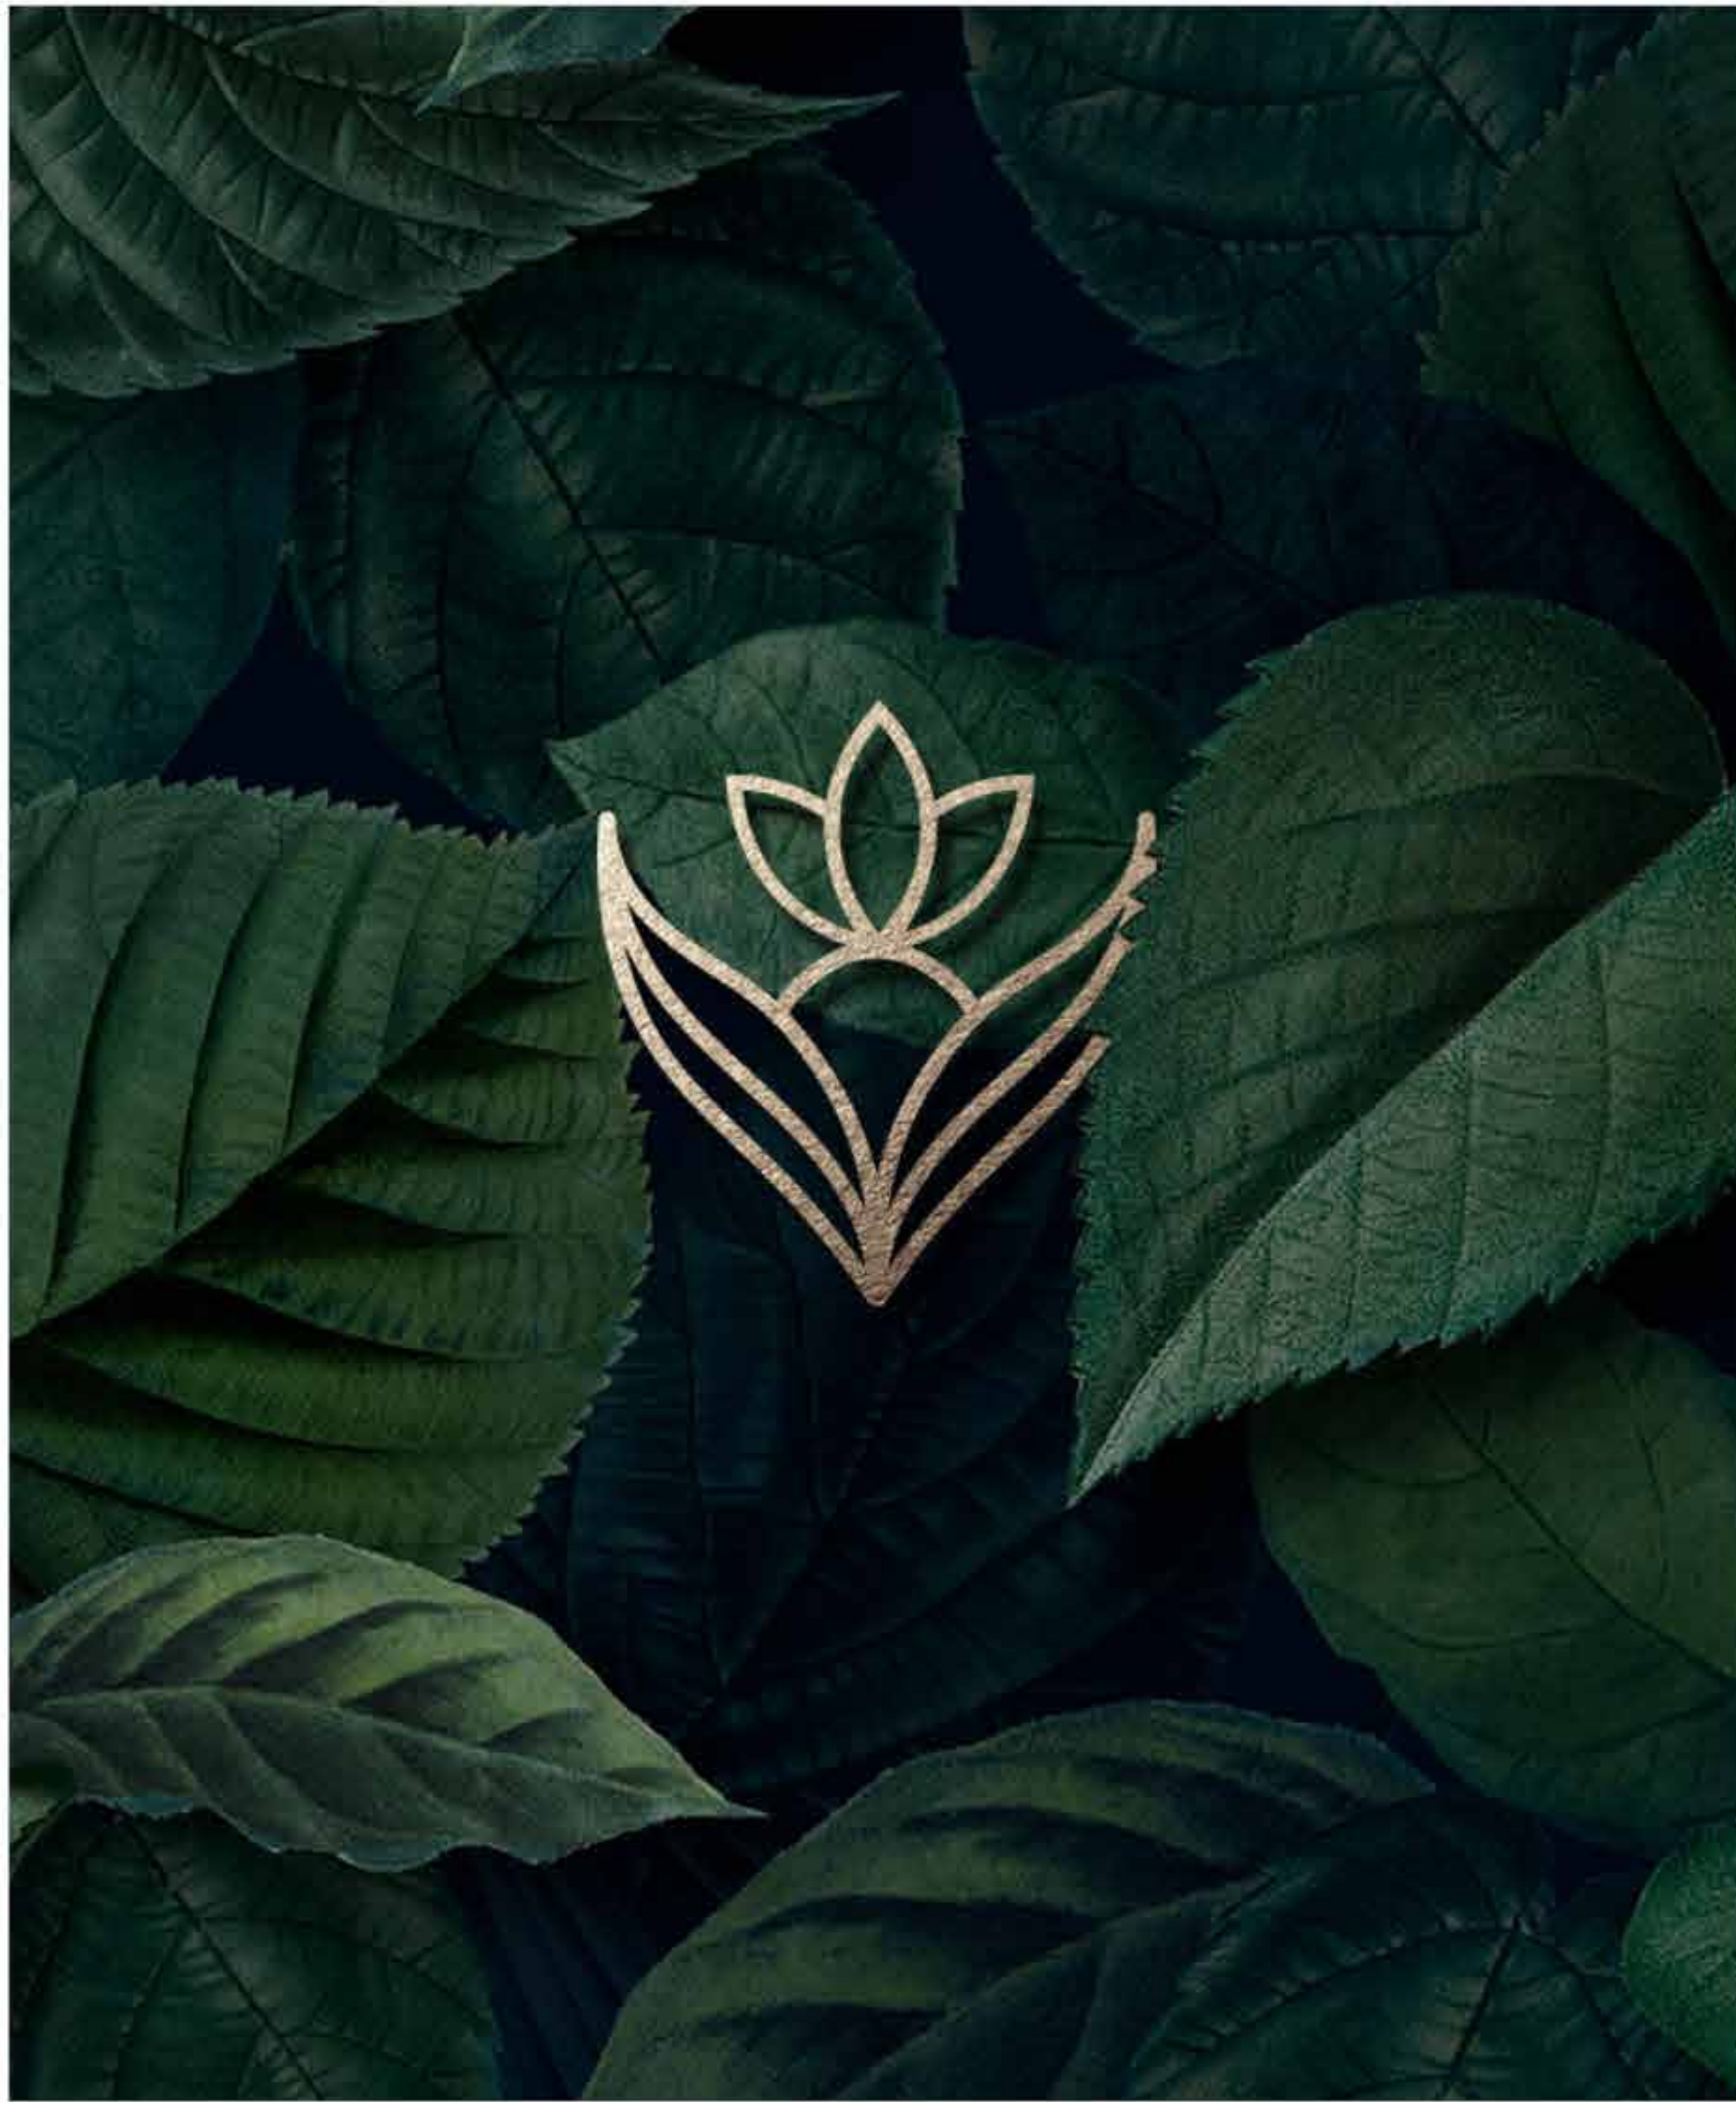

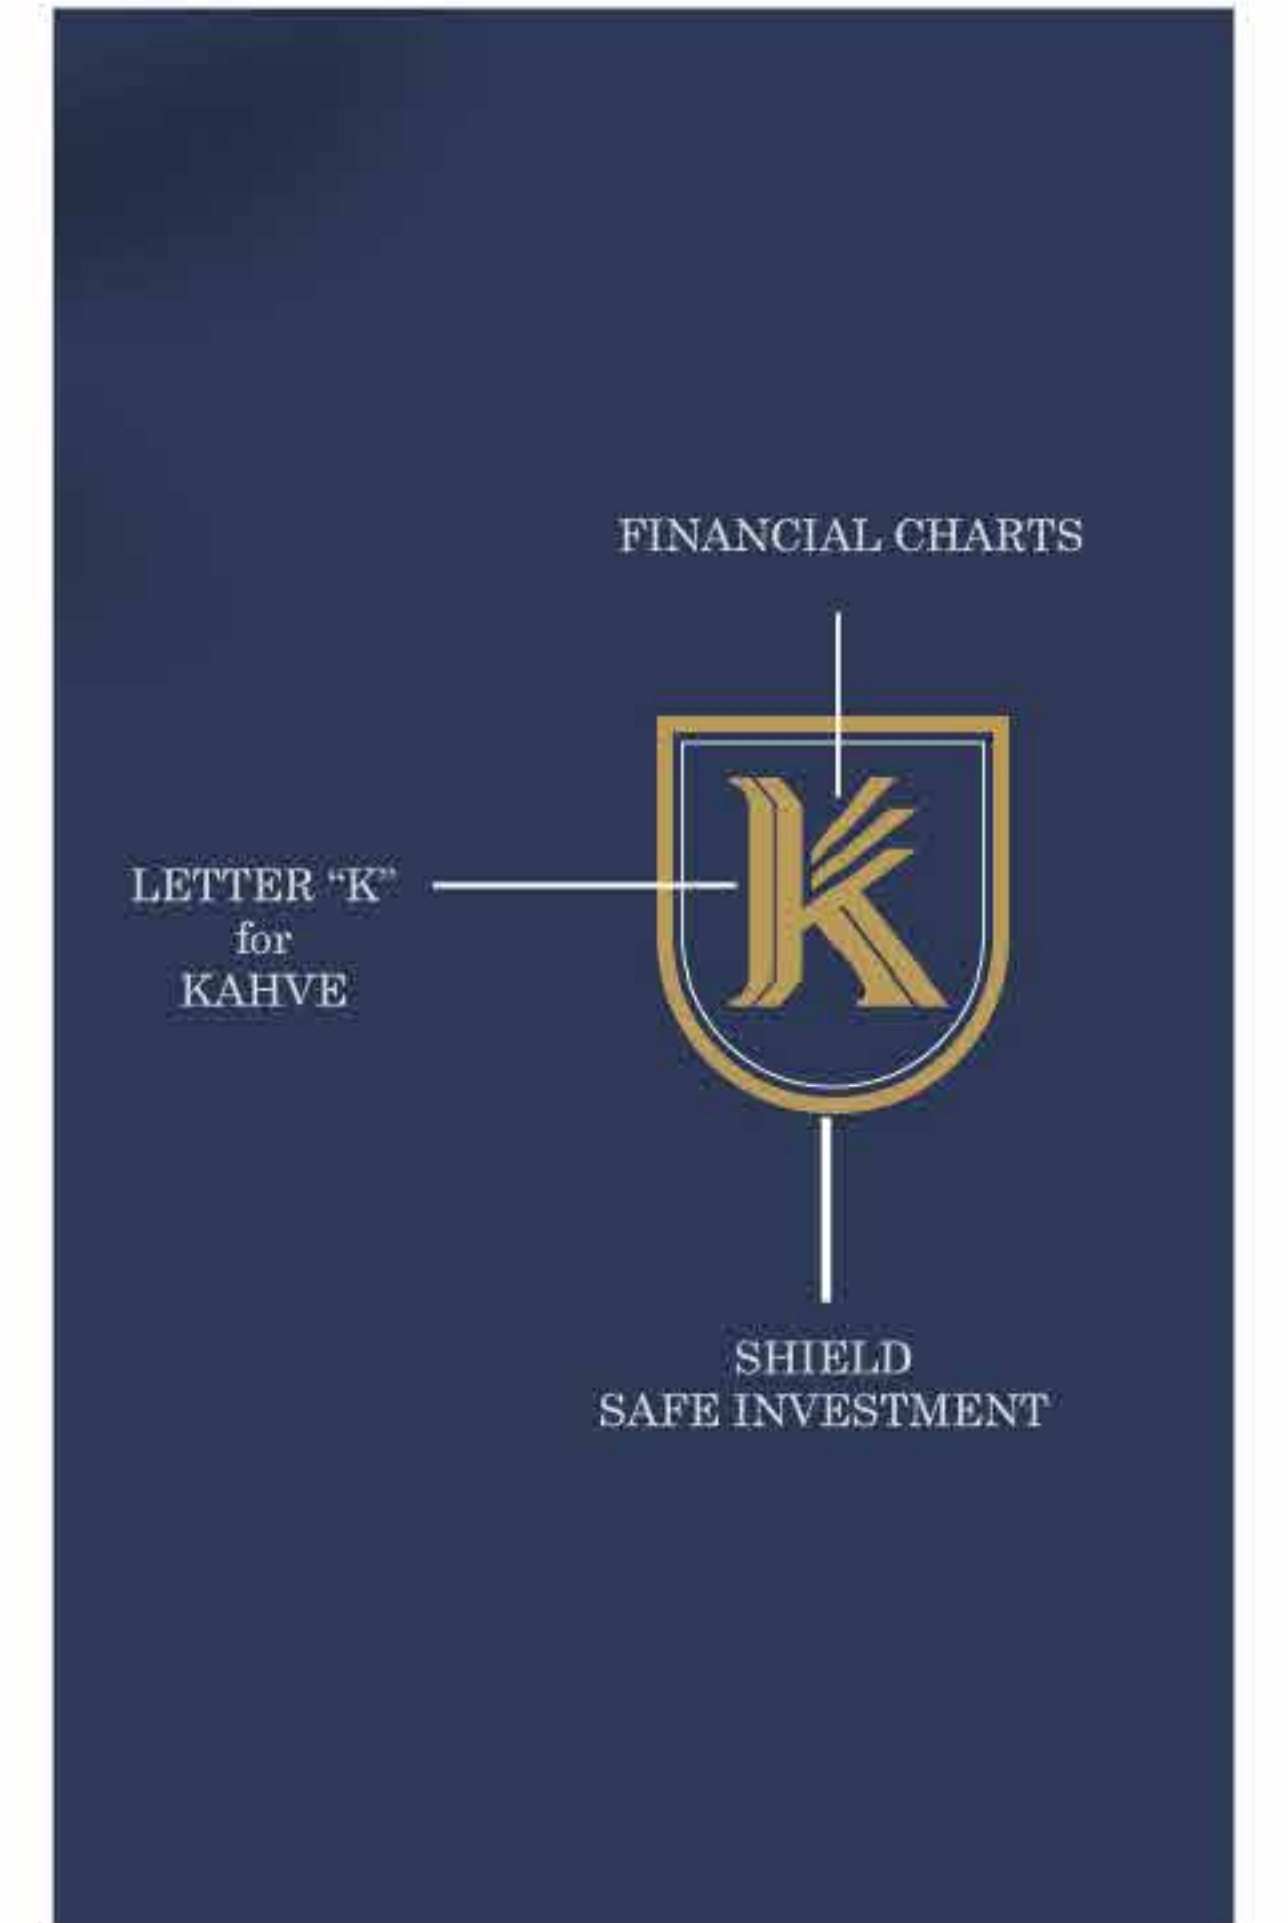

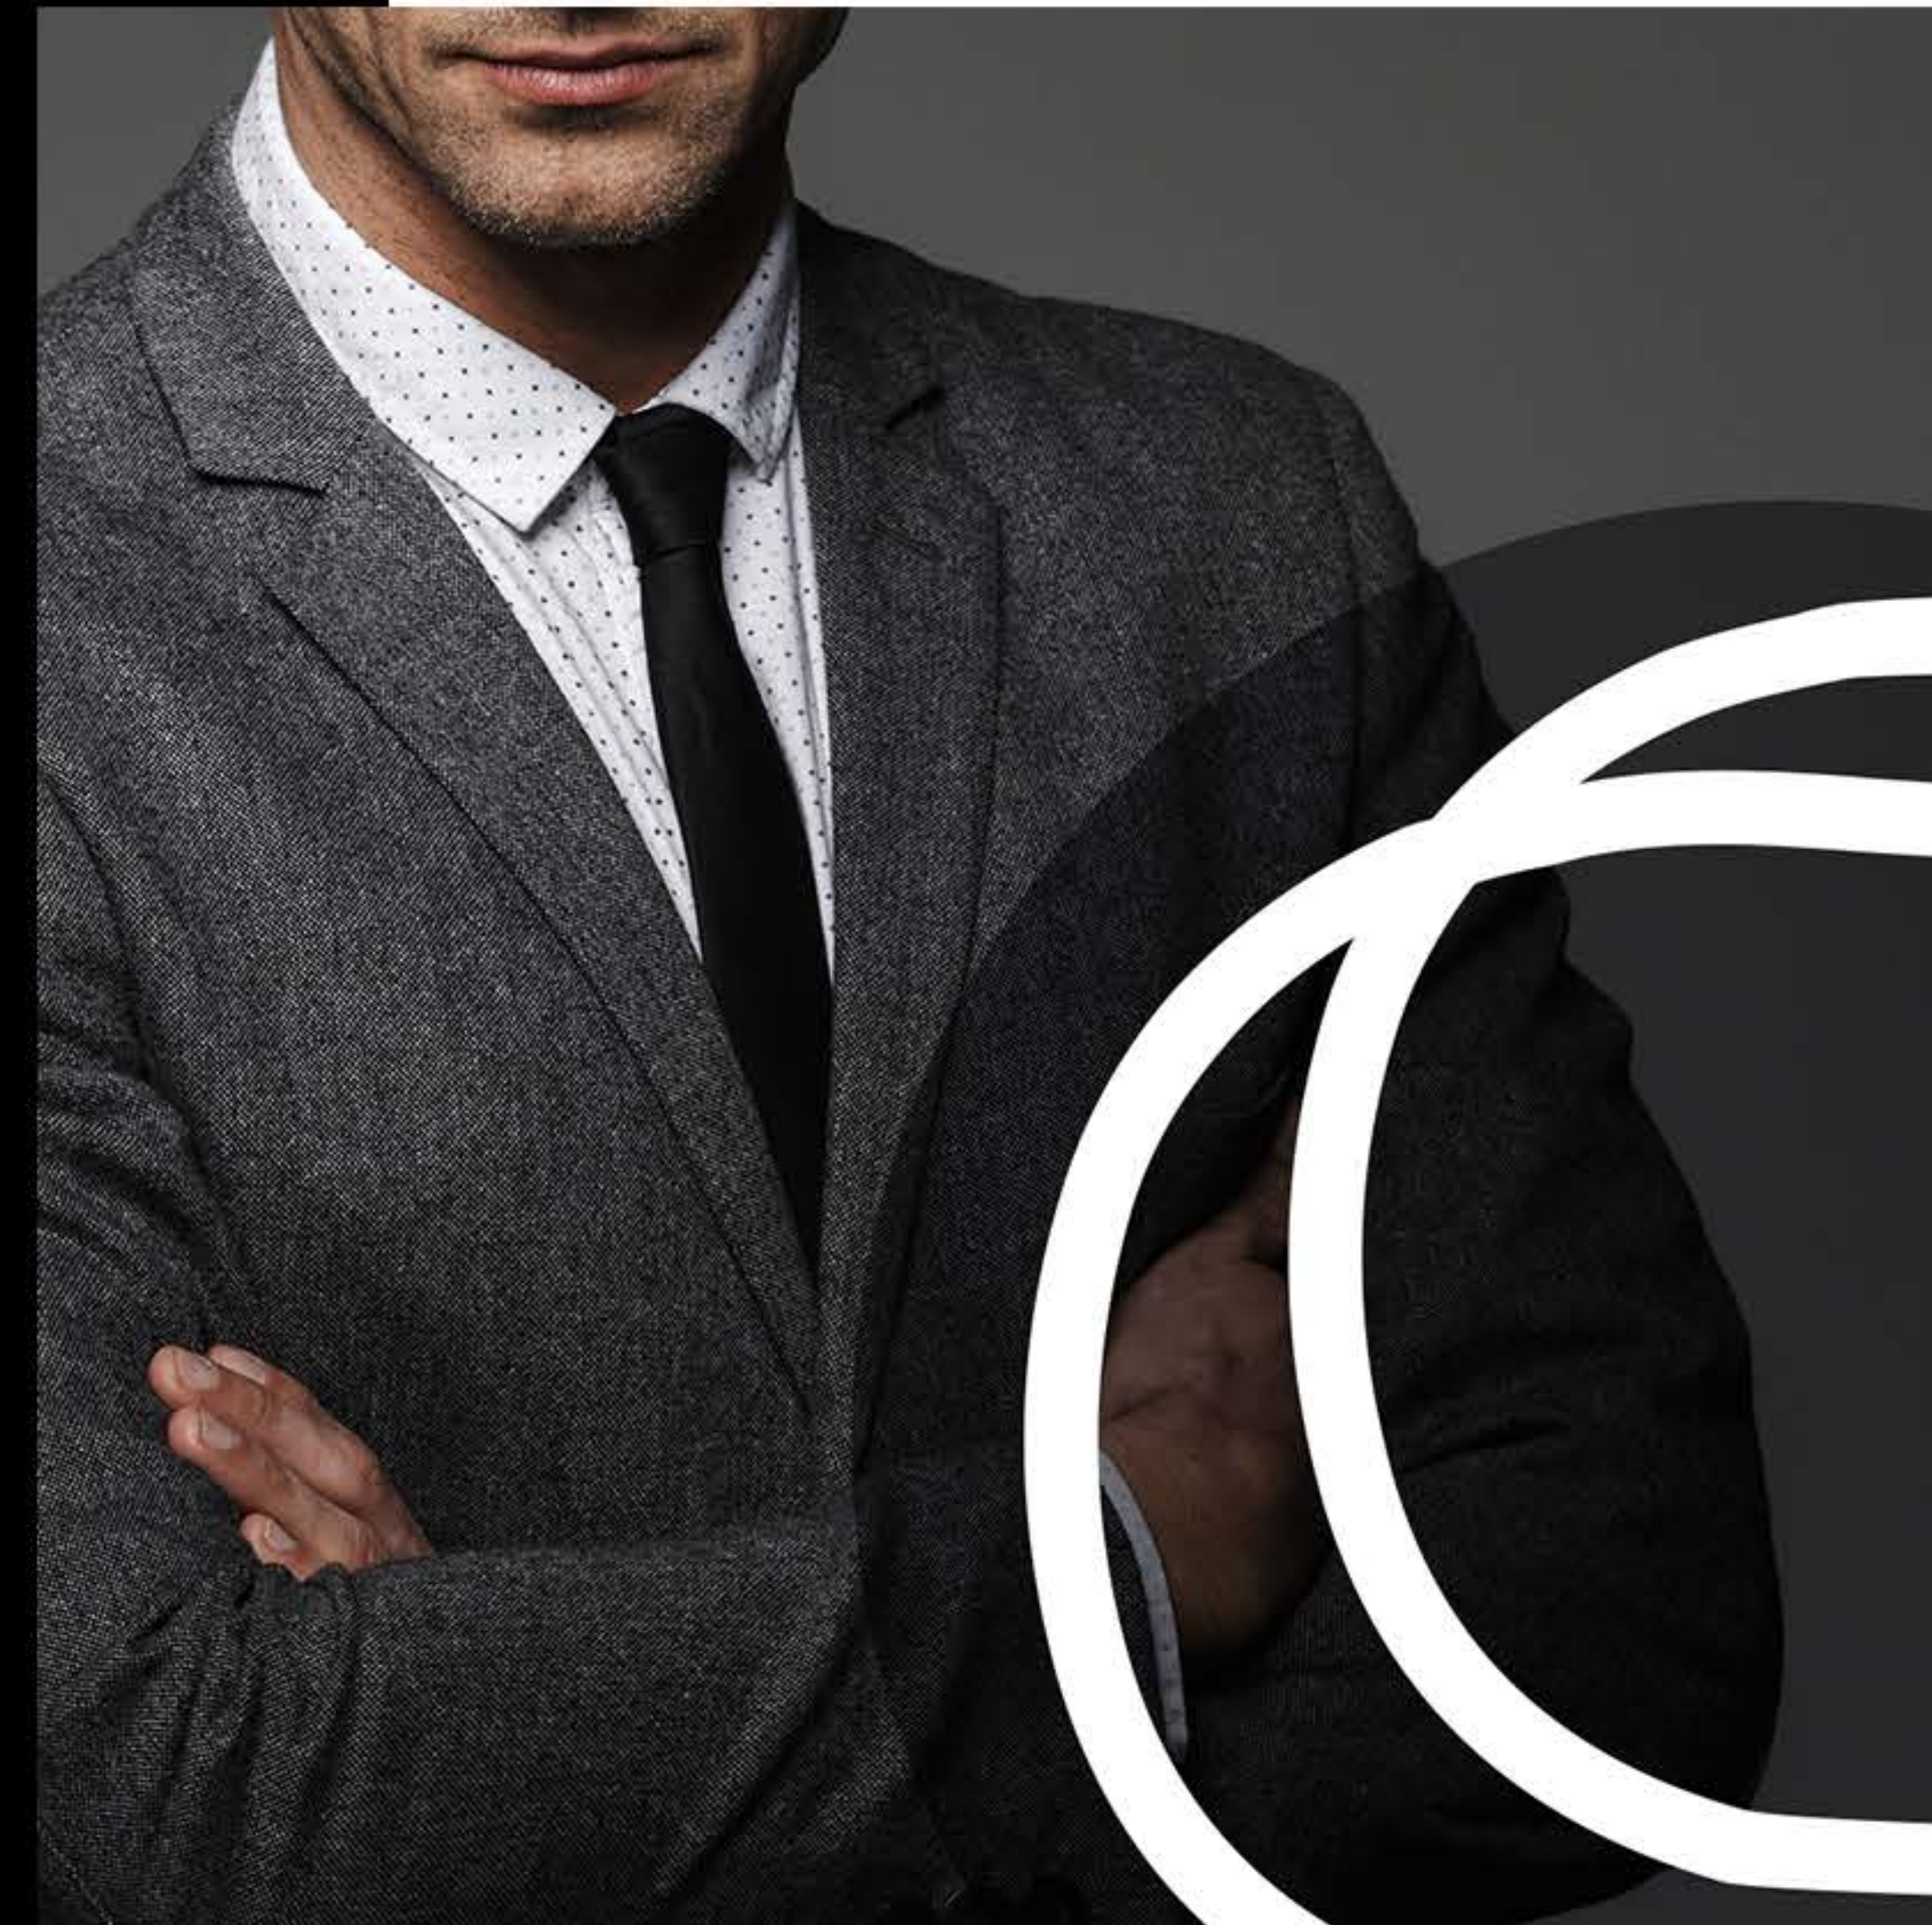

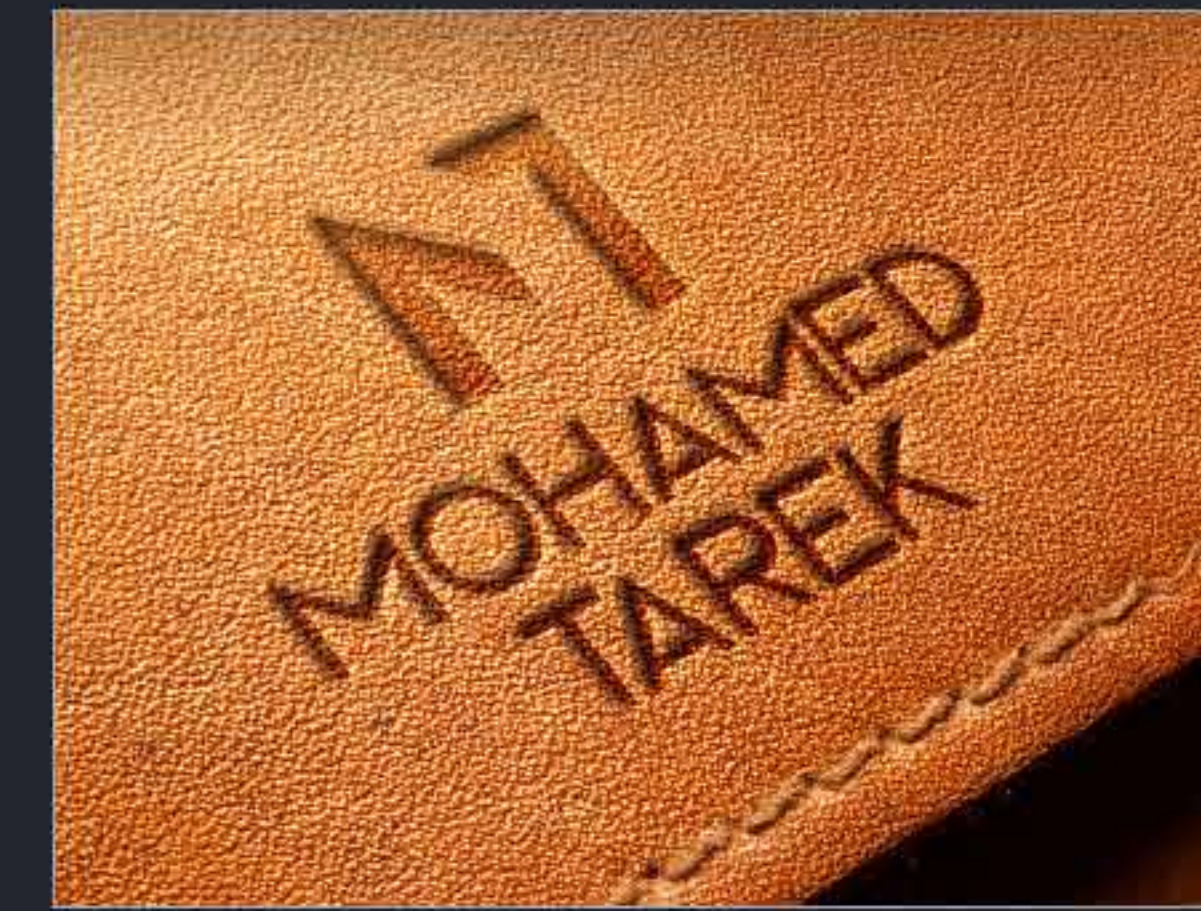

PERSONAL BRANDING

Do you want to position yourself as an expert in your field? Aspiring to be influential in your industry or climb up the corporate ladder? Let's help you create an awesome personal brand that will get you there.

MARKETING STRATEGY

logo design without a strategy isn't more than a pleasure for the eyes. We help you create a communication strategy in a perfect match with your branding to substantially grow your customer base and enhance your bottom line

WEB DEVELOPMENT

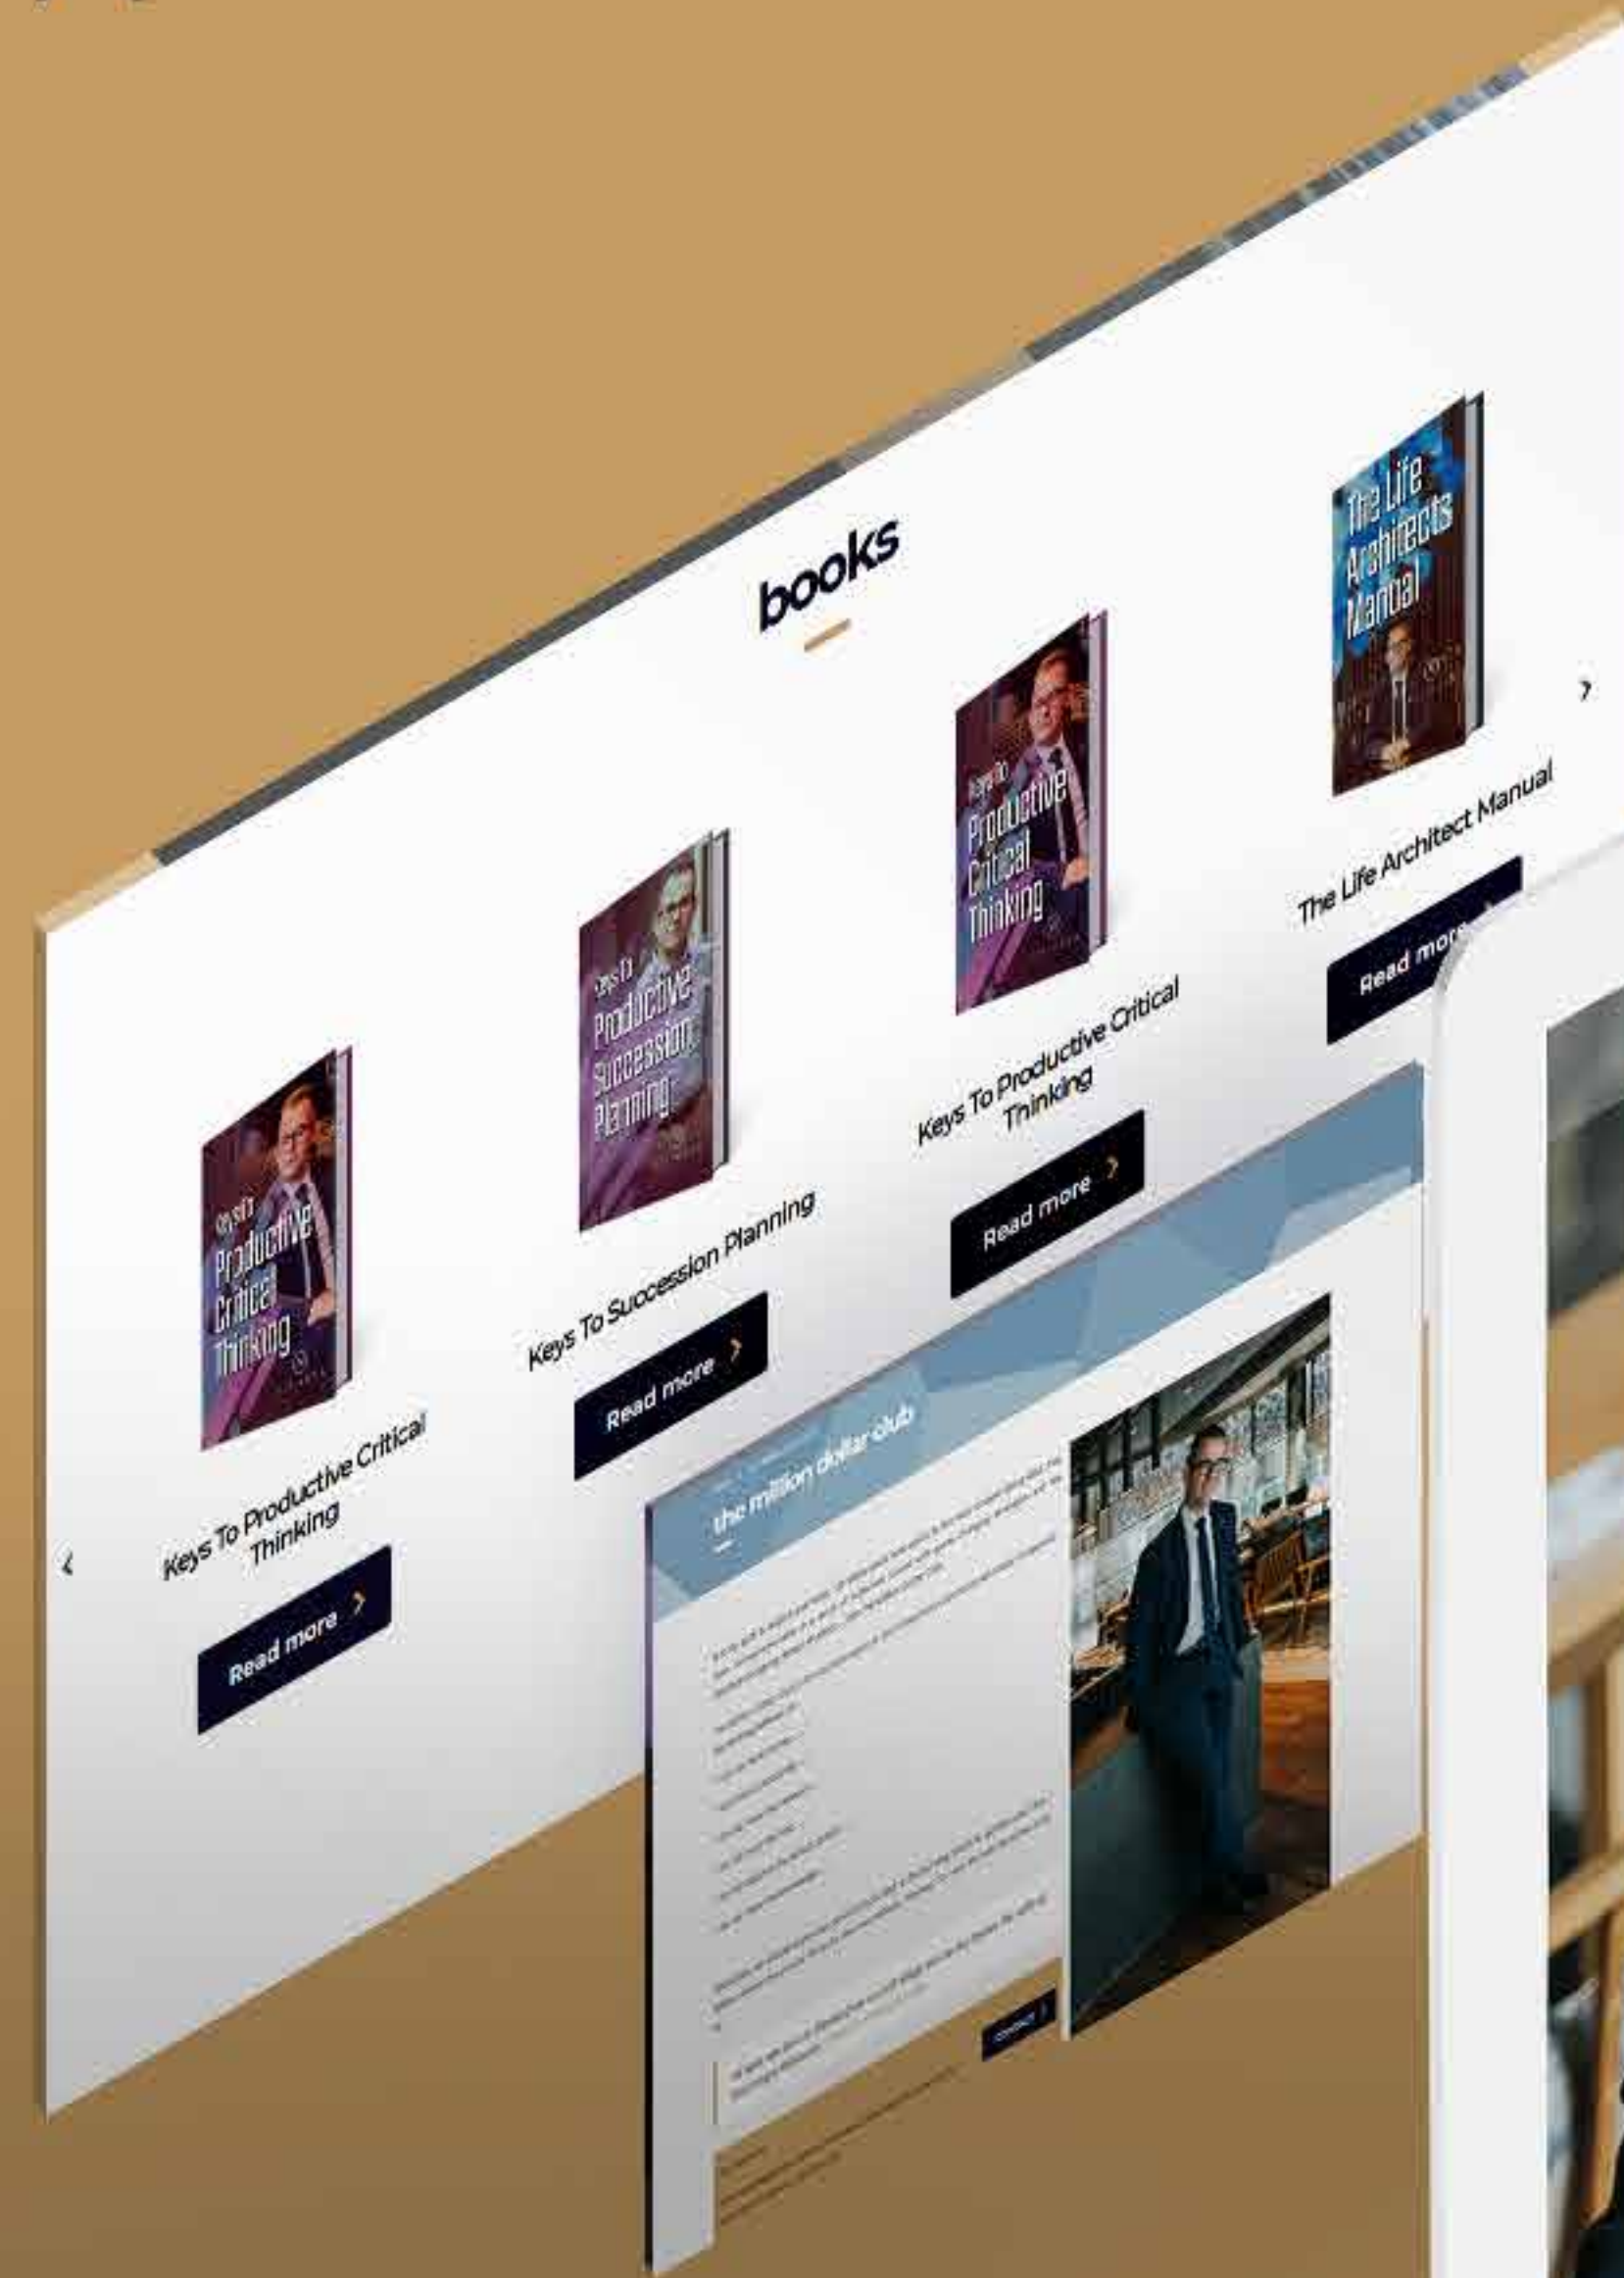

It's impossible to have a business in today's world without having a website. At Logo Talks, we help you build your website that goes in line with your visual identity and also Google and SEO friendly. Simple and sweet.
